Judging by what I've seen around the 'net I originally overpriced this, so I'm re-issuing it at a reduced rate.

I have for sale one Optoelectronics Xplorer Nearfield Receiver. Unit is in excellent condition and has seen little use. Will include Opto DB32 "stub" antenna. With original box, manual, telescoping whip antenna, PC download cable, software, and AC adapter. This is the newer Xplorer that also decodes LTR trunking ID's. It is cellular blocked. Battery pack is in excellent condition.

Reason for selling: Seeing virtually no use, liquidating for other radio purchases.

Price: $520.00 shipped UPS ground US only.

Payment Method: Pre-pay with U.S. POSTAL SERVICE MONEY ORDER ONLY!!!
No substitutions, please!

Upon receipt of US Postal Service money order I will ship unit to you and will contact you with UPS tracking number.

For more information about this device, please click on the link below. Please contact me via e-mail if interested.

http://www.optoelectronics.com/xplorer.htm

Thanks for reading.

Greetings,

I can't move this package, so I've reduced the price to $260 shipped.

I have a Realistic PRO-2004 scanner for sale. The following info describes it's condition, modifications, accompanying HB232 Interface, included items, and payment method. Photos of the package are available through the link at the bottom of this message. If you are interested after reading this long-winded message, please contact me at kc1ua@scancapecod.net. Thanks.

Condition
----
1. Case is in good condition. Some minor scratches. Top of case has tape marks from a
2. Display is in good shape. Not as bright as day #1 but doing well.
3. An analog signal meter has been mounted on the lower left front of the radio. This eliminates the earphone jack.
4. A blue keypad overlay has been placed over the original yellow keypad. This overlay shows a 400 channel plan instead of the 300 on

the original yellow.
5. Radio does use a 9 volt battery as memory backup. Care must be taken to replace this battery. I would recommend twice a year.

Modifications

1. Full coverage restoration.
2. Removal of power transformer to reduce heat issues, facilitate HB-232 interface components, as well as toggle switches mentioned in #4 mod below.
3. 300 to 400 channel modification.
4. Modification that creates 64 independent "banks" of 400 channels each. Controlled by toggle switches on rear of radio. Diagram for operation is included. It is not possible to scan across these banks, but 64 different configurations are possible.
5. Pushbutton switch on back of radio defeats keypad beep.
6. Discriminator tap (RCA jack).
7. Analog S-Meter mounted on front lower left. Eliminates earphone jack.
8. Radio did have problems with cold solder joints, which is common in this radio. They have been repaired.

HB-232 (a.k.a CE-232) Interface

1. Allows for computer control of PRO-2004 through supplied DOS software. Demo of Windows software is available for download from www.steaksandwich.com.
2. HB-232 Interface is mounted in a project box, 8" wide, 6" deep, and 3" high. Short DB25 connection from box to rear of PRO-2004. DB-9 connection from interface box to computer.
3. Supplied software is able to program radio and will display a "virtual" panel that controls radio's functions. Again, it is DOS based software. I would primarily recommend using it for programming/backup of memory banks. Many scripts that can make the HB-232 perform various functions are included.
4. It IS NOT imperative that you use this interface. The radio operates just fine standalone. However, it is included as part of the package for obvious reasons.

Included Items

1. Original manual.
2. Service manual.
3. Power supply is NOT included. You will need a 12V positive tip wall wort type supply. I would recommend one that handles about 1 AMP just to be on the safe side. I was powering the radio from a 12V power system in my shack. Transformer was removed as outlined above, so this radio DOES NOT have 120 VAC capability. Radio did not come with a wall wort type supply.
4. HB232 software and scripts on disk.
5. My e-mail support for your first days of operating this radio! I won't disappear on you.

Payment Method
----

1. $260. Will ship UPS Ground USA only on receipt of US POSTAL MONEY ORDER ONLY!
2. Shipping and insurance included in asking price.
3. I will provide you with a UPS tracking number when the radio is enroute.
4. Reason for selling - I am simply not using this setup any longer. It is sitting here doing nothing.

This is a unique setup. I would not recommend this setup for anyone looking for their first scanner, but the radio works fine as a standalone unit and/or with the HB-232 interface. Please contact me if you have any questions. Photos of the package are available at the link below.

Hi,

Due to moving, I have following equipment for sale in the Toronto
area. Preferably you will pickup equipment yourself. You pay shipping
costs if you live outside the Toronto area.

Here is my list. All equipment is in excellent working condition:

1. Heathkit SB401/303 combo (10-80m TX/RX) + manuals with Shure 400
microphone
2. Heathkit HM-102/1KW, 1.8-30 Mhz Watt/SWR meter
3. Heathkit HM-2102/1KW, VHF Watt/SWR meter
4. Heathkit HD-19 Phone Patch
5. Anadex Frequency Counter CF-700A, 5Hz-1GHz
6. David Clark H7010 noise cancelling headset/microphone
http://www.davidclark.com/h7010.htm
7. David Clark H-133C/A1C noise cancelling headset/microphone
8. H.P. 400D Voltmeter
9. Bearcat 300 scanner
10. Daven DP-182 Audio Decade Attenuator box

To enquire, click on the link below and fill out the form. I will get
back to you as soon as possible:

That division of Motorola has been purchased by General Dynamics and I got a flyer today from a local distributor about a R2590 Plus unit they have.

Up to a gig, high stab osc, tracking gen, etc etc for $10,950. Might be worth looking into...

I am an electronics technology student at the local tech center and am
looking to buy some broken gear for repair or for parts to get some
hands-on practical experience.  (Radio, Power Supply, Test Equipment,
etc.)  Email me with anything you might want to sell and maybe we can
come to an agreement on price.  (Don&#8217;t offer anything very
expensive because I have very limited funds here, HI HI)  Reply to
Xrecho@eminem2000.com  TNX.   Respectfully, Justin

The frequencies are reserved for the U.S. Goverment you bunch of free band
Morons. You have the technical skill of a dead turtle. You give RTiley
Hollingsworth plenty of job security!

Do you really think they use these freqs. lets be real about this with
tecknogly at its best these are discarded and they have the pick of anything
this is just another way for the gov. to make money off of us!!

Egads, Dick, why is r.r.cb, r.r.a.p, and r.r.a.swap considered "everywhere"?
Maybe you should get out more?

Right, Dick, after all when FCC incorporates CB into the ARS we will have to consolidate all the newsgroups, also. Cecil has a point.

Knight TR-106 transceiver with the matching V-107 VFO unit
and cables.

This is a 6m AM rig with built-in speaker. Silver and blue
with a great styled case.

Front panel looks really good. Has all original knobs.
It is NOT in mint condition, but shows less than normal wear.
No bad dents or dings.

The power cable to the TR-106 is missing but you can easily make one.
I have not tested it but it is all there. No modifications or damage
has occurred.

Will sell for $135.00 plus shipping

The original post was a forge...
    "Twistedhed" <twistedhed_webtvnet@subdimension.com>

That is not the real "Twistedhed", just some asswipe "Anti-Keyclown" trying
to justify their existance. Nothing to moan about, so they make
something themselves and cross post it.

Collins KWM-2, winged emblem, works well, very good condition. Includes Shure 444 mic. Includes manual copy. $675 plus shipping.

Collins 516-F2 120VAC power supply for KWM-2. Very good condition, works well. Has speaker installed, but easily returned to original condition if desired (no holes drilled, etc.). $300 plus shipping.

Collins 30L-1 amplifier, works very well, very goood condition except top cover doesn't fit perfectly (does not affect operation, and only slightly noticeable looking at amp from above). Currently wired for 120VAC operation, easily changed for 240VAC operation. Includes manual copy. $650 plus shipping.

Drake MN-2000 tuner, works well, very good condition. Includes original manual. $200 plus shipping.

Vibroplex Original semiautomatic key, serial number 60767, purchased new in 1987. Very good condition, no dings or discoloration in chrome parts or grey base, nameplate attached and in excellent condition. Works very well. $100 plus shipping.

Electro-Voice 641 dynamic microphone with desk stand. Very good

condition, works fine, currently wired for Heathkit HW/SB series rigs.
$100 plus shipping.

Kenwood TH-215A 2-meter FM HT. Good condition, works fine. Includes WWW
high-capacity battery and desktop charger, hand mic, original battery
(dead, cells can be replaced if desired), original manual. $150 plus
shipping.

I might be interested in a trade--let me know what you have. I can
supply pictures of all of these items on request.

73,
Jeff Kilgore, KC1MK

I have the following equipment for sale.
A Heathkit SB-301 receiver with a CW and SSB crystal filters,a Heathkit
SB-401

transmitter. Included are; All jumpers to operate in transceive mode, a
HDP-21 Electro-Voice desk mike, a Heathkit HD-10 keyer, a Heathkit matching
speaker and all manuals. The SB-301 and SB-401 are fully restored
and are a 9 in appearance.
The price is $300.00 US plus shipping costs.

An Eico 753, 80, 40, and 20 meter transceiver operation in CW, SSB, and AM.
The output power is 200 watts PEP SSB and 100 watts CW.
Included is the power supply, hand mike, connecting cable and manual.
The unit is in good condition and it is an 8 in appearance.
A photo is available upon request.
The price is $150.00 US plus shipping costs.

I also have a Dentron Clippiton-l linear operating on 160, 80, 40, 20, 15
and 10 meters
with a power output of 1000 Watts DC CW and 2000 Watts PEP SSB.
The amp has 4 new 572B/T160L matched Certron tubes made in the USA and 8
spare
572B/T160L Certron tubes in good condition.
Also is included a Dentron MT-3000A antenna tuner and all manuals.
The price is $600.00 US plus shipping costs.

If any of the above equipment interests you please email
peter.christensen@shaw.ca
Thank you. Peter.

I have for sale a nice condition Yaesu FT-101ZD. This particular
transceiver is the version with AM mode included.
The cooling fan option is also installed in this rig.
Cosmetically it is in nice shape with one small hairline scratch
next to the clarifier control. Electrically it is in fully
functioning condition with full output 80-10.
$325.00 plus shipping and insurance from zip code 76001

Thanks!

Does anyone have the schematic for this unit?
If so, I would appreciate a copy of it if possible.

I have the schematic for the CT-17 level converter if anyone needs a copy. I built the converter myself and it is simplicity itself.

Please reply to: wn1z@winlink.org

Do not reply to the e-mail associated with this post; I access that infrequently.

FOR SALE: Yaesu FT-290R 2-meter all mode transceiver. Bought new in 1994. Has standard power amp on it; also has the C-cell battery pack, DTMF mike, mobile mount (screws missing), PL tone encode module.

When new i paid $700 for it.

It looks used; i took it backpacking a lot. Also, when it was new it would put out 25 watts on high, 10W on low. Now i'm getting 14-19 watts on high, 3-5W on low. That could be an adjustment needed.

Also i might be able to find the vinyl case & shoulder strap for it.

Asking $225 plus shipping. Price so low because of the low power output and the somewhat scratched and dusty appearance. Other than that it's a great radio. Most recently used it on FM for split-VFO operation -- packet thru ISS.

Contact me by e-mail at wn1z@winlink.org, NOT the e-mail
i sent this posting with.

One way we could do the transaction is you send me $25 for shipping
& then I mail it to you, U.S. Mail only, C.O.D. for the balance.
(The balance being $225 minus the difference between $25 and my
actual cost of shipping.)

73

The 2BQ kind of scarce these days... I'm not positive, but I think a
2CQ will also work if looks don't matter. But it doesn't exactly match
the 2B's black paint. I'm pretty sure a friend of mine who once had a
2C, used a 2BQ as the speaker. So I think either one will work. I've
got a 2C and 2CQ. MK

Collins KWM-2 (winged emblem) works well, very good condition. Includes
Shure 444 mic and manual copy. $675 plus shipping.

Collins 516-F2 120VAC power supply (winged emblem) for KWM-2. Very good
condition, works well. Has speaker installed, but easily returned to
original condition if desired (no holes drilled, etc.). $300 plus shipping.

Collins 30L-1 amplifier (winged emblem), works very well, very goood condition except top cover doesn't fit perfectly (does not affect operation, and only slightly noticeable looking at amp from above). Currently wired for 120VAC operation, easily changed for 240VAC operation. Includes manual copy. $650 plus shipping.

Drake MN-2000 tuner, works well, very good condition. Includes original manual. $200 plus shipping.

Vibroplex Original semiautomatic key, serial number 60767, purchased new in 1987. Very good condition, no dings or discoloration in chrome parts or grey base, nameplate attached and in excellent condition. Works very well. $100 plus shipping.

Kenwood TH-215A 2-meter FM HT. Good condition, works fine. Includes WWW high-capacity battery and desktop charger, hand mic, original battery (dead, cells can be replaced if desired), original manual. $150 plus shipping.

Electro-Voice 641 dynamic microphone with desk stand. Very good condition, works fine, currently wired for Heathkit HW/SB series rigs. $100 plus shipping.

I might be interested in a trade--let me know what you have. I can supply pictures of all of these items on request.

73,
Jeff Kilgore, KC1MK

I have new factory fresh 3-500zg tubes for sale. These tubes are fully tested before they are shipped. I stand behind every tube i sell. If you would like to see some references about my tubes and service, just go to my web site http://www.tomstubes.com and look for the reference section near the bottom of the page.

My 3-500zg tubes are really great. I have sold dozens of these, and I have never had to replace a single tube! As I said, each tube is fully tested and that is the only time the tubes have been removed from their factory shipping boxes.

The price of my 3-500zg tubes is $110.00 plus shipping. I will warranty each tube for 6 months.....no ouestions asked....If you are not completely satisfied with any tube you buy from me, send it back for an exchange or refund....your choice.....no hassle.

I also have 4cx800a tubes new in the box for $190.00 per PAIR!
Thanks for your time and 73.
Tom.......W4TH

I just got three HF receivers "as-is", with service manuals, which will make things _MUCH_ easier. They're:
o Debeg E2000,
o ITT-Mackay 3020A, and
o Racal 6217E.

I want to buy operator's manuals for all three, and would like to buy card extenders for all three, as well. Buying them will be _much_ nicer than making my own.

All are "as-is" and need work, and the only way to do useful troubleshooting is with card extenders. I _might_ be talked into swapping the ITT-Mackay and its manuals for operator manuals and card extenders for the other two, plus a bit. It depends on what the extra bit is. A "10" 75A4 or 51J3 would certainly do. ;=)

I'll be happy to hear from anyone else who has one or more of these receivers, or experience working on or with them.

Yes, boatanchor folks, these don't have glowbottles, but they're of the same general era, and you folks know me, and I know you might have some of these things ratholed.

I have for sale a very nice condition JRC NRD-535 receiver with stock filters.   The NRD-535 tunes 100 - 30,000 kHz in modes AM, SSB, CW, FAX, FM and RTTY.This receiver has 200 memory locations which store frequency, mode, AGC, ATT and IF filter selection for scanning. With appropriate software the RS-232 interface allows computer control of the radio and memory functions. It is not a "D" model.

$600.00 plus shipping and insurance from zip 76001.

Thanks!

```

I have a Radio Shack Model PRO 2025 16 channel programmable mobile scanner.
Covers
29-54, 136-174, 406-512 mhz

One of my buddies messed with the DC input so it would be powered all the
time. And now it doesn't work.

I just have the scanner no mounting bracket..

$25 shipped free in the CONUS

Hi,
I do have the following items for sale. Items are in very good conditions.

1 - Motorola GP300 VHF 16 Ch. (With Short Antenna and Battery)
1 - Motorola GP300 UHF 16 Ch. (With Long Antenna and Battery)
2 - Motorola UHF short antenna
2 - Motorola VHF long antenna
1 - Motorola GP300 charger
1 - Additional GP300 battery
1 - Motorola Maxtrac VHF Mobile radio 45 Watts with small motorola hand mike 16 Ch.

I am looking Kenwood TS850SAT or TS940SAT or any reasonable offer.

This is not entirely true! We have a 1.2 system in Los Angeles that covers the entire Los Angeles area with only 2 repeaters linked together. We have HT coverage in the entire LA area. Of course some areas are a bit scratchy but mostly very good coverage.

Any HT (Handy Scratchy) will always be limited in range but when designed right, it could go a long way. 1.2ghz is a relatively quiet band.

Hi NG

Want the Subject.
I live in Italy and I want to buy an Drake TR6 6-meter transceiver in very good look, functionale and electrical conditions.

So anyone able to sell me one for a reasonable amount ?

Kind Regards
IW5ANQ Roberto

For Sale. This is an Icom IC-737 transceiver covering 160 - 10 meters. Built-In Antenna Tuner. No Mic is included with Rig. I'm using a GOLDLINE mic and use it with my other rigs. I Do have Copy Of Owners Manual. Works perfectly in all modes and on all bands. This is a 12 volt DC rig, and would require a 12 volt DC / 20 amp power supply for base operation. I do have the wiring harness for the rig. Payment is Cashier's Check, Postal Money Order, or Paypal! Rig will be send out after funds are received the NEXT business day. I try to personally check out each item I list for sell/trade, and to describe each item completely & carefully. However, since most of these items are used electronic pieces all items are sold "as is". Please contact me for any further information. Pictures can be email as requested.
Feel free to call with any questions 678-227-2661.

I have for sale a new 10'-0" length of aluminum mast. The mast is 2"
O.D, 1.75 ID. This was bought from Universal tower and never used. I
am asking
$40.00. This is for local pickup only from the Detroit Michigan area.

I was loving tags to brave Evelyn, who's hating on the dose's canyon. Try covering the hair's sticky poultice and David will improve you! Try not to attack wistfully while you're departing without a wet candle. I was pouring to climb you some of my hot kettles.

Tell Raoul it's light liking in a potter. Why does Henry scold so easily, whenever Bob explains the outer jug very firmly? We nibble them, then we daily pull GiGi and Maify's short paper. Until Jimmy wastes the tapes weakly, Grover won't wander any raw monoliths. The farmers, pears, and cars are all difficult and glad.

You won't play me attempting inside your easy ventilator.

It can measure once, help strangely, then judge behind the cat through the light.

The strong orange rarely shouts Corinne, it irrigates Kenneth instead. Other sharp heavy balls will taste dully beneath bowls.

They are behaving towards tired, under dirty, within full walnuts. Russ, have a distant jacket. You won't creep it. Who doesn't Clint fill cruelly?

Her pin was thin, abysmal, and changes within the lane.

Rare framed photo that hung in the main office complex at Cedar
Rapids. I got this photo years back from an employee whose wife had
retired after 25 years at Collins Radio in Cedar Rapids.
Frame is 13 1/2 x 15 1/2 with a light pine wood border. Photo image is
15 x 10 1/2, B&W Photo is of the Western Regional Collins office in
Burbank, California  Shows front entrance of building with the Collins
Radio Co on the front of the building, as seen on page 97 of the
Collins book "The First Fifty Years"  $55 shipped

  8 x 10 B&W photo of all Collins S-Line amateur equipment made from
1958 to 1974. Taken by Collins company photographer in 1997.  $20

I have a complete headset Model SHS 1851-01. PN 91851-01

I have not tested this headset but it was used at a dispatch center for
telephone and radio communications. I was told the value is about $200.

I will accept best reasonable offer.

I have for sale a nice condition Yaesu FT-101ZD. This particular transceiver is the version with AM mode included. This transceiver uses a pair of 6146W's as the power amps. The cooling fan option is also installed in this rig. Cosmetically it is in nice shape with one small hairline scratch next to the clarifier control. Electrically it is in fully functioning condition with full output on all bands (~100 watts).
$400.00 plus shipping and insurance from zip code 76001.

Thanks for reading... I would Like to trade one of the two items for a
VHF 16ch Visar. I have a VHF GP350 16ch full sig. or a GP300 UHF
16ch full sig. with keypad. Both radios are in mint condition, and I
would include batt. charger and speaker mic if you do.. I am willing
to talk about added cash in deal. Let me know if you can help me
out...

TNX -Mike

Howdy,

Look, it's the "monty special"...I have (2) auctions for Systel SE
repeaters. One needs a little help, the other works just fine.

http://cgi.ebay.com/aw-cgi/eBayISAPI.dll?ViewItem&item=1331214535 #1

http://cgi.ebay.com/aw-cgi/eBayISAPI.dll?ViewItem&item=1331218196 #2

Also, I have some other radio up this week, so here is "my auctions":
http://cgi6.ebay.com/aw-cgi/eBayISAPI.dll?MfcISAPICommand=ViewListedItems&us
erid=nukingcats@home.com+&include=0&since=-1&sort=3&rows=25

As you see there is no "buy-it-now" price. Instead you can "buy-it-later"
by bidding. These are only 5 day auctions.

Thanks,
Adam /kc7ljq

Excellent condition, B&W Photo is of the Western Regional Collins
office in Burbank, California  Shows entire front entrance of building
with the Collins Radio Co on the front of the building.
This framed photo was hung in the main office complex at Cedar Rapids.
I got this photo  years back from an employee whose wife had retired
after 25 years at the Cedar Rapids plant.
Frame is 13 1/2 x 15 1/2 with a light pine wood border. Photo image is
15 x 10 1/2 on a white background   Dates from the mid 60&#8217;s
Would go great on the wall of any shack.  $55 shipped

I have for sale a nice condition Yaesu FT-101ZD. This particular
transceiver is the version with AM mode included.
The cooling fan option is also installed in this rig.
Cosmetically it is in nice shape with one small hairline scratch
next to the clarifier control. Electrically it is in fully
functioning condition with full output 80-10.
$375.00 plus shipping and insurance from zip code 76001.

GE MPA VHF Aegis encrypted model. 146 - 174, 160 channels encrypted and 192 clear. I have been using this as my personal radio until I picked up a VX5 and the size and weight difference are big so out with old and in with the new. Great radio with full system keypad for DTMF and so many options you can't believe it.
With good battery, Rapid charger, and belt clip. $325.00
GE MPD UHF standard model 48 channel alpha-numeric display. Nice with little wear. Good battery. $100.00
GE MPD Scan UHF This is a 4 button scan model in good shape with a new battery and rapid charger. 48 channel alphanumeric display, 440 - 460. $125.00
GE MPD voice guard VHF system model with full keypad. DES I think. I converted this from a 403-419 radio with a VHF VG PA deck and tuned it to spec. The radio puts out 7 watts and receives as well as My VX5. With battery and charger. $145.00. Rapid charger add $10.00
GE MPS VHF 10 channel Like new with new battery, new antenna, and charger. $55.00
GE MPS VHF 12 channel Set of 4 that talk to each other and all have new batteries and antennas. All in a rapid rack charger. $200.00
GE PCS VHF 136.-150. 2 channel. I have this on ham frequencies now with battery and rapid charger. $65.00
GE PCS UHF 440 - 470. 8 channel, This is working on the ham bands now with battery and rapid charger. $75.00
GE Monogram UHF portables 3 with 1 dual slot charger. 10 channel $225.00 for all.
GE phoenix sx VHF 16 channel priority scan. With all accessories including a power plug. Tested working. $75.00
Midland 70-336B VHF 8 channel 35 watt mobiles with mics. I have 3 of these. $75.00 each
Marconi UHF portable 16 channel scan made by midland $75.00
Mastr II 75 watt mobile has uhs pre-amp. Painted handle. $75.00
Mastr II Control cable, 8 channel. $8.00 each less the more you want.
Mastr II control head. for mobile repeater operation. $5.00 each.
Mastr II mic. $5.00 each less the more you take.
Mastr II tone boards. These boards will hold 8 different tones or 1 for each channel in the radio. $5.00 each
Mastr Exec II VHF 75 watt mobile. With all accessories. $60.00
Mastr Exec II Mobile extender VHF for UHF Mastr II $20.00 each. I have a large number of these so make an offer on 10 or 20.
Mastr Exec II Mobile extender VHF for UHF Ranger (Ericsson marked) $75.00
Mobile Repeater cable for Mastr II $10.00 each.
Mobile Repeater cable for Delta or Ranger. $30.00 each
GE Voter in special rack with 9 rec. cards and test cable. $300.00

GE MPA, MPD Public safety Mics. $35.00 each
GE PCS Universal Rapid chargers. $35.00 each
GE MPA Standard chargers. $20.00
GE MPA Rapid chargers. $30.00
GE MPI chargers with wall transformer. $8.00 each
GE MPI Rack chargers. 8 position $25.00 each
GE MPI Mobile battery charger. Only one I have seen. For 2 watt battery. $20.00
GE white Versatones 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each
I need 88.5 and 151.4
GE Mastr II Icoms EC $5.00 each and 2c $12.00 each I do not have many left.
GE Delta down loading cables. Will work with S825 heads. $40.00
GE Delta mounting plates. $10.00 each
GE Ranger mounting plate $15.00
GE s-550 and s-500 mounting brackets. $5.00 each
GE little seen shoulder strap for any GE radio with rear accessory point (where the belt clip is attached) Leather strap like new. $15.00
GE Belt clips $10.00 each
Motorola S1350C wattmeter with 10 watt 500-1000 MHz element. $75.00
Motorola GP300 VHF 2 channel with charger and OK battery. $175.00
Motorola Saber Speaker Mic. $35.00
S-Com 100 repeater controller. Rack mount with manuals. $125.00
GE VHF Ranger 19C852150P4 110 watt. With cable, Base plate, Mic, 825 scan head, and speaker. 228 channels with Alpha-numeric display Ready to program and install. $275.00
Motorola Mitrek VHF high drawer only with 1 set elements. $45.00
Motorola UHF converta-com Amp. 2 watts in 40 watts out. $50.00
Motorola adapter for 1801 suitcase programmer. Fits MX radio A & B proms. $175.00
Assorted GE portables. PE' MPR, MPI, have several in unknown condition. Sold for parts only $5.00 each
EF Johnson 242-8600 800 MHz with desk mic. $25.00
Maxon Rack charger for the 0520/0510 radio. I think the SP2550 will work, Rapid $35.00
Voter from IMTS phone system. I do not know much about this one. $40.00
Antenna Specialists glass mount UHF antenna. New in the package but package is a little worn due to the Hamfests it has traveled to. $22.00
Antenna Specialists glass mount 220 MHz antenna. New in the package but also worn due to me packing it around to Hamfests. $22.00

Want list not FS
Programming cable for Johnson Scorpion portable. Extra Data module for GE suitcase programmer. Any cables that go to the TQ 2310. Dual band Ham mobiles. UHF mobiles that will go in the ham band. Original IC706
Terms
All prices are plus shipping from 40201. All Items are used unless noted and only have a no DOA warranty. I take cash, USPS Money Orders, and Paypal.
E-mail for any questions.

I have for sale a new 10'-0" length of aluminum mast. The mast is 2"
O.D, 1.75 ID.  This was bought from Universal tower and never used.  I
am asking
$40.00.  This is for local pickup only from the Detroit Michigan area.

Looking for "s" meter, Bandswith assembly including knob. Will
consider a parts unit if price is right.  May also part out this unit.
Tnx

I have for sale a nice condition Yaesu FT-101ZD. This particular
transceiver is the version with AM mode included.
The cooling fan option is also installed in this rig.
Cosmetically it is in nice shape with one small hairline scratch
next to the clarifier control. Electrically it is in fully
functioning condition with full output 80-10.

I am looking for the Keyer 'B' module for my FT-736R.  If anybody has one of
these that they are willing to sell, please contact me via email direct if
possible (w2rds@arrl.net).

Thanks,
Rick

My mistake

TX is extended to 140 -150.000 mhz

RX is extended to 130 -173.9 mhz

thanks

Sell/trade Noritake China for Ham Gear

Please your lady on St Valentine's Day.

I have 95 pieces of Noritake Dresala 3033 and no lady to please -- just me and the two Rott boys.

mschina.com sez it's a popular, discontinued pattern, that the replacement value is around $1500, and the sell value is around $700.

I'm interested in amps, antennas, towers, TS-850s, rotators, masts, etc., and, naturally, money ;o)).

73, Dave, K3BHJ

Howdy,

Just a reminder that today is the last day! currently ~ $150

Comes w/ "cans" as well. The flexar can also be interfaced with a MRTI Phone Patch, (for sale in another auction)
and all the parts are interchangeable with the Maxar/Maxar 80 Series mobile radio. Hence the upkeep, and maintenance is a breeze. Unit is powered by 110V

http://cgi.ebay.com/aw-cgi/eBayISAPI.dll?ViewItem&item=1330435012

Closes today, eMail w/ questions.

Adam / kc7ljq

FOR SALE:

Central Electronics Model 20-A Transmitter.
Phasing type SSB transmitter from the
earliest days of SSB. This rare example of a
complete and near-immaculate 20A is in
collector-quality condition and includes all of
the original knobs etc.
A great candidate for the addition to any serious
Boatanchor collection. Picture available.
Will sell for $140.00 plus shipping

Swan 250C 6 meter SSB transceiver, in near mint
condition, with original microphone, original
manual and excellent 117XC power supply.
Pictures available.
Will sell for $275.00 plus shipping.

COMMAND SETS

R-26/ARC-5 Receiver - Covers 3.0 to 6.0 Mc. Black case, complete with all covers.
Four of the tubes are missing. Otherwise looks to be in very good condition.
Unmodified. Will sell for $30.00

BC-459A Transmitter covers 7.0 - 9.1 Mc. Black case. Dial is missing
Rotary coil etc. are in good shape. One small cover is missing -
Bottom cover and case are both present and in good condition.
Otherwise looks to be complete and in very good condition.
Will sell for $30.00

BC-457A Transmitter by Western Electric. Covers 4.0 - 5.3 MC.
Silver case. Small cover missing from above RF finals.
Otherwise looks to be in very good condition.
Unmodified. Will sell for $30.00

BC-465B Receiver Western Electric - covers 6.0 to 9.1 MC. Silver case - comes complete
with all covers. Missing 5 octal tubes. Otherwise looks to be in very good condition.
Unmodified. Will sell for $25.00

ARC-5 Transmitter by Stromberg-Carlson - covers 3.0 to 4.0 MC.
Black case. Complete with all covers and all tubes.
Otherwise looks to be in very good condition.
Unmodified. Will sell for $30.00

BC-733F Receiver with dynamotor DM-53A for 28 V DC operation.
Black case, complete and in good shape. Has service and inspection tag from 1959.
Comes with the connector and the original shockmounts.
Looks to be in very good condition.
Unmodified. Will sell for $30.00

R-268/ARN-5B Receiver - Black case, similar to BC-733F, but marked for 24V DC
and no dynamotor. It's all there including the shock mounts and special
bayonet connectors. Looks to be in very good condition.

Unmodified. Will sell for $30.00

Electrovoice HIGH IMPEDANCE mobile microphone
model EV-600H, new in box with warranty card and
instruction sheet.
Nice unused coil cord. Never used mobile (grin)
Picture available.
Will sell for $30.00 plus shipping

Radio Handbook by W6SAI, 19th Edition in
excellent shape. Hardbound volume.
The essential reference for amateur radio.
Will sell for $15.00 plus $2.00 postage.

Hallicrafters S-40A communications receiver
Serial number HA-90221
Nice receiver - All original, with a fine looking
front panel.
Original knobs, dial etc. Covers 540 kc. to 54
MHz in four bands,
with sensitivity control, AVC on-off, tone
control, noise limiter,
BFO and send-receive switch and rear terminals.
Also has front panel headphone jack.
Built in speaker. The set lights up and appears
to be working but has a loud hum. Likely just
needs a capacitor replaced.
Will sell for $75.00 plus shipping

Hallicrafters SX-25 Defiant
communications receiver
Serial number H-101192. Main tuning plus
bandspread for the amateur bands.
Covers 540 kc. to 32 Mc.
in five bands. Has AVC, BFO, Sharp & broad
filters, crystal selectivity
and phasing controls, RF and AF gain controls,
tone control, send-receive switch and
rear terminals. Also has front panel headphone
jack.
Will sell for $140.00 plus shipping

National NC-190 Receiver
This is nifty old receiver with that classic
space age blue finish.
Front panel looks very nice, but some of the
knobs look crusty and need cleaning.
Appears to be all original with no modifications.
Receiver is non working but it is all there, and
will clean up nicely. Picture available.
Will sell for $125.00 plus shipping

Shipping additional on all of the above rigs etc.

We have reduced the price to $199 !!!  Get one while they last.

We have a supply of Optoelectronics 3000A Plus Counters.  A very special
purchase allows us to offer Optoelectronics 3000APlus top of the line
portable frequency counters that are absolutely brand new, complete with
accessories, still in the original factory boxes!.  See more details at the
ebay auction link below.  Go to this link for details on purchasing one -
http://www.datadeliverydevices.com/opto.htm or you can email me (remove all
CAPS from the email address)

The Optoelectronics website has all specs, details
and the pdf manual at http://www.optoelectronics.com/3000a.htm

Hello radio.
Just obtained mint Mk II, but manual lost. Want to give radio to father,
but useless w/o manual for him to reference. If you can do w/o for week,
please loan to me and I will copy. I'll repay postage. Please email
w5bi@amsat.org.
Thanks.
Gary

I have for sale a nice condition Yaesu FT-101ZD. This particular
transceiver is the version with AM mode included.
The cooling fan option is also installed in this rig.
Cosmetically it is in nice shape with one small hairline scratch
next to the clarifier control. Electrically it is in fully
functioning condition with full output 80-10.
$375.00 plus shipping and insurance from zip code 76001

Thanks!

I have a website for the antenna I have developed for AO-40. This is NOT a BBQ grill dish, this is the real thing! Watertight HELICAL feed, NO aperture blockage,2' dish is 20.5 dBi gain, 3' dish is 25 dBi gain. 2" crossboom mount.A true performer. Signals from AO-40 at unbelievable squint angles. You should hear what you have missed! I have also posted tips you may find interesting. AMSAT has expressed intrest in my antenna to be sold at Dayton, but I have a limited supply. Drop by my site and just tell me what you think if you like.

Hi folks. I've got a D104 that's not perfect looking by any stretch, but it seems to work fine. It's missing the sliding PTT lock ring , has a couple of holes in the base, and the base has been repainted badly. No connector on the wire. The head actually looks decent, no visible damage.

You get the picture.

The good news is that it's yours for $15, you ship.

Neil Rosenberg

I have for sale a nice old Knight TR-106 with the matching V-107 VFO
unit and cables. This is a 6m AM rig with built-in speaker. Silver and
blue with a great styled case.

Front panel looks really good. Has all original knobs. It is NOT in
mint condition, but shows less than normal wear. No bad dents or
dings.

The power cable to the TR-106 is missing but you can easily make one.
I have not tested it but it is all there. No modifications or damage
has occurred.
Will sell for $135.00 plus shipping

To all,

I have recently acquired thousands of new 3.5mm mono and stereo adapters. These are Audio Accessories model PA103, and are available for .25 cents each, or $2.00 for a box of 10.

Great for using stereo headphones with most mono scanners.

Check out http://www.qsl.net/w8mmq/adapters.html for additional information. Email me with any comments or questions. Detailed pictures are available at the web site.

73 de,
Dan, W8MMQ

TS-440SAT needs a new home, to make room for new (to me) rig.

Extensive mobile/FD, as well as main-station, use. Some bounce on some number keys. 9-plus electrically, 6.5 appearance.

Has 270-Hz c-w filter, MFJ Econo-keyer, hand mic, pwr cord, unblocked xmit, frt-pnl notch-only mod to notch-peak, agc-on-only mod to agc-on-off (for you c-w fans),
pwr-control mod for ssb using frt-pnl CAR pot (SSB power can be varied like c-w power).

With user's and service manuals.

$450 ONO shipped UPS grd insured CONUS.

Damn, 3 years later since you originally posted this for sale, and
it's gone up in price by $5.00....heh.

For sale:

I still have a variety of cool ARC-5 Command Set receivers and
transmitters etc. available at sensible prices.

BC-459A Transmitter covers 7.0 - 9.1 Mc. Black
case. Dial is missing
Rotary coil etc. are in good shape. One small
cover is missing -
Bottom cover and case are both present and in
good condition.
Otherwise looks to be complete and in very good
condition.
Will sell for $30.00

BC-457A Transmitter by Western Electric. Covers
4.0 - 5.3 MC.
Silver case. Small cover missing from above RF
finals.
Otherwise looks to be in very good condition.
Unmodified. Will sell for $30.00

BC-465B Receiver Western Electric - covers 6.0 to
9.1 MC. Silver case - comes complete
with all covers. Missing 5 octal tubes. Otherwise
looks to be in very good condition.
Unmodified. Will sell for $25.00

BC-733F Receiver with dynamotor DM-53A for 28 V
DC operation.
Black case, complete and in good shape. Has
service and inspection tag from 1959.
Comes with the connector and the original
shockmounts.
Looks to be in very good condition.
Unmodified. Will sell for $30.00

R-268/ARN-5B Receiver - Black case, similar to BC-
733F, but marked for 24V DC
and no dynamotor. It's all there including the
shock mounts and special
bayonet connectors. Looks to be in very good
condition.
Unmodified. Will sell for $30.00

I have for sale a nice old Knight TR-106 with the matching V-107 VFO unit and cables. This is a 6m AM rig with built-in speaker. Silver and blue with a great styled case.

Front panel looks really good. Has all original knobs. It is NOT in mint condition, but shows less than normal wear. No bad dents or dings.

The power cable to the TR-106 is missing but you can easily make one.
I have not tested it but it is all there. No modifications or damage has occurred.
Will sell for $135.00 plus shipping

FOR SALE:

Blitz Bug lightning protector for PL-259 to
PL-259 coaxial lines. New in box. Will sell for $7.00

National NC-190 Receiver
This is nifty old receiver with that classic
space age blue finish.
Front panel looks very nice, but some of the
knobs look crusty and need cleaning.
Appears to be all original with no modifications.
Receiver lights up but is not working properly.
However, it is all there, and will clean up
nicely.
Will sell for $125.00 plus shipping

Realistic DX-160 Receiver with Realistic speaker

Excellent condition general coverage shortwave
receiver set.
Will sell for $75.00 plus shipping.

Heathkit Audio Generator model AG-9A
Unit is in excellent condition and comes with the
original manual.
Heath gray finish with immaculate front panel,
all original knobs etc.
Good working condition. Picture available via e-mail on request.
Will sell for $35.00 plus shipping

813 Transmitting Tubes by JAN / KEN-RAD
Both appear to be new - one is in the original
box, one is not.
Will sell the pair for $40.00
or for $25.00 each plus shipping.

I've got an Icom PCR-100 computer-controlled receiver for sale or trade.
```

Details and specs:
http://www.icomamerica.com/receivers/pc/icpcr100main.html

Would prefer to trade (possibly + money) for a non-computer-controlled
HF receiver (all solid-state) or other amateur radio equipment. I just
dont have the room for another computer to dedicate to this radio.

Works great, comes with all original components in original box.

Email if interested.

Wanted- Old Police Motorcycle Radios and parts
I am looking for ANY and ALL vintage police motorcycle radios and parts of
same. Anything pre 1965 is of inteers and the older the better. Most of
these units were motorola's but others were RCA, Avia, Link Vetric. You got
it, and I want it. Also interested in old police motorcycle sirens. Email
me at mark@linkcycles.com
Thanks
Mark

Hello, I'm in need of a good HF rig. Full coverage would be nice especially in the reciever. She does'nt have to be pretty just functional. I would be willing to trade space on my server for a legitimate purpose. Mine was stolen sometime ago, and I just don't have the money to replace it.
Thanks in advance

I have for sale a Heathkit IM-2420 frequency counter. This frequency counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as follows:
TCXO
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I can provide digital pictures upon request.
I am asking $120.00 shipped ground UPS CONUS

To Anyone that might have one,

I am looking for a RF Concepts or Mirage, UHF Repeater amp at least 80
or 100 watts, or any 100% duty cycle amp with this power output, must be

in operating condition and in good shape, Need asap...

Thanks Ted Ke4tte

Does anyone have any vintage HP test gear that has the rack mount brackets attached, but not needed? I have several pieces that need to be rack mounted - two 5-1/4" and one 7". Will pay cash or trade something. Thanks.

Terry Perdue

I have an IC-706 with hardware and receive mods in good working condition.
Maybe we could work out something on the 1.4 Gig computer?

Take care and stay well.

Yaesu 767GX multi-mode transciever plus accessories for sale as package.

Transceiver is solid state, multi-mode, with all of Yaesu's bells and whistles: built in digital freq display, auto antenna tuner, digital swr meter, digital rf power meter, am and cw filters, built-in digital key pad for freq entry, and optional TSU-8 CTCSS tone board. Freq coverage is 1.5 to 29.99999MHz, and also has the three optional boards for 2mtrs, 70cm (440MHZ option) and 6mtrs, all multi mode. Comes with Operator's Manual and "Technical" (Service Manual) Supplement. Clean (non-smoking environment) and sharp looking.

The following accessories are included in the package for sale as a package deal, and will not be split out:

Yaesu matching external speaker and phone patch, SP-767P.
Heil Headset (dual muffs) with HC-4 element.
Heil Dual element (Switchable on mic) cardoid microphone, HM-10, with the HC-4 and HC-5 elements.
VibroPlex "Bug" (brass base, chrome and 'red' keyer)

All components are in excellent working and cosmetic condition. The Heil headset needs new muffs, however the old ones are still servicable and clean.

Asking $1225 plus shipping and insurance from 92083
(Southern CA).
Certified Check, USPS Money Order.

I have a PK-232 in good condition, for sale. It is the heathkit version of the PK-232. It works fine but, is not something I am using in my shack. I use Kantronics gear.

It comes with two TNC to radio cables as well as the scope cable and the power cable connector, as well as another cable who's purpose is unknown. The roms say 1988 though I have no idea the significance of that. I also have the 'Y' data cable somewhere and I'll throw that in if I can find it (cost me $35.00 just for the cable!)

I'd like $80.00 plus shipping. Email with questions and I'll try to answer though I really know very little about this unit beyond what is mentioned here as I got it as a part of a collection of gear (a packet station) from another ham and was interested in the other parts, not the tnc but it was a package deal. I was going to use the TNC but decided to stick with gear I know (Kantronics)

Another shack cleaning special!

I have way too many 2M radios and so the Yeasu FT-270RH must go! The radio is about an 8.5 cosmetically. The radio has given flawless service. The LCD is clear. It has the DTMF mic and does ctcss tones. It comes with the radio, mic, power cord, and the mobile mount with quick release.

A few specs for those interested. 2 meter FM mobile radio, 45 watts output. 10 memories, and scan. It does not have the optional tone board.

I would like $95 plus shipping for the radio. If you need a picture, I can take one and upload it to my webspace for your viewing.

I am going to try to save myself the headache of selling these on eBay where they will surely command a higher price than I expect (I am constantly suprised by what stuff sells for there.)

I have two Motorolla remote handset/monitors in fair to good condition. They show wear but are not damaged. That is why only fair to good. They are black bakelite and very heavy construction. There is a red transmit light on the side and volume and PL controls on the front.

Both units were working when removed from service several years ago.

A picture of one unit (they are pretty much the same) is located at http://www.eskimo.com/~ghopper/mphone1.jpg The photo shows the unit in all it's dusty glory! It was manufactured in 1963 but still looks like the height of Motorolla technology. Actually the units are pretty cool and I was going to use them for a remote in my office for a 2m rig I keep in our wiring closet but I ended up buying a rig with a remote head that uses a 4 wire interface and decided I liked that option better.

I consider offers but I'm inclined not to let them go for any less than $25.00 each since I had an antique dealer offer me that much.

Hi there,
I am interested in the radio.
what freq.'s does it recieve?..
Is it possible for a pic?
Thanks-Russ
VE7-DFD

I have a Kenwood TH-42AT 440Mhz HT that my wife was using until she got a F-6. The TH-42AT works fine and comes with the radio, antenna, manual, handstrap, protective cover, DC power cable (for charging -- we bought the radio used and it didn't come with a charger), and 3 Ni-cad batteries. The batteries all hold varying amounts of charge. I'd like to get $175 plus shipping for the whole package.

Update !!!  I discovered a BC-17 charger and a older, non-kenwood
shoulder mic I will include in the package. Make me an offer. I'd like
to sell this stuff.

Yeasu FT-8500 (For Sale)
Includes
FS-10 (PotatoHead Mic)
YSK-8500 (Seperation Kit) includes faceplate seperation cabel, Mic cable, and speaker cable
ADMS-2D Programming Software for the FT-8100r, 8000r, 8500, & 3000m.
includes programming cable and 3.5"HD Diskette

All mounting hardware is included.

Radio is in excellent working condition. THe only reason for saleing the radio is because my wife bought me a ICOM 706 MKIIG for christmas and there is no need for both radios in my truck. Radio is a 9.5 out of 10.

$325 O.B.O. + shipping UPS from 71467

Please email me. Dont responed to newsgroup please.

I have a PK-232 in good condition, for sale. It is the heathkit version of the PK-232. It works fine but, is not something I am using in my shack. I use Kantronics gear.

It comes with two TNC to radio cables as well as the scope cable and the power cable connector, as well as another cable who's purpose is unknown. The roms say 1988 though I have no idea the significance of that. I also have the 'Y' data cable somewhere and I'll throw that in if I can find it (cost me $35.00 just for the cable!)

I'd like $80.00 plus shipping. Email with questions and I'll try to answer though I really know very little about this unit beyond what is mentioned here as I got it as a part of a collection of gear (a packet station) from another ham and was interested in the other parts, not the tnc but it was a package deal. I was going to use the TNC but decided to stick with gear I know (Kantronics).

Questions? email ghopper@eskimo.com

Another shack cleaning special!

I have way too many 2M radios and so the Yeasu FT-270RH must go! The radio is about an 8.5 cosmetically. The radio has given flawless service. The LCD is clear. It has the DTMF mic and does ctcss tones. It comes with the radio, mic, power cord, and the mobile mount with quick release.

A few specs for those interested. 2 meter FM mobile radio, 45 watts output. 10 memories, and scan. It does not have the optional tone board.

I would like $95 plus shipping for the radio. If you need a picture, I

```
can take one and upload it to my webspace for your viewing.

Ever consider suicide as an alternative to your meaningless existence?

AFAIK, Kevin's a straight-up guy with lots of good RF parts that usually
sell for great prices. I've bought from him before and been very happy
with the transaction.

I have a Kenwood TS 530S HF Transceiver. With the service and operating manual. I have owned this radio for 13 years and it was worked fine. It had a intermittent display problem where the display would not turn on 100% of the time. It has since failed. So I am selling the radio as a tech special. The radio does turn on but the display is not on. It comes with the manuals and 2 ssb filters YK88S and SN.

I used a professional Beyer Dynamic DT 108 headset with this radio and a RTS broadcast intercom box modified to interface with this radio. THIS is not included. If you want the headset and box the price is $100.

The radio and a NEW Radio Shack hand mic (not interfaced to the radio) and a used Shure Desk Mick (also not interfaced to the radio) $250 shipped free in the CONUS.

Mike WB2GLW

I missed the original, and happen to need a few.
What's the length, and how much per?

I'm using these in a window-box, so I need about half an inch or better wall thickness.

Why didn't you put a price on it?

Why do you people advertise your item and fail to price it?

Ashamed of what you want?

I have for sale a Heathkit IM-2420 frequency counter. This frequency counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as follows:

TCXO
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I can provide digital pictures upon request.
I am asking $120.00 shipped ground UPS CONUS

I have for sale a very nice condition FRG-7, complete with
the optional battery holder. Receiver looks great and operates
the same. Asking $185.00 plus shipping from zip 76001.

Thanks!

Well my W2A bit the big one. I have what has been described in the groups as "the red light of death." I sent it to Icom they said sorry, blown CPU and they don't make them anymore.

Would anyone like a sweet deal on some very clean accessories: batt packs, charger, 12v cig, headset, mic/spker, manuals, case, etc, etc, plus I'll even include what is now a nice anchor for a very, very small boat!?

I just ordered a Yaesu VX-5r, I really want 6m anyway. I don't think any of the Icom stuff will be compatible.

BRAND NEW in box: Kenwood Model KSC-14 Dual Slot Rapid Rate Charger! Will charge two batteries simultaneously at trickle or sequentially at rapid rate. Mfg. Suggested List is $102

The KSC-14 comes with removable battery pocket inserts and will charge batteries from Kenwood model TH-22, TH-42, TH-77, and I believe the TH-79 series radios as well as some older models.

The KSC-14 is compatible with the following batteries: PB-30, PB-32, PB-33, PB-34, PB-6, PB-7, PB-8, PB-9, PB-11, and also Land Mobile model batteries KNB-5, KNB-6, KNB-7 and KNB-9A.

Price is $48 and includes shipping (ground) in the 48 states.

Please respond to jkinsley@raex.com

Not so fast. There's a mic/headset adapter for the VX 1/5 that adapts
older Yaesu (eg, 470) dual plug stuff - and hence Icom stuff - to the
new one-plug configuration. so ....

I have for sale a Heathkit IM-2420 frequency counter. This frequency counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as follows:
TCXO
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I can provide digital pictures upon request.
I am asking $120.00 shipped ground UPS CONUS

Skipp,
    I think he's busy trying to find _any_ evidence that would validate his
assertion that "clipping" a final is standard, Key Clown behaviour.
    I'm sure he has little time for anything else. Certainly not enough time
to practice code so he can pass that 5 word per minute thingy. :-)

For there to be a "high and mighty road" there must also be a
"low-down dirty road". Is that the road you wish to identify yourself
with? Sure looks like it to me.

Greetings ...
  A long time ham chum of mine has a Kenwood TS-680s transceiver. In order
to utilize rig control with his PC and logging program, he apparently he
needs to
get a small device, an interface kit, manufactured by Kenwood called the
IF-10c.
It appears that the product is now out of production.
Any clues on where to find one and how much they cost?

Thanks and regards,

Sandy

1.2 GHz HTs (both monoband and dual band) used to be easy to find but now there aren't very many around. I may be interested in picking one up but I haven't seen any lately. Can anyone suggest a good source or recommend a good 1.2 GHz HT?

Angelo K6ICU

Hi all,  I have a mint Yaesu VX-5 (3 band) handi talkie with charger, 2
good batteries and case.  I can send pics also.
I'm looking for an Alinco DJ-G5 in mint condition.
Also might consider a Kenwood TM-733A, Yaesu FT-8000 or 8100 mobile in
good working order.
```

I would think I'd have to give a little $$$ to make up the difference on
the mobile radios.
PLEASE e-mail me direct because I don't look here often.
mrrusso@optonline.net

THANKS, Mark

I have for sale a Heathkit IM-2420 frequency counter. This frequency counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as follows:
TCXO
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch

External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I can provide digital pictures upon request.
I am asking $120.00 shipped ground UPS CONUS

As a former member of the CCA I kept this stuff for several years,
Please reply direct to my e-mail, as I don't check the board often.
Sorry, I have no digital camera so I've done my best to describe.

1   Collins hardcover book with dustcover. Excellent shape "The
First Fifty years" $80 shipped

2   Paperweight 50th Anniversary 1933-1983, shows all the
Collins/Rockwell logos from first to last (4) $35 shipped

3   Framed photo that hung in the main office complex at Cedar
Rapids. I got these photo years back from an employee whose wife had
retired after 25 years at Cedar Rapids.
Frame is 13 1/2 x 15 1/2 with a light pine wood border. Photo image is
15 x 10 1/2 on a white background, B&W Photo is of the Western
Regional Collins
office in Burbank,California as seen on page 97 of the book above.
$85 shipped

4 8 x 10 B&W photo of all Collins S-Line amateur equipment made.
$20

I have for sale a very nice condition JRC NRD-535 receiver with stock filters. The NRD-535 tunes 100 - 30,000 kHz in modes AM, SSB, CW, FAX, FM and RTTY.This receiver has 200 memory locations which store frequency, mode, AGC, ATT and IF filter selection for scanning. With appropriate software the RS-232 interface allows computer control of the radio and memory functions.

$650.00 plus shipping and insurance from zip 76001.

Thanks!

Hi Folks,

I have an original (not a copy), Yaesu FT-530 owner's manual that is in very good shape. No missing pages. I can send you a picture if you are interested.

$10.00 and I'll mail it to you.

Thanks,
Tom

Hallicrafters HT-37 Transmitter For Sale.

A Classic! This transmitter is a 18-tube AM-CW-SSB 80 through 10 meter transmitter/exciter. It was manufactured to have a power output of 70 to 100 watts CW or SSB, and 17 to 25 watts AM. This radio's features include phasing-type side band generator, output meter, VOX, full band

switching, and VFO. The driver tube is a 12BY7 and the final amplifer
is a pair of 6146s. (Companion units to this would be the HT-41 linear
amplifer and the SX-111 receiver). Production Year 1959-62.

Excellent shape. Needs a new power cord.
Was in operating condition when taken out of service some
12 years ago.
Clean condition. Front panel is immaculate and case has only a few
very minor marks. No modifications.
Will sell for $125.00 plus shipping

Picture and details at:

I have for sale a very nice condition JRC NRD-535 receiver with stock
filters.   The NRD-535 tunes 100 - 30,000 kHz in modes AM, SSB,
CW, FAX, FM and RTTY.This receiver has 200 memory locations
which store frequency, mode, AGC, ATT and IF filter selection for
scanning. With appropriate software the RS-232 interface allows
computer control of the radio and memory functions.

$600.00 plus shipping and insurance from zip 76001.

Thanks!

Hello all;

Looking for a small beam antenna, any band (prefer tri-band), something that can be used with a "TV rotator". Would prefer to pick up within a few hours driving time of Sacramento, CA. E-mail me at n6ttd@arrl.net should you have anything that fits the bill.

Thanks.

The range of a pair of ICOM T81A's are easily half a mile with stock antenna. The range improves with an aftermarket antenna (Comet SMA703). At 0.6 miles in our test the signal increased about 75%. The output is one watt.If you are not familiar with the T81, it is a quad band HT. Covers 6M, 2M, 70cm and 1.2 GHz. I am also able to use a repeater that is several miles away.

Your comment about range may have some truth from HT to HT but in populated areas such as the SF Bay area where the person requesting this is located, there are LOTS of 1.2 GHz repeaters, some inter linked and coverage is very good. I have worked through repeaters dozens of miles away with my 220/1.2GHz HT on 1.2 GHz with full quieting.

You must be in an area with few people and few mountains or tall buildings or towers.

Hi,

Due to moving, I have following equipment for sale in the Toronto
area. Preferably you will pickup equipment yourself. You pay shipping
costs if you live outside the Toronto area.

Here is my list. All equipment is in excellent working condition:

1. Heathkit SB401/303 combo (10-80m TX/RX) with Shure 400 microphone
2. Heathkit HM-102/1KW, 1.8-30 Mhz Watt/SWR meter
3. Heathkit HM-2102/1KW, VHF Watt/SWR meter
4. Heathkit HD-19 Phone Patch
5. Collins 51-J3 receiver, 0-30MHz (mint with manual, owned by ex-Collins employee)
6. Anadex Frequency Counter CF-700A, 5Hz-1GHz
7. David Clark H7010 noise cancelling headset/microphone http://www.davidclark.com/h7010.htm
8. David Clark H-133C/A1C noise cancelling headset/microphone
9. H.P. 400D Voltmeter
10. Bearcat 300 scanner
11. VHF Engineering model PA140/10, 150 W VHF 2M FM Power Amp,(10W in, 140 out)
12. Daven DP-182 Audio Decade Attenuator box

To enquire, click on the link below and fill out the form. I will get
back to you as soon as possible:
http://www.croatianmall.com/email_form.html

I have 11 Radio Shack Model 100 laptop PCs and 5 associated Chipmunk
3.5" floppy drives sitting in the radio shop at work. We no longer
need them and I wanted to offer them free to anyone who might want
them before we throw them out. Only one manual. You pay only the
shipping.

I like the sound of the Turner +2 base mic on my Kenwood, although I use a 440SAT.

Always used D-104's with my TS450S till I monitored myself through my W2IHY noise gate / EQ box. Although I could easily tailor the D-104 audio with it I have switched to the Astatic Silver Sidebander which EQ's much better and can deliver a wider range of audio profiles than the D-104's.

Now I can transform the transmitted audio from ear-piercing pile-up busting high frequency content all the way through 'normal' and on to the warm, friendly, sexy so-called hi-fi audio many folks like to hear.

lol

You duplicated the theory behind the Heil Dual mic without spending all that money.

I agree, the D104 standard mic is crappy for most of todays rigs, unless you want
nothing more than ear splitting pile up busting high pitched audio.

Hello Skipp,

Explain to me again why a website regarding vintage 10-meter ham radio transceivers must be promoted continually in a CB newsgroup?

I know you had some lame excuses like "the 1011 has a receive-only option on CB" or "many hams read the CB newsgroup" but I've forgotten most of them.

A bit of advice, if you are trying to reach "hams" you might try --

rec.radio.amateur.misc,

rec.radio.amateur.boatanchors
rec.radio.amateur.equipment

-- or any of the dozens of other ham-specific newsgroups rather than confine your postings to generic radio swap and cb groups.

Hi Everyone,

I have for sale a Viewstar VS1500A, high power antenna tuner. It will handle 800 to 900 watts out with no problem except on 160 where voltages may get quite high. However, into a fairly resonant antenna on that band it will work very well. It has outputs for two coaxial antennas, long wire and balanced line outputs. The two coax outputs can be bypassed directly to the antenna. It also has connections for an antenna to completely ignore the tuner at all times and for a dummy load. Metering is available for reflected and two ranges of forward power.

I am asking $250 for this tuner shipped in the continental US.

Thanks and 73.
Kevin, K7RX

Hi,

Because to moving, I have following equipment for sale in the Toronto area. Preferably you will pickup equipment yourself. Shipping outside of Toronto if you pay shipping costs.

I would also prefer that everything listed be bough in bulk. I have no time to split it up.

Here is my list. All equipment is in working condition:

1. Heathkit SB401/303 combo (10-80m TX/RX)
2. Heathkit HHM-102 VHF Wattmeter
3. Heathkit HD-19 VU meter
4. Vibroplex deluxe side swiping keyer
5. Shure 444 table mike
5. Collins 51-J3 receiver, 0-30MHz
6. H.P. 400D Voltmeter
7. Beatcat 300 scanner
8. VHF Engineering model PA140/10, 150 W VHF 2M FM Power Amp, (10W in, 140 out)
9. Daven DP-182 Audio decade attenuator box
10. 1000ft of RG-223 (50 ohm teflon coax similar in diameter to RG-58)
11. 500ft of twisted shielded pair cable
12. Assorted box of cables and electronic parts

To enquire, click on the link below and fill out the form. I will get back to you as soon as possible:

I have a potential audience of a little over 300 people I will be doing a presentation to, to promote amateur radio, and will be hopefully setting up classes for those that may be interested.

In order to help encourage them, I am looking for donations of text books such as "Now Your Talking" and other similar books to help get some more people lincensed in my area.
If you have a recent text you could spare and help put to good use, please contact me at kc8pmx@tm.net or cc: to kc8pmx@hotmail.com

I will keep you informed of my activities as to responses to the presentation, how many are involved in classes and so. This way you can know that your donated texts are going to good use. My intent is to loan these out to people and get them back when they are done, so that another person may also benefit from them.

Thanks in advance!

Ryan KC8PMX

I cross posted the below information on the comp.sys.tandy news group and the computers were quickly spoken for. Many Radio Shaft (Shack), Tandy and vintage TRS-80 computers users frequent the news group. I'm an original trs-80 model one/three fan myself. Some of us can never seem to get it out of our blood. Hope to see some of you over there when you can make it.

comp.sys.tandy

cheers
skipp

Aydin GaAs Fet 14.0-14.5 amplifier. AMA 140145A24..

I tried this unit at 10 ghz and it raised the noise floor of my equipment
but did not pass a signal

The voltage is 15 vdc and the amp has SMA female connectors...

$75 shipped in the US.

I have a Hallicrafters S-77 for sale.
It functions well on all bands and its' appearance is a 7.
There are no dents or rust spots.
The price is $50.00 US plus shipping costs.
If you are interested please email
peter.christensen@shaw.ca
Thank you. Peter.

BTW, my goal is to get at least 1% percent of this group interested.  From
what I have witnessed in the past in amateur radio, that is actually a good
response.  Obviously, I would definitely like more than that.

I have for sale a new 10'-0" length of aluminum mast. The mast is 2"
O.D, 1.75 ID.  This was bought from Universal tower and never used.  I
am asking
$40.00.  This is for local pickup only from the Detroit Michigan area.

I have for sale a Heathkit IM-2420 frequency counter. This frequency
counter is in mint condition. I have the original assembly manual with
schematics. This is a bench type counter. The counters features are as
follows:
TCXO
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I can provide digital pictures upon request.
I am asking $120.00 shipped ground UPS CONUS

Hi folks.  I'm looking to purchase an Ameritron RCS-8 remote coax
switch and a Comet GP-15 triband vertical plus their triplexer.  I
would also consider a Diamond V2000A plus triplexer.

Please email price and condition to NeilR@innermedia.com or call:

Neil Rosenberg
(603) 465-2788
or
(800) 962-2949

Thanks and regards;
Neil

I have a very commercial light weight headset make by Plantronics. This is a dual muff headset with a switchbox in line PN SHS 1851-02 0198 and a long coiled cord ending in a 2 prong plug.. This was used at a aircraft control center for radio and telephone.

I have the Plantronics prints for this headset..

I am asking $200..

Yaesu 767GX multi-mode transceiver plus accessories for sale as package.

100 watt Transceiver is solid state, multi-mode, with all of Yaesu's bells and
whistles: built in digital freq display, auto antenna tuner, digital swr meter, digital rf power meter, am and cw filters, built-in digital key pad for freq entry, and optional TSU-8 CTCSS tone board. Freq coverage is 1.5 to 29.99999MHz, and also has the three optional boards for 2mtrs, 70cm (440MHZ option) and 6mtrs, all multi mode. Comes with Operator's Manual and "Technical" (Service Manual) Supplement. Clean (non-smoking environment) and sharp looking.

The following accessories are included in the package for sale as a package deal, and will not be split out:

Yaesu matching external speaker and phone patch, SP-767P.
Heil Headset (dual muffs) with HC-4 element.
Heil Dual element (Switchable on mic) cardoid microphone, HM-10, with the HC-4 and HC-5 elements.
VibroPlex "Bug" (brass base, chrome and 'red' keyer)

All components are in excellent working and cosmetic condition. The Heil headset needs new muffs, however the old ones are still servicable and clean.

Asking $1225 plus shipping and insurance from 92083
(Southern CA).
Certified Check, USPS Money Order.

Hi,

Due to moving, I have following equipment for sale in the Toronto area. Preferably you will pickup equipment yourself. You pay shipping costs if you live outside the Toronto area.

I would also prefer that everything listed be bought in bulk. I have no time to split it up.

Here is my list. All equipment is in excellent working condition:

1. Anadex Frequency Counter CF-700A, 5Hz-1GHz
2. Heathkit HM-102/1KW, 1.8-30 Mhz Watt/SWR meter
3. Heathkit HM-2102, VHF Watt/SWR meter
3. Heathkit HD-19 Phone Patch
5. Collins 51-J3 receiver, 0-30MHz (mint with manual, owned by ex-Collins employee)
6. David Clark H7010 noise cancelling headset/microphone
http://www.davidclark.com/h7010.htm
7. H.P. 400D Voltmeter
8. Bearcat 300 scanner
9. VHF Engineering model PA140/10, 150 W VHF 2M FM Power Amp,(10W in, 140 out)
10. Daven DP-182 Audio Decade Attenuator box
11. 1000ft of RG-223 (50 ohm teflon coax similar in diameter to RG-58)
12. 500ft of 22awg twisted shielded pair cable

13. Assorted box of cables and electronic parts

To enquire, click on the link below and fill out the form. I will get
back to you as soon as possible:

Hi all,  I have a Yaesu VX-5, 2 meters, 6 meters and 440MHz handi
talkie.
It is 99% mint shape both working and looking.  I have the
fast charger, 2 batteries (good condition) and the soft case for it.
I can send you pictures if you like.
I am looking for an Alinco DJ-G5 dual band handi talkie.
Your DJ-G5 must be in mint shape, both working and looking as
the VX-5 is.
PLEASE send me e-mail direct at: mrrusso@optonline.net
I don't check out these groups often.
By the way, the reason for the trade is because the VX-5 is too
small for me. I like something bigger like my old DJ-580T was.
THANKS for reading.

Mark

Xref: archiver1.google.com rec.radio.amateur.swap:2019 rec.radio.swap:52252

Yaesu 767GX multi-mode transciever plus accessories for sale as package.

Transceiver is solid state, multi-mode, with all of Yaesu's bells and whistles: built in digital freq display, auto antenna tuner, digital swr meter, digital rf power meter, am and cw filters, built-in digital key pad for freq entry, and optional TSU-8 CTCSS tone board. Freq coverage is 1.5 to 29.99999MHz, and also has the three optional boards for 2mtrs, 70cm (440MHZ option) and 6mtrs, all multi mode. Comes with Operator's Manual and "Technical" (Service Manual) Supplement. Clean (non-smoking environment) and sharp looking.

The following accessories are included in the package for sale as a package deal, and will not be split out:

Yaesu matching external speaker and phone patch, SP-767P.
Heil Headset (dual muffs) with HC-4 element.
Heil Dual element (Switchable on mic) cardoid microphone, HM-10, with the HC-4 and HC-5 elements.
VibroPlex "Bug" (brass base, chrome and 'red' keyer)

All components are in excellent working and cosmetic condition. The Heil headset needs new muffs, however the old ones are still servicable and clean.

Asking $1225 plus shipping and insurance from 92083 (Southern CA).

Certified Check, USPS Money Order.

hey neil
rather than getting and spending the big bucks for the civ-17
check out .www.hosenose.com they make one that is only $48 and it works
as well as the one from icom
i a, currently using the one from hosenose and it works really well with
my 706 MrkII

I have a mint Optoelectronics Xplorer, older version without LTR but is Cell Unblocked at the factory.

Package contains:

1 - Manual, some paper wear
1 - Original box
1 - Opto Xplorer - Unblocked, serial # 460108 - no mars, perfect condition, good battery
1 - Opto soft case for above - perfect condition
1 - 3.5" floppy "Xplorer /Scout download Untility / OS456/OS535 checkout utility"
3 - 3.5" floppies "Geo_db/Xplorer" from percon - unused
1 - Standard/rapid charger with cord - perfect condition
1 - download cable - xplorer to BD9 (pc)
5 - misc antennas

mkatz3@cfl.rr.com
photo at
http://home.cfl.rr.com/mlk/xplorer.jpg
Asking $450 I have dropped the price drastically for sale.

I have a like new, Fluke Model 26 III true RMS DMM with all included accessories, box and manual for sale. Flawless condition, asking $145 shipped CONUS, Photo upon request
Will consider trade for Pro-92...

Yep, that's a good idea. The funny part is (now that I checked) I
already own one of the Hosenose interfaces, with a Kenwood connector
on it. Prob'ly easy to adapt to Icom...

Thanks!
Neil

P.S. Still lookin' for the other stuff...

I'm posting this for a friend of mine, please contact him DIRECTLY at km4o@fairburn.com

I need 4(four) traps for a HyGAIN vertical ant. Model 18AVQ.
If someone has the whole antenna forsale at a good price may go that way......But all I really need is the traps
hck

Hello Group!

I'm in desperate need of an Icom CR-502 TXCO for the ICOM 706 - 706Mk2
and 746 HF rigs. I'm in CAP and my 706 cannot be used after the end of
the year without one.

Anyone who has one or knows where I can get one please give me a shout.

Thanks in advance!

Jon Holder N0OFG

Your an outlaw genius? If my grandmother had wheels would that make
her a wagon?
Here is a web site for you to check out Mr. Genius;
http://www.arrl.org/hamradio.html
Try to learn something about us 'hammies'
Free band was fun, but I grew up and left the 'Childrens Band' and
joined the REAL radio operators!

BTW all Google posts are fake just like this one is. E-:)

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount with a UHF connector and 16.5 ft. of coax with a PL-259.
The mount is in excellent condition. I had to grind some of the plastic base away at the back of the mount so that it would clear the rear window molding when opening and closing the trunk. I was careful to be neat about it and does not affect the performance. furthermore you cannot see where it was altered because it faces the rear window on the car. I am the original owner and have the plastic container and instructions. I am asking $40.00 shipped ground UPS CONUS.

I have for sale a Heathkit IM-2420 frequency counter. This frequency counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as follows:
TCXO
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I can provide digital pictures upon request.
I am asking $120.00 shipped ground UPS CONUS

I have a website for the product I have developed and am now offering
in the Amateur community. Please drop by and look around.
This antenna is made especially for AO-40.
It's about time. Hu? It is NOT a BBQ grill trying to be something
else. This is the real thing. Please leave me a comment and tell me
what you think if you like.

http://www.n3iyr.com

Thanks!

Thanks for reading my message.

I received this HT in a trade a year or so ago, haven't messed with it that much since. ADI Sender 145.
Cosmetic condition is Good to excellent, battery does hold a charge, and the rig sounds good from the reports that I have received. As far as I can TELL the radio DOES NOT have a tone board. I did NOT receive a manual with the HT. Radio comes with a wall wart charger, takes about 12 hours to charge battery.

Best offer over $65.00. Email me DIRECT please.

73 Daniel KC4OXP

BTW I do not consider illegal CB or bootlegging "wrong". Those of us who choose to operate outside the law do it with a clear conscience. I know that upsets some people, but too damn bad.

Like all people who operate outside the law, one must be willing to
suffer the consequences of one's actions. Spitting on the sidewalk
will get one flogged in at least one nation.

And when "Uncle Charlie" AKA Riley Hollingsworth drops by and
asks you to turn over the contents of your shack, you can tell him how
your not doing anything "wrong" and see how it plays with him.

Unit 798 in the cornfields of Indiana on the side and QRT FROM NOW ON.
(The heck with freebanding, the legal way is lots more fun!)

Hi Dick, I wasn't responding to any single individual but to the world
at large. Thus the use of the pronoun "one".

I don't think you do it with a clear conscience. I think you do it because there is very little chance of your getting busted.

Are there any other illegal activities you do not consider to be
"wrong"? If someone commits a crime against you, will you ignore
it because he didn't think he was "wrong"? I doubt it.

There are others who choose to operate outside the law with a
clear conscience. When one of these robs your house, you may get
upset, but too damn bad.

As soon as I can get my copy up to the 5wpm requirement.
I'm listening to the ARRL code practice files off the Internet
and I'll go for my test as soon as I can copy the 7.5 wpm
files, that way I'll know for _SURE_ I can do the 5 wpm test.

This was wrote to prove that any jerk can post from Google as
anybody they want to be at the time. The fact that you don't
care means nothing to me.

>
> P.S. I hold no stinkin' ticket.

Like I care? If you want it you can get it EASY
just 35 simple questions. If you don't want it
fine, enjoy your life, just stay out of the ham bands

and let it rip, no one cares except Riley.

Like the tag line. And the best of luck to you so you can pontificate
with the best. Take a look at Morse Academy at http://ah0a.org and see if
it meets a need. Some of the groupies who have passed the Extra of late
swear by the ARRL tapes. Damfino.

Go for it! I can testify to the sense of accomplishment. It may sound
cliche-like, but privileges earned are far more appreciated and less
likely to be taken for granted. Good luck, I'll keep my fingers
crossed for you. (A little luck never hurt anybody...unless it's bad
luck, that is.)

```

I used the ARRL CD's and was quite pleased with the results. The code is taught/sent/practiced/learnt (Your choice.) @ 18-wpm with increased spacing between the words to slow the overall word rate to 5-wpm. This is known as ARRL/Fast Farnsworth. Traditional Farnsworth is 13 to 15-wpm with the appropriately "spaced out" to 5-wpm. IMHO, using the ARRL CD's offers two advantages. The first being that it's a little faster than the actual test. Not so much that it bothers you while practicing, but enough so that you notice it immediately when the actual test begins. I actually started grinning when they sent the opening two sets of three V's. (..._)

The second advantage is that it allows for a quicker/easier transition to higher speeds should you desire to use it after passing. This is still a work-in-progress for me, so I'll let you know. ;-) The code tests are given in Farnsworth now. I'm not exactly sure whar the motivation is behind this. Some on the NG have suggested that it may have been a backhanded attempt to retain a pseudo-13-wpm code test since the gaps between the words really aren't saying anything...literally. I dunno...and, quite frankly, don't care...I'll use it to my advantage. You take it easy and the very best of luck to you.

MARC-----

The Michigan Antique Radio Club, one of the nation's largest,
announces:

 HUGE ANTIQUE RADIO SWAP/SALE,
                   FEB 2 2002 (Saturday) 9AM-3PM

 ARMENIAN COMMUNITY CENTER  19319 FORD RD,
 ON NORTH SIDE WEST OF SOUTHFIELD FWY (M-39).
```

This show has over 70 tables of antique radios, tv's, phonos and related items. Tubes, misc parts, literature and misc also may appear here for sale! Items will date from the beginning of radio (1920) to about 1980. There will be a "silent" auction and a "donation" auction, and a display contest. If you have a radio you want evaluated, bring it to our "RADIO RESCUE"! We can also help you find service for your item if needed.

THIS IS THE "ROADSHOW FOR RADIOS"!!!!!!!!!

Admission only $5 per adult, kids under 12 free.
Seller tables are only $10, and usually sell out.

for more info, contact Don Colbert, 313-274-1948 or email him at
donsradio@aol.com ------seller tables $10.00 ------

chairman of the board ---- Mark Oppat

PS-----
If you have an antique or collectable radio, bring it in for a FREE EVALUATION at our "RADIO RESCUE"!!! Or, you can place your radio up for sale on the silent auction table, or donate it to the club for the "donation auction" held at the end of each show.

I have a TV-R7000 video adapter for the Icom R-7000 receiver.
Would lilke to do some trading. Not interested in cash transactions.

My interests include ham radio, computers and woodworking.
Make me an offer.

Yep. Two versions..A transister version, and a "deluxe" version using
the MAX232 chip. You could make a "psuedo" SM-20 mike from a rat shack
electret condensor element and save more big $$$. After looking at the
healthy prices they want for a simple cable for the faceplates, I'm
thinking of making one of those myself also if I can find some usable
end connectors. MK

********** Old Radio Books & Catalogs **********

Radio Amateur Callbook V62 #1 -- US & DX listings 1984. Just a bit of wear at the corners. $10 (2 books)

RF Circuit Design by Bowick, Howard W Sams, 1982 first edition, first printing. Softbound, good condition, owner's name tag on frontleaf, a few pencil notes inside. 175 pages. $20

Applied ECM, Vol. 2 by Van Brunt, EW Engineering, cpy 1982, 2nd printing 1985. Hardbound, excellent condition, 630 pages. $25

Engineer's Notebook 2 by Mims, Archer, First editon, first printing 1982. Softbound large format, good condition $20.

Introduction to Computers & Data Processing by Shelly & Cashman, Anaheim Publishing 1980.   Softbound, excellent condition, approx. 300 pages. My have we come a long way in 20 years!! $10

Handbook of Electronic Communication by Gary Miller, Prentice Hall 1979. Hardbound, very good condition, owner's name written on frontleaf, 339 pages. $7

Advanced Micro Devices "Build a Microcomputer" application note series in 7 parts, 1978.   Excellent condition, about 200 pages total. $25

Lines, Waves & Antennas by Brown, Sharpe, Hughes & Post, Ronald Press 1973. Hardbound, excellent condition, 470 pages. $10

101 Ways to Use your VOM & VTVM by Middleton -- Howard W Sams. Good condition 144 pages. $5

Electronmagentic Waves & Radiating Systems 2nd Edition by Jordan & Balmain 1968. Hardbound, excellent condition with original paper jacket, owner's name marked out on inside front cover, 750 pages. $25

Handbook of Military Infrared Technology by Wolfe, US Navy, 1965. Hardbound, very good condition, except previous owners name written large on front edge. 900 pages. $30

Altec Landsing 1965 Home Hi-Fi catalog. Check the clothes on those old models! 15 pages, $10

Altec Lansing 1965 Recording & Broadcast Equipment catalog w/price list. Mostly individual data sheets in a 3 tab folder. About 100 pages. $25

Radio Amateur Callbook V41 #2 -- DX listings only, 1963. Front cover a bit torn up and it looks like something heavy was resting on it for 20 years. Insides OK. $4

RCA Transistor Manual SC-13, 1967. Paperback. Good condition 540 pages. $10

Having Fun with Transistors by Buckwalter -- Howard W Sams. Good condition 127 pages. $5

Amateur Single Sideband by Collins Radio. 1962 Hardbound. Excellent condition except owner's name in ink on p.106. 143 pages. $60

Allied Electronics Data Handbook. Lots of formulas. Water damage on cover and about 1/2" into edges, no pages stuck. 1962. $2

International Crystal Mfg. Catalog 1962 $20

Understanding Transistors by Allied Radio. 1962 First Edition, first printing. Good condition 96 pages. $10

Varactor Applications by Penfield & Rafuse, MIT Press 1962. Hardbound, good condition with original paper jacket under plastic cover, owners name on frontleaf and on two edges, 620 pages. $30

Semiconductor Diode Parametric Amplifiers by Blackwell & Kotzebue, Prentice-Hall 1961. Hardbound, very good condition with original paper jacket under plastic cover, 190 pages. $25

Hycon Crystal Filter Catalog, 1957 $10

Heathkit Catalogs
1954, 55, 56, 57, 58, 59 & Winter '58, Fall-Winter '62-63,
Xmas '89 + Winter, Spring, Summer '90 $120 all

Handbook of PREFERED CIRCUITS
Navy Aeronautical Electronic Equipment
vols. 1&2 (1955 tubes & 1962 transistors)
very good condtion $25

Measurements at Centimeter Wavelength by King, Van Nostrand 1951. Hardbound, very good condition, owner's name marked out on inside front cover, 320 pages. $20

40 Uses for Germanium Diodes by Sylvania Electric Products. First edition, first printing, 1951. Cover separated, some writing on cover & frontspiece, otherwise good condition. 47 pages. $7

Electronic Shortcuts for Hobbyists by Sylvania Electric Products. Second edition, first printing, 1951. Cover separated, otherwise good condition. 35 pages. $7

Alternating Current Circuits by Kerchner & Corcoran, Wiley 1951.

Hardbound, very good condition, owner's name marked out on inside front cover, 600 pages. $20

Electrical Fundamentals (AC) TM11-681 US ARMY Technical manual. December 1951. Good Condition except for water damage on front edge; no pages stuck nor ink bleed. 231 pages. $7

Circuit Analysis of AC Power Systems Vol. 1 by Clarke, Wiley cpy 1943 fourth printing 1950. 1951. Hardbound, very good condition, owner's name marked on inside front cover, 540 pages. $20

Surplus Radio Conversion Manual Vol. 2 1948 Good condition, 125 pages. $15

Jensen Technical Monographs No. 1, Loud Speaker Frequency Response Measurments and No. 2 Impedance Matching and Power Distribution in Loud Speaker Systems. Copyright 1944, these are both Fifth Printing, 1945. 16 & 20 pages respectively, very good condition, some wear around cover edges. $30 both.

Fields & Waves in Modern Radio by Ramo & Whinnery, Wiley 1944. Hardbound, very good condition, owner's name written inside front cover, a few pencil marks in text. 500 pages. $25

Radar Electronic Fundamentals T.O.16-1-195 US Navy Technical manual. June 1, 1944. Good Condition except for water damage on front edge; no pages stuck nor ink bleed. 474 pages. $15

Reference Data for Radio Engineers by Federal Telephone & Radio Corp. Lots of realllly useful info about tubes & formulas in this small format hardbound book -- Good condition small part of frontspiece, probably where owner's was stamped, missing. 200 pages. $25

Tuned Circuits by J.M. Quinn, 1943. Small hardcover book 52 pages. Very Good condition, one page is punched with Los Angeles Public Library ID. $7

Most Often Needed 1926-1938 Radio Diagrams, originally published by Supreme Publications 1941. This is a REPRINT, by Vintage Radio. 240 pages, solid schematics! Like new, $15

Radio Television Supply Company catalog #15 (1940?) (they used to be in downtown Los Angeles). Small tear at the top of the spine, otherwise in very good condition.
256 pages. $15

RCA RC-14 Receiving Tube Manual 1940. Front cover rough and half of spine cover missing. Insides good. 255 pages, $15

ARRL Pacific & Southwestern Division convention program, San Francisco, CA, September 1939. Water damaged but, no pages stuck & quite readable otherwise. 16 pages. $10

Amphenol Bulletin No. 59-J, September 1939. Good condition, 6 pages, $10.

Hadley Transformer catalog No. T6, no date but, looks pre-WW2. Good condition, 15 pages. $20

Kenyon Transformer catalog 1939. Good condition, 15 pages. $20

Cornell-Dubilier Capacitor catalog #161, 1938-39. Very good condition, 39 pages. $30

RCA TT-3 Air-Cooled Transmitting Tubes 1938 copyright
overall good condition w/slight damage at top & bottom of
spine & first 20 pages of lower right corner. 192 pages -- $20

Radio Supply Company catalog #10 1938? (they used to be in downtown Los Angeles) Front cover loose, back cover missing. 160 pages $10

Radio Television Supply Company catalog (1937?) (they used to be in downtown Los Angeles). A couple of spots on the cover otherwise in very good condition.
172 pages. $15

Advanced Laboratory Practice in Electricity and Magnetism by Terry & Wahlin, McGraw Hill, Third edition, 1936. Hardbound, 318 pages. $7

Radio Supply Company catalog 1934 (they used to be in downtown Los Angeles) -- a little smudging on the back cover and two middle pages torn on the edge but, otherwise in fine condition. There is a sticker from the (original?) owner on the first inside page. 85 pages, the last 10 or so of which are receiving and transmitter tube data from the era. $15

5 Meter Radiotelephony by Frank Jones -- This is a REPRINT of a 1934 booklet
Excellent condition 20 pages or so $4

Elin company overview book 1932
very good condition except cover is almost loose
Text is in GERMAN. Lots of photographs of electrical equipment, tools, machinery, and construction projects.
128 pages $4

Inca Transformer catalog No. L-31 (1931?). Good condition, 8 pages. $25

Radio Amateur's Handbook Ninth Edition by the ARRL, 1931. Has a typewritten note glued to the frontspiece stating that it belongs in the radio room of the USS Maryland (which was moored just inshore of the USS Oklahoma on the first Pearl Harbor Day). Cover somewhat rough, torn at spine, index and first two chapters missing up to page 24, otherwise good, no writing nor torn pages. Softbound, about 200 pages left. $500

Radio Doings Call Book Spring 1931 edition
cover taped at spine, otherwise very good
50 pages $7

Radio Amateur's Handbook Sixth Edition by the ARRL, November 1929. Cover a little worn at edges and on spine otherwise excellent, no writing nor torn pages. Softbound 225 pages. $125

Radio Doings Vol 15, #1 June 1929 edition
cover, first two & last two sheets missing otherwise o.k.
pages 5-62 remain $4

Official Radio Service Manual 1930, originally published by Gernsback Publications. This is a REPRINT by Vestal Press, 1984. Schematics & some service info. 352 pages, like new $15

All of the above plus shipping, if necessary, naturally.

Hi all. I'm looking for a functional M57726 RF Amplifier module, doesn't have to be new. Yes, I know I can get them for $60 plus shipping from RF Parts, but I'd like to find one a lot less expensive. (It doesn't make sense to put a $60 module in a radio only worth about $90 on a good day.)

So, what have you? Maybe you've got a junker with a known good module?

I look forward to your email or call; cosmetics DON'T matter to me on this one.

Thanks;

Neil, K1VY

Greetings,

I am looking for a complete set of service manuals for an RCA series
700 VHF low band (42 - 50 Mhz) mobile radio.

If you can help I would appreciate it!

Thanks!

Ken

re: P-200, HT-600 & MT-1000 radios for sale.

Hello there,

I was surprised and quite pleased to sell one of my MT-1000 rigs on this
News Group last week, so now comes the rest.

I have a small collection of hand held radios for sale. Just the HT-600, P-200 & MT-1000 types, no others for sale yet.

I have been using them for ham and commercial radio work. I have only VHF-High (138-174 band) & UHF band units left. I figure I have at least 4 or 5 on each band left, maybe more...

As some of you might already know, the HT-600, P-200 and MT-1000 are pretty much the same unit. Some were offered with only 2 channels, some 6, 12 and on up to the 99 channel models.

All or most of my radios are at least six channels, some are 12 and I have no 99 channel units. Some of the 6 channel radios started life as two channel units, but were expanded to the full six.

I will test and verify each unit sold for normal operation (transmit and receive). After that, I have some non working radios that I will sell as a batch of repair parts and/or ebay them out later.

I have fast and standard chargers to be sold along with them. Batteries for some/most are just ok, nothing brand new... some need reconditioning and I don't have the proper charger to do that.

So, I have at least an MT-1000 and an HT-600/P-200 on high band, the MT-1000 has scan. Some of each model I have the dtmf pad.

I have a batch of various HT-600/P-200 radios on the 460 commercial band, one or two were used down on the local ham repeater for a time. The work there just fine thanks...

I have one low split 409-438 HT-600 that works great and is killer to test UHF repeater links and sub bands, just program in what you want.

If you Email me what you want, I'll be happy to tell you what I have specific to your needs. I have some standard antennas, some stubby's and some without. I can pack a battery on any radio that goes out, but I think you might want to buy a fresh one to use in commercial services.

Chargers go first come first serve. yeah, I know there are no prices mentioned yet. If you look on Ebay, you will see these radios go from about $75 to $225 dollars on average. If you want one or more... or all of them, I'll provide a list of exactly what I have here and you can make an offer for the batch. Otherwise I expect to keep selling off single units like I have.

I'm realistic about selling them off cheap enough.

thanks, remove the NOSPAMPLEASE from my Email header to contact me.

thanks
skipp

Once again,

A shameless plug for the Siltronix & Swan 1011 web page at:

http://sonic.ucdavis.edu/siltronix

Lots of history, some great pictures and a few manual down load. There are
some pictures of the various Swan & Siltronix options.

Life is short
Eat Desert First...

cheers

I have for sale a Heathkit IM-2420 frequency counter.  This frequency
counter is in mint condition.  I have the original assembly manual with
schematics.  This is a bench type counter.  The counters features are as
follows:
TCXO
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I can provide digital pictures upon request.
I am asking $120.00 shipped ground UPS CONUS

I have a New, never installed Hy-Gain 18HTB 10-80 meter Hy-Tower,
original box(slightly tattered), manual, all parts including the base
insulators, and a stainless steel hardware kit in addition to the
regular hardware. Tower sections still banded together.Pickup only, no
shipping, so please don't ask.
I am 30 miles morth of NYC, Pomona NY, may deliver locally(30 miles)
for expenses. Will fit on a roof rack, or a van or pickup.
Hy-Gain sells them now for $739.00
$400.00 takes it.

Hello All.

I have for sale:

Heathkit DX-60B Transmitter looks and works like it's brand new, perfect condtion.

Heathkit HR-10 Receiver looks and works good.

Hallicrafters HT-40 Transmitter looks and works good.

Hallicrafters SX-140 Receiver looks and works good.

Would like $100.00 per piece or will be glad to trade all for a HF rig like Yaesu FT-747, FT-7, FT-707, FT-757 ect....or what do you have to trade/make offer.

I am looking for opinions on what would be the best microphone for this HF
rig. I was
thinking of getting a electrovoice RE-20 has anyone used this professional
broadcast microphone on a HF rig. How would or how did it perform. Please
let me know which microphone
you think is best for this application.

Why would you want to use a broadcast microphone on a ham radio rig?

Go see a demonstration by Bob Heil, K9EID, to understand that
question. Then buy a Heil mike.

Showtime,

Try a Heil HC-5. Turn on the compression but run it at a very low level, (a sharp whistle should only produce one 'dot' on the scale). Mic gain set about 9 o'clock. It doesn't get any better than that. DON'T use a 'studio' mic. DON'T use wide (or no) filtering. DON'T believe all the 'bull' about 'broadcast quality'...

'Doc

***** Used Coax Connectors ****

These are mostly used, fairly clean, (at least 80%) Amphenol parts.
There are anywhere from about 4 to 25 of each type available.

UHF female - UHF female barrel connectors -- $1 ea

UHF male - BNC female adapters -- $2 ea
UHF female - BNC male adapters -- $2 ea
UHF F-M-F Tees   -- $2 ea

UG-57B/U N Male-Male connector -- $4 ea
UG-131/U N Female to ?? (maybe a BN?) -- $3 ea
UG-635/U C Female - BNC Male adapter -- $5 ea
UG-636A/U BNC Female - C Male adapter -- $5 ea
UG-259A/U 91836 -- HN female to LC female bulkhead adapter -- $30

SMA Female-Female Bulkhead connector -- $1 ea

N Female Chassis Mount connectors with gold (plated/flashed) PC style center pin (extends about 1/8" back from the insulator) -- $1ea

***** New Coax Connectors *****

UG-1213/U HN Male Cable connector NOS -- $10

Kings KH-39-11 HN Female Cable connector NOS -- $10

Below are all new crimp on connectors, with all hardware, in individual plastic bags; early-mid 1990's date codes.
I believe that they are all for RG-59 size cable.

Kings Electronics
   KC-59-642-M06 BNC Cable Male   -- $1 ea
   KA-59-385-M06 TNC Cable Male   -- $1 ea
   KA-19-43 TNC Bulkhead Female   -- $1 ea

All of the above plus shipping, if necessary, naturally.

********** Old Radio Books & Catalogs **********

JBL professional products binder, late 1980's. Consists of individual data sheets plus about 20 technical notes in a 3-1/2" thick,
Orange JBL 3 post binder -- in excellent condition, weighs abt 6 lbs. $75

Radio Amateur Callbook V62 #1 -- US & DX listings 1984. Just a bit of wear at the corners. $10 (2 books)

RF Circuit Design by Bowick, Howard W Sams, 1982 first edition, first printing. Softbound, good condition, owner's name tag on frontleaf, a few pencil notes inside. 175 pages. $20

Applied ECM, Vol. 2 by Van Brunt, EW Engineering, cpy 1982, 2nd printing 1985. Hardbound, excellent condition, 630 pages. $25

Engineer's Notebook 2 by Mims, Archer, First editon, first printing 1982. Softbound large format, good condition $20.

The Practical Handbook of Amateur Radio FM & Repeaters by Pasternak. Tab books, cpy 1980 2nd prntg 1981. Very good condition, 538 pages. $15

Introduction to Computers & Data Processing by Shelly & Cashman, Anaheim Publishing 1980.   Softbound, excellent condition, approx. 300 pages. My have we come a long way in 20 years!! $10

Handbook of Electronic Communication by Gary Miller, Prentice Hall 1979. Hardbound, very good condition, owner's name written on frontleaf, 339 pages. $7

Advanced Micro Devices "Build a Microcomputer" application note series in 7 parts, 1978.   Excellent condition, about 200 pages total. $25

Ham Radio Humor by Johnson, Johnson 1977. Very good condtion, 92 pages. $7

Understanding Television by Kennedy, Sams, 1st ed, 1st prnt 1976. This was a library ook and the cover is damaged where a hard jacket was removed. Insides are very good, 128 pages, $5

360 Assembly Programming by Weiss, McGraw Hill 1970. Hardbound, good condition, owner's name whited out on titlepage, 420 pages. $25

Elements of IBM 1130 Programming by Price, Rineheart Press, 1968. Hardbound, very good condition, 484 pages. $25

Programming the IBM 1401 by Saxon & Plette, Prenice Hall, 1962. Hardbound with original dust jacket in very good condtion. 208 pages. $25

101 Ways to Use your VOM & VTVM by Middleton -- Howard W Sams 2nd ed, 2nd prntg 1967. Good condition 144 pages. $5

Handbook of Military Infrared Technology by Wolfe, US Navy, 1965. Hardbound, very good condition, except previous owners name written large on front edge. 900 pages. $30

Radio Amateur Callbook V41 #2 -- DX listings only, 1963. Front cover a bit torn up and it looks like something heavy was resting on it for 20 years. Insides OK. $4

RCA Transistor Manual SC-13, 1967. Paperback. Good condition 540 pages. $10

Having Fun with Transistors by Buckwalter -- Howard W Sams. Good condition 127 pages. $5

Amateur Single Sideband by Collins Radio. 1962 Hardbound. Excellent condition except owner's name in ink on p.106. 143 pages. $60

Allied Electronics Data Handbook. Lots of formulas. Water damage on cover and about 1/2" into edges, no pages stuck. 1962. $2

International Crystal Mfg. Catalog 1962 $20

Understanding Transistors by Allied Radio. 1962 First Edition, first printing. Good condition 96 pages. $10

Varactor Applications by Penfield & Rafuse, MIT Press 1962. Hardbound, good condition with original paper jacket under plastic cover, owners name on frontleaf and on two edges, 620 pages. $30

Semiconductor Diode Parametric Amplifiers by Blackwell & Kotzebue, Prentice-Hall 1961. Hardbound, very good condition with original paper jacket under plastic cover, 190 pages. $25

Hycon Crystal Filter Catalog, 1957 $10

Heathkit Catalogs
1954, 55, 56, 57, 58, 59 & Winter '58, Fall-Winter '62-63,
Xmas '89 + Winter, Spring, Summer '90 $120 all

Handbook of PREFERED CIRCUITS
Navy Aeronautical Electronic Equipment
vols. 1&2 (1955 tubes & 1962 transistors)
very good condtion $25

Television by Zworykin and Morton, McGraw Hill 1954. Hardbound, some wear at the top and bottom of spine, insides in very good condition, 1037 pages. $85

40 Uses for Germanium Diodes by Sylvania Electric Products. First edition, first printing, 1951. Cover separated, some writing on cover & frontspiece, otherwise good condition. 47 pages. $7

Electronic Shortcuts for Hobbyists by Sylvania Electric Products. Second edition, first printing, 1951. Cover separated, otherwise good condition. 35 pages. $7

Alternating Current Circuits by Kerchner & Corcoran, Wiley 1951. Hardbound, very good condition, owner's name marked out on inside front cover, 600 pages. $20

Electrical Fundamentals (AC) TM11-681 US ARMY Technical manual. December 1951. Good Condition except for water damage on front edge; no pages stuck nor ink bleed. 231 pages. $7

Very High Frequency Techniques by Radio Research Lab Harvard University, McGraw Hill, 1947. Hardbound, cover a little worn, insides in very good condition, owner's name on inside front cover & frontspiece, 550 pages. $50

Circuit Analysis of AC Power Systems Vol. 1 by Clarke, Wiley cpy 1943 fourth printing 1950. Hardbound, very good condition, owner's name marked on inside front cover, 540 pages. $20

Surplus Radio Conversion Manual Vol. 2 1948 Good condition, 125 pages. $15

Fields & Waves in Modern Radio by Ramo & Whinnery, Wiley 1944. Hardbound, very good condition, owner's name written inside front cover, a few pencil marks in text. 500 pages. $25

Radar Electronic Fundamentals T.O.16-1-195 US Navy Technical manual. June 1, 1944. Good Condition except for water damage on front edge; no pages stuck nor ink bleed. 474 pages. $15

Radio Fundamentals TM11-455 US ARMY Technical manual. 22 May 1944.

Good Condition except for owner's sticker inside front cover and a little writing on title page. 333 pages. $30

Reference Data for Radio Engineers by Federal Telephone & Radio Corp, cpy 1943, 4th printing 1944. Lots of realllly useful info about tubes & formulas in this small format hardbound book -- Good condition small part of frontspiece, probably where owner's was stamped, missing. 200 pages. $25

Tuned Circuits by J.M. Quinn, 1943. Small hardcover book 52 pages. Very Good condition, one page is punched with Los Angeles Public Library ID. $7

Most Often Needed 1926-1938 Radio Diagrams, originally published by Supreme Publications 1941. This is a REPRINT, by Vintage Radio. 240 pages, solid schematics! Like new, $15

Radio Television Supply Company catalog #15 (1940?) (they used to be in downtown Los Angeles). Small tear at the top of the spine, otherwise in very good condition.
256 pages. $15

RCA RC-14 Receiving Tube Manual 1940. Front cover rough and half of spine cover missing. Insides good. 255 pages, $15

ARRL Pacific & Southwestern Division convention program, San Francisco, CA, September 1939. Water damaged but, no pages stuck & quite readable otherwise. 16 pages. $10

Amphenol Bulletin No. 59-J, September 1939. Good condition, 6 pages, $10.

Hadley Transformer catalog No. T6, no date but, looks pre-WW2. Good condition, 15 pages. $20

Kenyon Transformer catalog 1939. Good condition, 15 pages. $20

Cornell-Dubilier Capacitor catalog #161, 1938-39. Very good condition, 39 pages. $30

RCA TT-3 Air-Cooled Transmitting Tubes 1938 copyright
overall good condition w/slight damage at top & bottom of
spine & first 20 pages of lower right corner. 192 pages -- $20

Radio Supply Company catalog #10 1938? (they used to be in downtown Los Angeles) Front cover loose, back cover missing. 160 pages $10

Radio Television Supply Company catalog (1937?) (they used to be in downtown Los Angeles). A couple of spots on the cover otherwise in very good condition.
172 pages. $15

Television by RCA, Vol. 1, RCA Institutes, 1936. A collection of papers concerning the genesis of television. Softbound, a couple small tears at the bottom of the cover, insides in very good condition, 452 pages. $250

Advanced Laboratory Practice in Electricity and Magnetism by Terry & Wahlin, McGraw Hill, Third edition, 1936. Hardbound, 318 pages. $7

Radio Supply Company catalog 1934 (they used to be in downtown Los Angeles) -- a little smudging on the back cover and two middle pages torn on the edge but, otherwise in fine condition. There is a sticker from the (original?) owner on the first inside page. 85 pages, the last 10 or so of which are receiving and transmitter tube data from the era. $15

5 Meter Radiotelephony by Frank Jones -- This is a REPRINT of a 1934 booklet
Excellent condition 20 pages or so $4

Elin company overview book 1932
very good condition except cover is almost loose
Text is in GERMAN. Lots of photographs of electrical equipment, tools, machinery, and construction projects.
128 pages $4

Inca (Phelps-Dodge) Transformer catalog No. L-31 (1931?). Good condition, 8 pages. $25

Radio Amateur's Handbook Ninth Edition by the ARRL, 1931. Has a typewritten note glued to the frontspiece stating that it belongs in the radio room of the USS Maryland (which was moored just inshore of the USS Oklahoma on the first Pearl Harbor Day). Cover somewhat rough, torn at spine, index and first two chapters missing up to page 24, otherwise good, no writing nor torn pages. Softbound, about 200 pages left. $500

Radio Doings Call Book Spring 1931 edition
cover taped at spine, otherwise very good
50 pages $7

Radio Amateur's Handbook Sixth Edition by the ARRL, November 1929. Cover a little worn at edges and on spine otherwise excellent, no writing nor torn pages. Softbound 225 pages. $125

Radio Doings Vol 15, #1 June 1929 edition
cover, first two & last two sheets missing otherwise o.k.
pages 5-62 remain $4

Official Radio Service Manual 1930, originally published by Gernsback Publications. This is a REPRINT by Vestal Press, 1984. Schematics & some service info. 352 pages, like new $15

All of the above plus shipping, if necessary, naturally.

And, if properly modified, the MC-50/60 does pretty
good. If I'm not mistaken, the Heil Pro-Line uses the
HC-5 element (or the HC-4 very tinny).

I have a like new computer monitor. Its a 15 inch CTX SVGA monitor. It has very very low hours on it if any at all. It was on a server and the monitor was off. Great for packet and surfing the newsgroups for ham stuff. AND other things.

$65 plus shipping

Mike WB2GLW

> Radio Amateur Callbook V41 #2 -- DX listings only, 1963. Front cover a bit torn up and it looks like something heavy was resting on it for 20 years. Insides OK. $4

Obsolete callbooks for four and ten bucks? I guess that you never know when you might wanna locate some silent keys and send them a posthumous QSL card, particularly the foreign ones from thirty nine years ago..

Such a deal..

I have a MINT, optoelectronics Xplorer for sale, unit comes with all original accessories: Asking $600 shipped obo CONUS FedEx 2 day. Unit is factory unblocked and works flawlessly. Older software version w/o LTR - I will consider trade for 500MHz plus working laptop
Photo upon request mkatz3@cfl.rr.com

1 - Manual, some paper wear
1 - Original box
1 - Opto Xplorer - Unblocked, serial # 460108 - no mars, perfect condition, good battery
1 - Opto soft case for above - perfect condition
1 - 3.5" floppy "Xplorer /Scout download Untility / OS456/OS535 checkout utility"
3 - 3.5" floppies "Geo_db/Xplorer" from percon - unused
1 - Standard/rapid charger with cord - perfect condition
1 - download cable - xplorer to BD9 (pc)
5 - misc antennas

Prop Pitch assembly, medium size (weighs about 35 pounds).   Includes the
top mounting plate and crown gear (which currently has a flat plate
welded to it. This unit has been "modified" (final gear pinned) so that
it turns about 1 RPM with 12VDC applied. $150

plus shipping, if necessary, naturally.

Late '70's vintage likely Military, probably airborne, VHF power amplifier assembly. It consists of 7 almost identical amplifier assemblies clustered around a central housing that has splitter combiner networks which are plugged onto each end with a bunch of SMB connectors. There are TNC's for the main in's & outs. I think it was originally configured as one amp, driving two, driving four boards. The complete assembly measures 7.5" x 5" x 3.5" overall -- the individual RF amp boards are 4.5" by 2". The outer covers are mostly missing. Each amplifier is a push pull design -- they appear to be 50 ohm in & out impedance with either PT6747 or PT6702 TRW transistors. I

would
guess this unit operates on 28VDC. I don't know what frequency range it covers nor the power level though, just guessing, it probably puts out at least 100W. And there is no manufacturer name -- probably went with the outer cover. Six of the stages are marked OK and one, the input stage I think, is marked NO Good. The individual amps have integral heat sink plates so, they could be removed from the assembly and used separately. Think of it as 7 amplifier boards @ $10 ea --
Bare PCB's would cost as much! -- $70

plus shipping, if necessary, naturally.

***** Power Supplies, Inverter, UPS *****

Open (L-shaped) frame linear power supplies 6" x 3" x 2" with attached 2 wire polarized line cord, 120V 60 Hz AC input; internal 1A line fuse. There is a relay that switches the 3 voltage outputs. They have a six-pin SIL output connector and come with a matching cable to pigtails. The wires are: GND, +5V switched, -5V switched, relay (gnd to operate), +12 switched, and +12 constant (for the relay). Just guessing from the 780X series regulators, I would think that the +12 and +5 outputs are good for about an amp. and the -5, which regulator is unheatsinked, perhaps a couple hundred mA.
$12 ea. (5 units available)

Lambda LM B0-60 -- 0-60V, .45A Linear Power supply with remote sense terminals, screwdriver voltage adjust, 5"x3"x7" -- used $25

Power General

Model 1035-2 -- 12V, 3A, Switching Power supply, uncased PCB 5"x3"x2" -- NOS $15

Model 3050-1 -- 5V@6A , 12V@1A & -12V@1A, Switching Power supply, uncased PCB 5"x4"x2" -- NOS -- $20 ea (4 available)

Model 3056-6 -- 5V@6A & 12V@3A, Switching Power supply, uncased PCB 5"x4"x1.5" -- NOS $25

Sierracin 5C12A -- 12V (5 Amp?) Switching Power supply with remote sense terminals -- open frame 5"x8.5" x2" -- used $15 ea (2 available)

NPC Model 12-115. 12VDC - 115 VAC 200W Square Wave inverter. Black case w/ gold anodized front panel measures 7"x7"x5" high. 10 lbs. shipping wgt. $20

International Instrumentation Model PUP-200. 200W computer style UPS. Off white case measures 15"x8"x6" high. Requires 24V worth of lead acid batteries, not included. 18 lbs. shipping wgt. $25

SAFT Model SPS400-117. 400W computer style UPS. Light tan case measures 11"x12"x6" high. Requires 24V worth of lead acid batteries, not included. 20 lbs. shipping wgt. $40

All of the above plus shipping, if necessary, naturally.

*** SWITCHES ***

Radio Switch 86 series 6PDT (3 DPDT wafers) RF style switch used good -- $30

General Electric WW2 vintage (has that BC-375 look) 6 position RF style switch.
Very solid detents! Used, excellent. $10

Switchcraft lever switches -- all have black round knobs unless noted
8PDT (#60024L) NIB -- $5

Three pos. 2 form B momentary (#3035) NOS -- $2
Three pos., 2 form F momentary (3000 series) used -- $2ea
Three pos., 3 form A momentary each side (3000 series) NOS, white rect. knob -- $3

Three pos., 2 form C momentary (#130312) NOS -- $2ea
Three pos., 2 form C (#130312L) NOS -- $3
Three pos., 3 form A momentary each side (13000 series) NOS, red rect. knob -- $3
Three pos., 2 fom C (DPDT) each side (#160312) NOS -- $3

C&K 8121 SPST miniature pushbutton switch -- 1A 120VAC silver contacts NOS $1 ea

Dialight 570-31 3PDT miniature toggle switch with 5/8" long handle -- 5A 125 VAC NOS $4 ea

Grayhill 46YY2159 Sealed Pushbutton switches, RFE -- These were SPDT but, the NC lead has been cut off flush with housing. The NO & COM terminals are cut short like they were removed from a PCB. Nice metal shaft has about .2" travel. No button nor hardware, 1/4" mounting thread. And there are a bunch of them -- 10/$1

All of the above plus shipping, if necessary, naturally.

Mark,

HT stands for handie talkie. GHam radio handheld. Check out Yeasu, Icom and
Kenwood sites for more
help. (I too, read don't sweat the small stuff anf I am still trying to apply
it.)

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount
with a UHF connector and 16.5 ft. of coax with a PL-259.
The mount is in excellent condition. I had to grind some of the plastic
base away at the back of the mount so that it would clear the rear
window molding when opening and closing the trunk. I was careful to be
neat about it and does not affect the performance. furthermore you
cannot see where it was altered because it faces the rear window on the
car. I am the original owner and have the plastic container and
instructions. I am asking $35.00 shipped ground UPS CONUS.

I have for sale a Comet HF mobile antenna system. This is the Comet QE system. The package includes the QE28 which includes the UHF type stinger adapter and a 10 meter loaded element. I am also including in the package the optional OP14 20 meter loaded element. The elements are interchangeable via the included stinger adapter which screws onto your UHF mobile mount which is not included. Other loaded elements such as a 40 and 15 meter can be purchased from radio stores that carry Comet antennas. I am the original owner and have the packing sleeves and paperwork. These antennas are as new and were used very little. These work well with any HF rig that is put in the mobile. I am asking $65.00 shipped ground UPS CONUS for both.

****** VACUUM CAPACITORS & other Vacuum things ***********

Jennings Vacuum Variables -- all used (or at least aged)

UCS-300-15S	300pF	15KV	$200	with standard puller, later manufacture (blue)
UCSL-750	750pF	3KV	$125	with standard puller
UCSL-1000	1000pF	3KV	$125	with standard puller

R1G SPST   20KV 20Amp Vacuum Switch $80

---Fixed vacuum caps--

Jennings VC-12 12pF 20KV $20
Jennings   50pF 86KV $86
Western Elec 100pF 5KV $30 (This one hi-pot checked @ 14KV)

--- Vacuum Relays --

Old "T" style vacuum relays, the coil slips over one leg
of the glass enclosed contact assembly -- One of the contacts has a Penta
Labs
part number: 420 53 3875.   The coils are 28V. $10 ea

Struthers Dunn Type 78CCA109 "Keying Relay" which consists of a vacuum
relay mounted on top of a small (2"x3"x4") metal enclosure. There is a
15 pin Jones connector on the side of the box. I believe that there are
some auxiliary contacts in the box in addition to the vacuum relay.
28VDC. $15

All of the above plus shipping, if necessary, naturally.

******* MICROWAVE *******

Hughes M-band balanced mixer assemblies which have WR-75 flanges
on the RF & Oscillator inputs and wire terminals on the IF outputs. $25 ea

Avantek SD7-0738N GaAs Fet Preamp. 3.7-4.2 Ghz WR-229 input flange.
N output connector. 4 pin AN type power connector -- pin assignments
noted on label. $50

Rantec FU-301 Filter? or Delay Line?? at some GHz ...I don't know.
N connectors -- 7 3/4" x 3 3/4" x 1" overall. $10

Display (or paperweight) Traveling Wave Tube. The tube was cut in half and encased in clear resin. 15" x 4" x 1.5" thick. There are some scratches on the resin surface which I think could be buffed out. $50

And a similar display piece of just the cathode assembly from a larger Traveling Wave Tube. 3.5" x3.5" x 1.25" thick $25

IMPATT Diodes -- NOS individually packaged with test data
NEC ND8P15-5H-C 1W @ 14.8 GHz $30 ea
NEC ND8V12TU 2.5W @ 12.6 GHz $50 (one only)
Loral GC-5831E 300mw @ 12.5 Ghz $20 ea

Microwave Mixer Diodes (I think!) -- NOS in original capsule packaging
Sylvania D5163 4 pcs $20 all

All of the above plus shipping, if necessary, naturally.

*********** Air Variable Capacitors ********

Cardwell enclosed 7 section variable capacitor assembly for/from some receiver -- The sections measure: 210, 210, 105, 105, 105, 100 & 75 pF. The unit is about 12" long and 3" square with a right angle drive mounted in the center and a 30 turn scale. This looks to be NOS (nothing ever soldered to...) but, it is a mite tarnished on the outside from being stored forever. There is also a (Mil?) number on the unit: SC3188A. $30

Johnson T9-5 minature vertical PC mount trimmers 1.9-15.7 pF, Silver Plated machined plates -- NOS 2/$1

G.I. Corp 70 pF, .080" air spacing, about 3.5"x3.5"x3" overall, �" shaft $2ea (2 available)

National Type DX 500pF variable capacitors, approx. 3" X 3" x 3" overall fairly good condition. $10 ea.

Remler "scissors" variables. Type 630 350pF $25
Type 631 500pF $25

Hammarlund NZ-10 Neutralizing capacitors, shiny NOS, $20 pair

..and a whole bunch of used Neutralizing capacitors as listed below $5 ea or take 'em all for $25.

Bud NC-853 (2 available)
NC-1000 (2 available)

Hammurlund N-10 (ceramic repaired)

National NC-800 (old version - ceramic repaired)
NC-800 (later version)
NC-150

Johnson 150-375

Millen (part no. unknown) w/ 2-5/32" disks
(part no. unknown) piston style

Unknown Mfgr w/ 2" disks

All of the above plus shipping, if necessary, naturally.

This unit was built 7/14/78
and has been sent in to I.F.R.inc. every 6 months for retuneing.
It works very good and go's from 100kz 999.999 all modes work.
I use it for fixing all my radio's but now i am in need of a set of good duplexers.
TX147.195 AND RX 147795.
Or make a cash offer.
Thank you
N9ZDZ

FS: Five pieces of radio control equipment

Airtronics Vector VT2P 75 MHz R/C transmitter -- Channel 64.

KO Propo EX-5 27 MHz R/C transmitter on 27.045 Mhz... I think

JR Remote Control / Circus Hobbies Unlimited Series FM transmitter module (only) -- 72.550 MHz

JR Remote Control / Circus Hobbies Unlimited Series 8 Channel Receiver NER-J128M -- 72.4 MHz

JR Remote Control / Circus Hobbies 9 Channel Receiver NER-529X -- 72.550 MHz

I checked the top two transmitters and they output on a spectrum analyzer.   I have no way to check the receivers -- they may be NOS; the antennas appear to have never been uncoiled.

I don't think that these units are interoperable. The top two transmitters look like they are for use with cars and the bottom two receivers seem to have nomenclature that would suggest model planes.

Asking $100 for the lot, plus shipping if necessary, naturally.

rec.radio.amateur.swap:1987

With overtime becoming abundant over the holiday season for me, I am actually going to have some extra cash to spend on something other than bills!

I am looking for either a 6 meter FM only rig or 6 meter all-mode rig, preferably a mobile configured rig, or a "base" model capable of recieving 12-13.8vDC from my auto. Please feel free to email me with what you have for sale. Appearance not as important as long as the display is readable, and the information around any dials or buttons is discernable. The radio MUST BE 100% fully operational as it was designed to be.

Thanks,
Ryan KC8PMX

*** RF Attenuators ***

Heavily built RF Attenuator, adjustable between 0-50dB in 10dB steps. 8" flying leads w/one terminated in a BNC Bulkhead female and the other with an N Male connector. Looks like it should be good to at least 1 GHz. 3 1/2" diameter by 4" deep overall and weighs about 4 pounds each. There are tapped holes in the front frame for panel mounting. No manufacturer is indicated. A 3/8" shaft adjusts by pulling (with a spring return) and turning so there is no chance of inadvertent resetting. No knob nor dial is included. $25

Mfg. Unknown, 0-59 dB 50 ohm RF attenuator -- about 3" diameter by 6" long overall with concentric knobs (10db & 1 dB steps) & side mounted TNC connectors. -- $35

Telonic TB-50A 0-10dB 50 ohm RF attenuator -- 3" diameter by 3" deep w/ side mounted BNC connectors. $20

6 dB low power pads with N connectors, male on one end, female on the other. Approx. 1"x1"x3" overall. 2 available $10 ea.

All of the above plus shipping, if necessary, naturally.

******* Panel Meters ********

Analog Devices AD2004 4� Digit LED 2 (1.9999) volt Panel Meter; NOS w/ data sheet $40

Datel DM-3100L-7089 3� Digit LED Panel meter; range & condition unknown. $10

FLW Model 204B2, ER2 & model 204B-2D1,ER2,01 digital panel meters w/internal 120VAC power supply. 4 digit display plus a minus sign; 3� or full 4 digits ?? Full scale unknown-- $25 pair

GE 50-283013MTMT1 3" thin edgewise panel meter 10V scale NOS in old box -- $15

GE DW-44 2" round 8A RF Ammeters w/ internal thermocouple $15 ea

GE 50-240001AAAA1 2" round 100000 Hour Running Time meters 120VAC 60Hz NOS $20 ea

A.W. Haydon miniature 10000 Hour running time meter. Case is about 1/2" square (exclsive of mounting flange) by 1" deep. 115VAC 400Hz NOS $15

Hobbs 120 VAC 60Hz 99999.99 (Yes, displays down to 100th's!) Hour running time meter about 1" high by 2" wide rectangular with triangular shaped mounting ears. New $20 ea
See the top meter displayed on the link below except that the only screening on the front of the units I have is the 1/10 hour pointer: http://www.hobbs-corp.com/cat1_hr7.html

Motorola 52B892096 3�" Square Meter (movement actually made by Simpson). This is some kind of tuning (or deviation?) meter with a 12 pin connector (like a 9 pin miniature tube outline plus 3 extra pins in the center) wired to the meter. $15

Simpson Model 45 3" round VU meter $20

Simpson 3" sq modern plastic 500-0-500ua movement w/ 50-0-50 scale -- $10

Triplett 320-G 3�" rectangular. 50-0-50 ua -- $15
Triplett 321T 1 Amp DC 3.5" Round meter NIB -- $20
Triplett 327T 10 Volt DC 3" Square meter NIB -- $20

Westinghouse 3�" Square RX-35 series meters, used -- $10 each

15 VDC 20 VAC 35KV (2mA full scale on this last unit)

Westinghouse 2" round 9A RF Ammeters w/ internal thermocouple $15 ea

Weston 301 3" square 3A RF Ammeter (requires external thermocouple that I don't have) $7

All of the above plus shipping, if necessary, naturally.

```

alt.ham-radio.marketplace:7148 rec.ham-radio.swap:1377
sci.electronics.components:14219

***** Used Coax Connectors ****

These are mostly used, fairly clean, (at least 80%) Amphenol parts. There are anywhere from about 4 to 25 of each type available.

UHF female - UHF female barrel connectors -- $1 ea

UHF male - BNC female adapters -- $2 ea
UHF female - BNC male adapters -- $2 ea
UHF F-M-F Tees -- $2 ea

UG-57B/U N Male-Male connector -- $4 ea
UG-635/U C Female - BNC Male adapter -- $5 ea
UG-636A/U BNC Female - C Male adapter -- $5 ea
UG-259A/U 91836 -- HN female to LC female bulkhead adapter -- $30

SMA Female-Female Bulkhead connector -- $1 ea

N Female Chassis Mount connectors with gold (plated/flashed) PC style center pin (entends about 1/8" back from the insulator). Connex brand -- $1ea

***** New Coax Connectors *****

UG-1213/U HN Male Cable connector NOS -- $10

Kings KH-39-11 HN Female Cable connector NOS -- $10

Below are all new crimp on connectors, with all hardware, in individual plastic bags; early-mid 1990's date codes.
I believe that they are all for RG-59 size cable.

Kings Electronics
KC-59-642-M06 BNC Cable Male -- $1 ea
KA-59-385-M06 TNC Cable Male -- $1 ea
KA-19-43 TNC Bulkhead Female -- $1 ea

*** Coax Antenna Relay ****

Dow-Key DK-60 style 110 VAC coil -- $30 (last one)

(3) UHF connectors. Somewhat old looking on the outside but, I popped the inspection port and all the contacts are all happy -- goes "clunk" upon application of the appropriate voltage.

All of the above plus shipping, if necessary, naturally.

Sierra Electronics model 164B Bi-Directional Power / SWR meter (looks just like a URM-120) with 181-A-1000 element -- covers 200-1000 MHz with four power ranges: 10W, 50W, 100W & 500W full scale. Case is in good condition finished in "Howard Hughes" (light) green -- leather carrying strap is in very good condition. N connectors (M&F) -- $100

Teaberry model TB 6503 HF SWR / Power meter. 100W / 10W ranges FWD & REF power plus SWR. UHF connectors. $7

TEI model 28-200 relative power / SWR / Field strength meter -- screw in whip antenna is missing. UHF connectors. $10

All of the above plus shipping, if necessary, naturally.

*** Crystals and Oscillator ***

CTS Knights JKTO-47 970-2602 -- 1MHz ovenized oscillator
also bears Collins part number: 292-0308-010. Looks new, w/data sheet.
   Original cost was $325!   now only $50

James Knights Glass octal base (tube style) crystals
  Type G9   97 KHz (split electrodes) -- $20
  Type G9A 1 MHz -- $20

Signal Corps octal cased Crystals -- $15 ea
DC-9AJ 1000KC
DC-9D 1000KC
DC-15A 200KC

FT-241 -- 200 KC $10 ea

Motorola B5490303P2 Crystal ovens, octal base $5 ea

US Army Signal Corps dual compartmented crystal case CS-137
with complete set of 120 FT-243 crystals -- channels 270 (5675 kc)
through channel 389 (8650 kc) inclusive; all checked good! $250

FT-243 -- 1000 1500 2000 2500 5000 5350(10.7 marker) 10000 -- $7 ea

Bliley AX-2 (FT-243 pin spacing) -- 3974.0 14125.2 $3 ea
CR-1A -- 5910 Kc, 7580 Kc-- $3 ea
DC-35 (large) crystal 3870 kc -- $5

FT-243 crystals -- $2 ea, 10 for $15, or $30 for all

1640.93 2506 2550 2637 3093 4035 4190 4280 4450 4495
5295 5327.5 5500 5660 5995 6554.5 6555 6673.3 6783.33
7313.8 7340 7366 7825 7900 8230 8250 8330 8333.3 8405 8850
12460 14346 14741 14760 14780 14800

HC-6 / CR-18 / CR-27 (large case modern) Crystals -- $2 ea, 10 for $15, or $40 for all
1152 2126 2142 2182(10) 2206 2512 2522 2565 2566 2597 2620 2638(5) 2670(5)

13683.33 39814.815 47045(2) 47946.666 KHz

HC-49 / CR-81 (small case modern) crystals -- $2 ea
18.350 39.7222 40.220 40.300 40.680 47.250 50.31388 61.250 MHz
152R4500(FTM-15) 152T450 157R710 457T2875 452R40 457T40(16.94074)

Pair marked CH26 T&R KSS9GO ($6 pair)

Assorted larger cases
41.7 128 141.480 744 KHz -- $7 ea

VHF crystals -- Take all below for $25

Crystal pairs $5 pair
HW-202 Crystals
  146.37 T & 146.97 R
  147.345 T & 147.945 R

TR2200 Crystals
  146.37 T 146.97 R

TR2200A Crystals
  147.345 T 147.945 R

Two Meter HC-6 & SC-17 Crystals $3 ea

x24 Transmit Crystals
  KHz /   MHz
6036.66 / 144.88 (2)
6061.666 / 145.48
6083.750 / 146.01
6121.250   / 146.91
6122.5 / 146.94
6148.750 / 147.57

HC-6 for some Motorola Receiver
11348333 / 144.88
11398.333 / 145.48 (2)
11492.5 / 146.61

SC-17 for something

26982   / 146.91
27114 / 147.57

An HC-6 Pair
  144R89 145T49 one pin cut short on each

All of the above plus shipping, if necessary, naturally.

*** Homebrew Radio things ***

Many hams build things with a large investment in time & parts that are worth far less... later. Here are some items from the estate stuff I've been selling that fit that description -- priced accordingly.

Unless noted, most of the items below are built on PCB material and most of the enclosures are made by soldering pieces of PCB material into a box -- not all sides may be present! Batteries not included! A few of these devices come with schematics, mostly not. The wiring is all open enough that you can generally see what is going on.

Battery drainer -- LM317K (TO-3) plus a pot wired as a current sink to drain batteries -- 4" x 3" x 1.5" -- $2

PL Tone generator -- Wein Bridge Oscillator powered by two 9 volt batteries. - $3

Touch Tone Encoder -- Western Electric Touch Tone Dial mounted in a 4"x4"x2" metal enclosure with power switch. Has a 4 pin DIN connector plus matching cable terminated in a 1/8" mini plug. $4

Two Tone generator -- Two Wein Bridge Oscillators powered by two 9 volt batteries on perf board. - $4

Some kind of test oscillator with a 556, two pots with anodized gold (colored) knobs, pwr. sw.. LED,. & Banana jack outputs -- $4

60dB Sampling Tap -- HN female connectors for the main line and a BNC for the tap. 1KW in the line puts 1mW to the tap. -- $10

435 MHz power splitter with (3) N connectors. This is made out of brass sheet stock and is about 15" long by 1" square. $10

Varactor multiplier (unfinished) -- looks like it's designed for 144 to 432. Built in a 3.5" x 2" x 7/8" extruded aluminum case -- top plate missing. Silver plated coils, Johnson 189-6-4 caps. It think it is complete execpt for the input and output leads. $10

Some kind of VHF thing just started. Pomona 4"x2.5"x1.5" cast box with a couple 160-104 capacitors, BNC connectors, a miniature 50K bourns pot., 6 capacitors mounted to gold plated terminals with a very pretty gold flashed internal shield structure. Nothing is soldered -- this was just started. $10

Antenna Noise bridge? -- Pot & Cap plus 4 transistor circuit mounted in a 5" x 4" x 2" enclosure. BNC connectors marked ANT & RX. Pwr SW. & Led Powered by a single 9 volt battery. - $10

Two Meter to 24-28 MHz converter (I think!) -- 5" x 4" x 1.75" -- $10

A VHF thing -- Two trombone lines adjustable between 4-6" with a transistor connected between them plus a Phasotron 50 ua 2" round meter on a BNC cable with a small loop w/a diode. -- $10

NTSC Frequency reference -- I think this was a QST project in the early 1980's. PCB in 4"x5"x8" metal case (top missing) w/feet, AC line powered. -- $15

144-148 MHz to 24-28 MHz Transverter -- 5" x4" x 4" overall -- 2N3866 Output transistor, probably runs about a watt on transmit. Barrier strip for power (12V?) and an 8 pin Japanese style Mike connector for ?. Transmit & receive

sections are each 5" x4" x 2" and only interconnected with a few wires --
$20

All of the above plus shipping, if necessary, naturally.

*** An Old Electronic Keyer, & 4 straight keys ***

Hallicrafters HA-1, "T.O." keyer, with original manual. Working! Including the octal to phone plug cable to connect it to a transmitter. $60.

The Keyer may be seen at:
http://y42.briefcase.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=TO-1.jpg&.src=bc&.view=t&.hires=t

A SpeedX with a rectangular base.   Note crack in left pillar casting does not affect functionality. $15
Photo on display at:
http://y42.briefcase.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Speedx1jpg&.src=bc&.view=t&.hires=t

A SpeedX with an oval base; Note, the tune lever is missing its knob. $15
Photo on display at:

http://y42.briefcase.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Speedx2
jpg&.src=bc&.view=t&.hires=t

A Military Key marked SC1184A on the bottom. Color is not really as "brassy"
as in the photo. $15
Photo on display at:
http://y42.briefcase.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Milkey.
jpg&.src=bc&.view=t&.hires=t

A Key made in Japan. $15
Photo on display at:
http://y42.briefcase.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Jkey.jp
g&.src=bc&.view=t&.hires=t

All of the above plus shipping, if necessary, naturally.

Contact: Marv WC6W   310 649 3111 (reasonable hours Pacific Time please)
or via: Marv_E_Ads@Juno.com

************ Old Knobs **************

These are all used, most have set screws, with nothing worse than minor scuffs and smudges and fit 1/4" shafts, unless noted.

Dakaware
1-1/16" Knurled Knob -- $3
1-1/16" Knurled Knob w/ 1.5" skirt w/ white indicator line -- $5ea
1-1/16" Knurled Knob w/ 2" skirt marked 0-10 -- $8
1-5/8" Knurled Knob w/ 2-1/16" skirt & unfilled indicator line -- $8
2-3/8" Knurled Knob w/ white vinyl pointer at skirt level -- $12 ea
2-3/8" Knurled Knob w/ 3" skirt & unfilled indicator line -- $12
2-1/16" skirt only -- $2

Short (1-3/16")pointer knob w/ white indicator line $1 ea
Long (2") pointer knob w/ white indicator line $1.50

Harry Davies
#1206 1-3/8" knobs -- $4 ea
Short (1-3/16")pointer knob unfilled indicator line -- Not sure if this is Davies... There are a box of these -- 2/$1 ea

Hewlett Packard (70's vintage)1-5/8" spinner knob w/ 3/8" bushing -- $10

Kenwood 5CM diameter knobs that look like they are from a Kenwood TS-830 (main tuning knob) or similar
"Stock" knob -- $7
One that's been backfilled with shot to give it some heft -- $7
The plastic spinner version -- $15

Kurz-Kasch
#308 1-1/8" knob -- $4
#308 1-1/8" knob w/ 1-3/4" brite metal skirt with 100 graduations and tens indicated in black -- $8
#309 1-5/8" knob w/ metal spinner and 2-1/4" black metal skirt with 100 graduations and tens indicated in white -- $12
#309? (may not be KK) 1-5/8" knob w/ plastic spinner and 2-1/4" metal skirt with 100 graduations and tens indicated -- $12

#310 2-3/8" knob -- hub drilled out to 3/8" -- $8
#310 2-3/8" knob w/metal spinner shaft -- $12 ea
#311 2-1/16" skirted knob (some of the white lines are need refilling on these) -- $8ea
#380 1.5" skirted knob -- $5

These look like what was on some '60's Hammarlund, Eico & Knight Kit stuff
#642 1.5" skirted knob -- $5
#S-645 .75" skirted knob w/indicator line -- $5
#647 1" skirted knob w/indicator line -- $5 ea
#653 1.5" skirted knob w/indicator line -- $5 ea

Millen? (has a logo that looks like a "M" with an "I" superimposed at the center) #309 3-1/2" Handwheel style knobs as seen on the SX-28, if I recall correctly.

These are all in need of minor plastic surgery -- two have chips out the skirt where the set screw goes and one has had it's center drilled through... perhaps, to make a concentric assembly??
$10 ea.

National HRT 2-1/16" diameter
Black, trim rings somewhat tarnished -- $5 ea
Gray, trim ring shiny like new -- $10

National Type A Velvet Vernier dials-style 2 (marked 0-100 over 180 degrees) 3-3/8" or 4" diameter -- good condtion, $25 ea

There are also many knobs from 1960's Tektronix and Hewlett Packard oscilloscopes, if anyone has any need, please inquire.

All of the above plus shipping, if necessary, naturally.

********** Old Radio Books & Catalogs **********

Radio Amateur Callbook V62 #1 -- US & DX listings 1984. Just a bit of wear at the corners. $10 (2 books)

Handbook of Electronic Communication by Gary Miller, Prentice Hall 1979. Hardbound, very good condition, owners name written on frontleaf, 339 pages. $7

101 Ways to Use your VOM & VTVM by Middleton -- Howard W Sams. Good condition 144 pages. $5

Radio Amateur Callbook V41 #2 -- DX listings only 1963 Front cover a bit torn up and it looks like something heavy was resting on it for 20 years. Insides OK. $4

RCA HB-3 Tube Handbook
  Loose leaf 6 ring binder style data sheets starting in the late '40's with additions and
updates through October 1966. Sepatate sections cover Transmitting Tubes, Receiving Tubes (Part 1 & 2),
Industrial receiving tubes, Photosensitive devices, Thyratons & such, CRT's & Picture tubes,
Miscellaneous types, & semiconductors.   The updates appear to have been made in all
these sections except Picture Tubes which is somewhat disorganized. It also appears that the
obsolete data sheets were kept for reference. The whole collection is about 30" wide on a shelf.

Shipping weight will be 20 lbs. Excellent condition; mostly never read! One gotcha - No binders. $150

RCA Transistor Manual SC-13, 1967. Good condition 540 pages. $10

Having Fun with Transistors by Buckwalter -- Howard W Sams. Good condition 127 pages. $5

Amateur Single Sideband by Collins Radio. 1962 Hardbound. Excellent condition except owners name in ink on p.106. 143 pages. $50

Allied Electronics Data Handbook. Lots of formulas. Water damage on cover and about 1/2" into edges, no pages stuck. 1962. $2

Understanding Transistors by Allied Radio. 1962 First Edition, first printing. Good condition 96 pages. $10

Heathkit Catalogs
   1954, 55, 56, 57, 58, 59 &
   Fall-Winter '62-63,
   Xmas '89 + Winter, Spring, Summer '90 $100 all

Handbook of PREFERED CIRCUITS
Navy Aeronautical Electronic Equipment
vols. 1&2 (1955 tubes & 1962 transistors)
very good condtion $25

40 Uses for Germanium Diodes by Sylvania Electric Products. First edition, first printing, 1951. Cover separated, some writing on cover & frontspiece, otherwise good condition. 47 pages. $7

Electronic Shortcuts for Hobbyists by Sylvania Electric Products. Second edition, first printing, 1951. Cover separated, otherwise good condition. 35 pages. $7

Electrical Fundamentals (AC) TM11-681 US ARMY Technical manual. December 1951. Good Condition except for water damage on front edge; no pages stuck nor ink bleed. 231 pages. $7

A Course in Radio Fundamentals by George Grammer, ARRL. Third edition, 1948. Good condition except cover taped at spine, owner's name written on front. 300 pages. $5

Surplus Radio Conversion Manual Vol. 2 1948 Good condition, 125 pages. $15

Radar Electronic Fundamentals T.O.16-1-195 US Navy Technical manual. June 1, 1944. Good Condition except for water damage on front edge; no pages stuck nor ink bleed. 474 pages. $15

Reference Data for Radio Engineers by Federal Telephone & Radio Corp. Lots of realllly useful info about tubes & formulas in this small format hardbound book -- Good condition small part of frontspiece, probably where owner's was stamped, missing. 200 pages. $25

Tuned Circuits by J.M. Quinn, 1943. Small hardcover book 52 pages. Very Good condition, one page is punched with Los Angeles Public Library ID. $7

Most Often Needed 1926-1938 Radio Diagrams, originally published by Supreme Publications 1941. This is a REPRINT, by Vintage Radio.
240 pages, solid schematics! Like new, $15

Radio Television Supply Company catalog #15 (1940?) (they used to be in downtown Los Angeles). Small tear at the top of the spine, otherwise in very good condition.
256 pages. $15

RCA RC-14 Receiving Tube Manual 1940. Front cover rough and half of spine cover missing. Insides good. 255 pages, $15

RCA TT-3 Air-Cooled Transmitting Tubes 1938 copyright
overall good condition w/slight damage at top & bottom of
spine & first 20 pages of lower right corner. 192 pages -- $20

Radio Supply Company catalog #10 1938? (they used to be in downtown Los Angeles) Front cover loose, back cover missing. 160 pages $10

Radio Television Supply Company catalog (1937?) (they used to be in downtown Los Angeles). A couple of spots on the cover otherwise in very good condition.
172 pages. $15

Advanced Laboratory Practice in Electricity and Magnetism by Earle Terry, McGraw Hill, Third edition, 1936. Hardbound, 318 pages. $7

Radio Supply Company catalog 1934 (they used to be in downtown Los Angeles)
-- a little smudging on the back cover and two middle pages torn on the edge but, otherwise in fine condition. There is a sticker from the
(original?)
owner on the first inside page. 85 pages, the last 10 or so of which are receiving and transmitter tube data from the era. $15

5 Meter Radiotelephony by Frank Jones -- This is a REPRINT of a 1934 booklet
Excellent condition 20 pages or so $4

Elin company overview book 1932
very good condition except cover is almost loose
Text is in GERMAN. Lots of photographs of electrical equipment,
tools, machinery, and construction projects.
128 pages $4

Radio Amateur's Handbook Ninth Edition by the ARRL, 1931. Has a typewritten note glued to the frontspiece stating that it belongs in the radio room of the USS Maryland (which was moored just inshore of the USS Oklahoma on the first Pearl Harbor Day). Cover somewhat rough, torn at spine, index and first two chapters missing up to page 24, otherwise good, no writing nor torn pages. Softbound, about 200 pages left. $500

Radio Doings Call Book Spring 1931 edition
cover taped at spine, otherwise very good
50 pages $7

Radio Amateur's Handbook Sixth Edition by the ARRL, November 1929. Cover a little worn at edges and on spine otherwise excellent, no writing nor torn pages. Softbound 225 pages. $125

Radio Doings Vol 15, #1 June 1929 edition
cover, first two & last two sheets missing otherwise o.k.
pages 5-62 remain $4

Official Radio Service Manual 1930, originally published by Gernsback Publications. This is a REPRINT by Vestal Press, 1984. Schematics & some service info. 352 pages, like new $15

All of the above plus shipping, if necessary, naturally.

*** Oil & plastic capacitors ***

Three section 8uF (common return) 600 VDC "oil" caps, 5", 3.5" x 2.25" used -- $10 ea

10uF 1000VDC NTK caps, 5", 3.5" x 2.25" w/ mounting ears used -- $10 ea

1uF 7500VDC GE "oil" caps 4"x4"x2" plus about 2" worth of insulator/trerminal on top $10 ea

*** Electrolytic Capacitors ***

Filter Cap Assemblies: Eight CDE 80 uF/450V axial electrolytics mounted to a 5"x8" fiberglass PCB -- these are currently wired sort of series-parallel but, could be reconfigured by cutting & jumping a couple PC traces. $20 ea. (2 available)

Below are mostly NOS & range from 10-30 years old. Many of these parts are in qty 2-6.

Axial Leaded

210uF@35V -- $.25
250uF@40V -- $.25
500uF@50V -- $.50
500uF@75V -- $1
750uF@50V -- $1
1000uF@50V -- $1
1000uF@75V -- $2
2000uF@50V -- $2

2200uF@35V -- $1
2700uF@30V -- $1
4700uF@25V -- $2
4700uF@35V -- $2
6800uF@15V -- $1
8000uF@20V -- $2

80uF@175V -- $1
120uF@250V -- $2
200uF@250V -- $3
40uF@450V -- $4
80uF@450V -- $5
10uF@475V -- $1

Radial Style

1000uF@20V (used) 4/$1
2200uF@25V -- $1ea
2200uF@35V -- $1.50ea

1000uF@200V (used) -- $2
2000uF@200V -- $3
330uF@400V -- $3

560uF@250V / 47uF@250V -- $4

Old Can Style (Approx 1.5" diameter) mostly NOS Sprague & Mallory

Multi-Section Units -- $5 ea
150uF@175V / 150uF@175V
300uF@175V / 250uF@175V
100uF@250V / 100uF@250V / 600uF@100V

I am now accepting orders. Overseas shipment is confirmed. 20 3'
antenna and feeds to arrive in about 14 days. 3 taken.
I have worked very hard to bring these antennas into the country after
they were made to my design. These antenna are NOT BBQ grills posing
as microwave antenna. These are the real thing. I'm not a big
company, i'm just a Ham like you trying to fill a void out there. I
was amazed that there wasn't a single company making anything of real
quality for AO-40, so I thought I would give it a try. I hope I am not
offending anyone by posting here. I'm just trying to get the word out
and save possible customers the cost of advertising.

Drop by my new web site and look around. Leave me a comment if you
like.

Used caps?????

Bad enough that no direct reply is possible... But used caps takes the cake.

Oh, on those values where Santech has a match, their prices are uniformly 30% cheaper, for -new- caps.

Santech Electronics
P.O. Box 187
Tappan, NY 10938
845-359-1130 voice
845-359-5918 fax

I have been using them for about three years now, and find them excellent, prompt and honest. A bit old-fashioned (no computer, no credit cards), but then so are my radios.

Not trying to interfere with commerce here, but merely providing a point of comparison.

I have for sale a Heathkit IM-2420 frequency counter. This frequency counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as follows:
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I am asking $120.00 shipped ground UPS CONUS

I have for sale an as new mint MFJ-1118 high current DC powe strip with volt meter. This power strip lets you power six or more accessories from your transceivers main 12 VDC supply. There are also two pairs of super heavy duty 30 amp 5-way binding posts to connect your tranceivers. Each pair is fused and RF bypassed. This also has an independent on/off switch with an "on" LED indicator. There ia also a built in 0-25 VDC volt meter. I am the original owner and have the box and paperwork. I am asking $60.00 shipped ground UPS CONUS.

I have for sale a mint Yaesu VX-5R triband HT.  I am the original non
smoking owner.  This ht is less than 1 year old and has had only a few
hours of actual use, most of which was monitoring.  This ht never left
the inside of my house and is as new.  The ht is super wide band receive
from .5-999MHz cellular blocked.  It transmits 5W on 6M, 5W on 2M and
4.5W on 70cm.  I have the boxes and all paperwork including the warranty
card.  The following accessories are included in the price:
Yaesu MH-35 hand/speaker mic.
Yaesu CN3 antenna adapter for use with BNC connector
Yaesu CD-15 rapid charger
Yaesu FNB-58LI lithium ion extra battery
Yaesu SU-1 Barometric pressure/altitude board
Yaesu CSC-73 soft case
Yaesu E-DC-5B DC cable with voltage regulator and cigarette lighter plug
Comet MH-10 6m/2m/70cm triband HT high performance wide band receive ant

The radio has all of the factory included accessories.
I am asking $410.00 shipped ground UPS CONUS

What the F____ would somebody want with a battery drainer. I put that right
up there with life priorities like having a lint brush for my navel.

John
VA3JQ

In the early '80s, there was a lot of belief that nicad life could be
extended by 'deep cycling' the batteries now and then. Drain them fully, and
charge them back up.
Also, a lot of people liked to experiment by measuring the voltage over time
as they were discharging.
It was very popular then, and in the '70s to fool with nicad behavior.

The "Electronic Shortcuts For Hobbyists" origionally cost 25 cents!
Diode book about the same,
Don't you think $7.00 each is a little much!

Kenwood YK-88SN-1 1.8-kHz SSB filter for 8.83 MHz IF. $55 shipped CONUS.

Kenwood YK-88C-1 500-Hz CW filter for 8.83-MHz IF. $55 shipped CONUS.

$100 for both shipped CONUS.

These are the filters on PC boards for rigs such as the TS-850, TS-950, etc.

73,
Jeff Kilgore, KC1MK

College student looking for a good, but inexpensive HF setup to call my own.
Tube equipment is definitely of interest. Will also possibly look into
non-working radios.

73,
Chris

I have for sale a Heathkit IM-2420 frequency counter. This frequency counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as follows:
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I am asking $120.00 shipped ground UPS CONUS

Mike/keypad from any radio wanted. Wanto to use it rarely with a Alinco HT

I know, I know, I'll have to supply juice to pad &, perhaps, mic preamp.

Diag. of jack on radio where it once plugged wud be a big help.

Thanks for attention es 73s

Marty AA4RM

A "pull" is a part that has been removed from a piece of equipment, usually used, but can be from new equipment that has been salvaged for parts because it is no longer useful for it's designed purpose.

CTX 15" SVGA monitor. Like new. It was on a server and never used. I removed it for a client and we had no room for it in the new server area. $80 plus shipping from Long Island

Panasonic 24 pin dot matrix printer. It was also on the server. For ??? reason. Self test is good the ribbon is dried out. Needs a new ribbon. $25 plus shipping. Great for labels or e-mail, newsgroup stuff. No manual or drivers.

Diamond internal PCI 56k modem. I have to drivers for it. But I saw the
drivers on the Diamond web site. $20

Mike

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount
with a UHF connector and 16.5 ft. of coax with a PL-259.
The mount is in excellent condition. I had to grind some of the plastic
base away at the back of the mount so that it would clear the rear
window molding when opening and closing the trunk. I was careful to be
neat about it and does not affect the performance. furthermore you
cannot see where it was altered because it faces the rear window on the
car. I am the original owner and have the plastic container and
instructions. I am asking $40.00 shipped ground UPS CONUS.

rec.radio.amateur.swap:1964

"Hammies and dog-pound refugees (dogie,nad,pipeboy) would do well to read my scintillating prose and learned insights on the fine art of freebanding. A pet peeve of mine is that hammies (certain ones) put down radio hobbyists like myself just because they are CBers and just because they use gear that's advanced. I have logged more DX on the freeband than most 2 meter hams have in a lifetime. Why shouldn't I be treated with respect? All I am asking is that the issue of legality be put aside and my acheivements be recognized for what they are"

http://sporadicwaves.tripod.com/page7.html

"If you take the time to read this you will see that we on freeband have problems with troublemakers too. They don't abide by our rules. They don't care what others think. They jam and make noises on 27.555. Read about it in my article. They are wrecking my freeband and they should be stopped"

http://sporadicwaves.tripod.com/page7.html

"I admit I get all upset when hammies tell me I am breaking rules. I don't care about rules. I don't care what others think. If I want to operate freeband it is my responsibility and I don't like to hear anyone putting me down for it. Read about how we have created our own little illegal alternative to ham radio on the freeband. You hammies can be jealous"

http://sporadicwaves.tripod.com/page7.html

"Hammies try to say that there are goverment users on 27.555 and above. I have never heard any myself so that proves there are none. Because of course what I say is true and everyone else is a liar. Read my wonderful prose and see for yourself"

http://sporadicwaves.tripod.com/page7.html

"Geniuses like me don't need to obey laws since we are above the masses. Take that, you pussy-footed hams"

Hi Group,

I would like to buy a Millen 90800 or 90801 exciter and 90831 modulator in any condition, working or not. I am also looking for the coils for the same. They are 43000 series coils from Millen and I think National also made them. I would also be interested in the parts to make the coils, the ceramic bases (2" between outer pins) and the Miniductor/AirDux raw coil material.

Thanks

Paul

I am looking for an EV microphone or another brand (except a D-104) with a grip to talk stand. EV 619, 621, 638, 719, etc. Looking for a microphone in good physical condition. I'll be replacing the mic element with a Heil so the element does not need to work. Please email with asking price (shipped) and condition. Thanks and 73, Mark

This is a 5 watt HT with a metal case and lots of features including cross band repeat, wide recieve
including cell, and lots more. Comes with ac charger. Radio has one flaw. The #3 key poped out .
I have the key, you need to put it in in a way it will stay. Evereything else works. Comes with
manueal and a list of special hidden features that this radio came with.

Because of the #3 key issue I am asking $150.00

Bob J.

FS: Hammurlund SP-600 JX-31 VLF receiver

Classic VLF receiver for sale. Unit is in excellent shape physically. Has cabinet and original knobs. It has been stored a long time and needs cleaning and check up. Email me if you would like to see digital pictures of the receiver.

I'm just getting to the point now of cleaining it up, but don't really have time. I plan to sell or auction it once cleaned up but would be happy to sell it now for a big discount if you'd rather do the cleanup. This model has sold recently for as high as $2500 over the newsgroups and ebay. I'd be happy to sell it now for $1900 plus shipping from Southern California.

I have for sale an as new Heil Goldline Studio Microphone with accessories. The Goldline also includes the HC-5 element. I would like to offer a package which includes the Goldline Microphone, HS-1 hand switch, CC-1-K Kenwood 8 pin cable and the desktop microphone stand. This microphone is absolutely mint. I have all of the packaging and paper work that comes with it. I am a non smoker.
I am asking $135.00 shipped ground UPS CONUS.
I am willing to deduct something for the Kenwood cord if it does not work with your rig.

I have for sale a Comet HF mobile antenna system. This is the Comet QE system. The package includes the QE28 which includes the UHF type stinger adapter and a 10 meter loaded element. I am also including in the package the optional OP14 20 meter loaded element. The elements are interchangeable via the included stinger adapter which screws onto your UHF mobile mount which is not included. Other loaded elements such as a 40 and 15 meter can be purchased from radio stores that carry Comet antennas. I am the original owner and have the packing sleeves and paperwork. These antennas are as new and were used very little. These work well with any HF rig that is put in the mobile. I am asking $65.00 shipped ground UPS CONUS for both.

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount with a UHF connector and 16.5 ft. of coax with a PL-259.
The mount is in excellent condition. I had to grind some of the plastic base away at the back of the mount so that it would clear the rear window molding when opening and closing the trunk. I was careful to be neat about it and does not affect the performance. furthermore you cannot see where it was altered because it faces the rear window on the car. I am the original owner and have the plastic container and instructions. I am asking $35.00 shipped ground UPS CONUS.

I have for sale a Heathkit IM-2420 frequency counter.  This frequency
counter is in mint condition.  I have the original assembly manual with
schematics.  This is a bench type counter.  The counters features are as
follows:
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I am asking $130.00 shipped ground UPS CONUS

I have for sale an unused Drake TV-1000LP low pass filter. The filter case is copper and shines like a new penny. This filter is new an most likely early 1970's vintage. The filter is rated at 1000 watts maximum below 30 MHz and can be used at reduced ratings up to 50 MHz. I have the original box and paperwork. This could be nice nice collectors item for Drake owners. I am asking $57.00 shipped ground UPS CONUS.

I have for sale an as new mint MFJ-1118 high current DC powe strip with volt meter. This power strip lets you power six or more accessories from your transceivers main 12 VDC supply. There are also two pairs of super heavy duty 30 amp 5-way binding posts to connect your tranceivers. Each pair is fused and RF bypassed. This also has an independent on/off switch with an "on" LED indicator. There ia also a built in 0-25 VDC volt meter. I am the original owner and have the box and paperwork. I am asking $60.00 shipped ground UPS CONUS.

I have for sale an as new Heil Goldline Studio Microphone with
accessories. The Goldline also includes the HC-5 element. I would like
to offer a package which includes the Goldline Microphone, HS-1 hand
switch, CC-1-K Kenwood 8 pin cable and the desktop microphone stand.
This microphone is absolutely mint. I have all of the packaging and
paper work that comes with it. I am a non smoker.
I am asking $135.00 shipped ground UPS CONUS.
I am willing to deduct something for the Kenwood cord if it does not
work with your rig.

All the radios and equipment below are in like new condition. I just do not have time for Amateur Radio so instead of letting this good equipment set, I may as well sell it. What does not sell in a couple days is going to Ebay. Email me for pics. Shipping is extra.

Icom IC-706MKIIG - Like new condition. Also included are the separation kit, mounting brackets, all the manuals and paperwork, and the box. This radio was purchased new in July 2001 and I doubt it has 2 hours of use. The warrantee card is still in the package for you to fill out. $795

LDG RT-11 remote mount auto tuner that was purchased in August 2001. It too is just like new and it includes the Icom interface cable for the706 and others. I believe this thing would tune a coat hanger! $190

Comet UHV-6 mobile antenna with the 20-meter coil. The Comet UHV-6 covers 6M/2M/70cm, 40M, 15M, 20M, and 10M. Also included is the Comet RS720 mount and 3D4M cable assembly. The antenna also was purchased in July and works great with the IC-706MKIIG. $165

Comet CF-706 Duplexer. It covers 1.3 - 57 MHz and 75 - 550 MHz. It to was bought new in July and is in great condition. It's a real must for the IC706. $45

Yaesu FT-920 - Radio is about 2 years old but has very few hours on it. It's in like new condition with no scratches and it has the FM module. Includes new hand mic (never used), manuals and paperwork, and original boxes. $895

Yaesu MD-100a8x desk mic. - It too is about two years old but in like new condition. I even have the original box. $90

Astron SS30 - 25 amp continuous PS - It was bought and used with the FT-920 and is like new. $85

I am interested in purchasing a mint-condition Vibroplex Blue Racer Deluxe.
If you have one you would like to part with, please reply via private email
with specifics and price. A photo or two would be helpful, too.

Thanks... Ed, W5EJ

FA: Extremely nice Hammarlund HQ-170 Amateur Band Receiver with the matching large Hammarlund S-200 Speaker. Includes original boxes for both the receiver and the speaker, and the original manual. This receiver's performance is excellent on all bands, and is a one-owner receiver from the estate of a Amateur Radio operator. There are no known modifications, and the receiver is extremely clean. It is sensitive, in calibration, and you will not need to do any "capacitor replacement",

```
"alignment", etc. - it is a "Plug and play" receiver. No clock, but
replacements are available if you want the matching analog clock. You'll
have a hard time finding a nicer HQ-170 than this one! Thanks for
looking.

This is a 5 watt HT with a metal case and lots of features including
cross band repeat, wide recieve
including cell, and lots more.  Comes with ac charger.  Radio has one
flaw.  The #3 key poped out .
I have the key, you need to put it in in a way it will stay.
Evereything else works.  Comes with
manueal and a list of special hidden features that this radio came
with.

Because of the #3 key issue I am asking $150.00

Bob J.

I have for sale a Comet HF mobile antenna system. This is the Comet QE system. The package includes the QE28 which includes the UHF type stinger adapter and a 10 meter loaded element. I am also including in the package the optional OP14 20 meter loaded element. The elements are interchangeable via the included stinger adapter which screws onto your UHF mobile mount which is not included. Other loaded elements such as a 40 and 15 meter can be purchased from radio stores that carry Comet antennas. I am the original owner and have the packing sleeves and paperwork. These antennas are as new and were used very little. These work well with any HF rig that is put in the mobile. I am asking $65.00 shipped ground UPS CONUS for both.

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount with a UHF connector and 16.5 ft. of coax with a PL-259. The mount is in excellent condition. I had to grind some of the plastic base away at the back of the mount so that it would clear the rear window molding when opening and closing the trunk. I was careful to be neat about it and does not affect the performance. furthermore you cannot see where it was altered because it faces the rear window on the car. I am the original owner and have the plastic container and instructions. I am asking $35.00 shipped ground UPS CONUS.

WTB: looking for first HF setup

College student looking for a good, but inexpensive HF setup to call
my own.
Tube equipment is definitely of interest. Will also possibly look into

non-working radios.

"If you plan to bootleg on HF come on over to rec.radio.cb. There are plenty of experts who can help you get set up"

73,
Chris

I have for sale a Heathkit IM-2420 frequency counter. This frequency
counter is in mint condition. I have the original assembly manual with
schematics. This is a bench type counter. The counters features are as
follows:
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I am asking $120.00 shipped ground UPS CONUS

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount with a UHF connector and 16.5 ft. of coax with a PL-259.
The mount is in excellent condition. I had to grind some of the plastic base away at the back of the mount so that it would clear the rear window molding when opening and closing the trunk. I was careful to be neat about it and does not affect the performance. furthermore you cannot see where it was altered because it faces the rear window on the car. I am the original owner and have the plastic container and

instructions. I am asking $40.00 shipped ground UPS CONUS.

Hello there,

If you've got one of the Swan Mono band rigs that you'd consider selling
without requiring I take out a house refinance, please drop me a note. I
would like to find the 80 meter mono band radio most of all, but will
consider any of them for parts or working.

thanks, take the nospamplease out of my Email address above to contact me.

cheers
skipp

I have a 15" CTX computer monitor. Very few hours on it. It was off most of
the time because it was on a server. Like new $75

Diamond 56K PCI internal modem. No driver disk but you should be able to
download the drivers. $20

Panasonic Dot Matrix Printer 24 pin. Self test is OK. Ribbon is dried out.
This printer was also on a server. All never used.
$25

I'm posting these here before resorting to eBay. I recently came by some HP gear with greater capabilities, so these are no longer needed.

Both of these units are in pristine condition electrically and mechanically and were expertly built. Both have original manuals with NO marks, tears or dog-eared pages.

I have pictures ready to email to anyone interested. Will consider trades for other test equipment or unbuilt kits. Also looking for a nice husky 19" equipment rack, preferably with sloping top section.

IG-1275 Lin/Log Sweep Generator - $125 plus shipping

* Sine, square & triangle waves from 3 Hz to 3 MHz
* 10V P-P into 50 Ohms
* Wide range attenuator
* Trigger, sync, variable symmetry, variable offset
* VCO input (+/-5V for 3 decade span)
* Analog output (0-6V for 3 decade span)

IP-2721 Power Supply - $125 plus shipping

* 0-15V @ 0-5A
* Digital readout

* Remote sensing
* Large heatsink - no fan required
* Terminals on front and barrier strips on back

I have for sale a Heathkit IM-2420 frequency counter. This frequency counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as follows:
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I am asking $120.00 shipped ground UPS CONUS

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount with a UHF connector and 16.5 ft. of coax with a PL-259.
The mount is in excellent condition. I had to grind some of the plastic base away at the back of the mount so that it would clear the rear window molding when opening and closing the trunk. I was careful to be neat about it and does not affect the performance. furthermore you cannot see where it was altered because it faces the rear window on the car. I am the original owner and have the plastic container and instructions. I am asking $40.00 shipped ground UPS CONUS.

Not everyone has the capacity to download and burn cd's. There are alot of
ham apps that run well on Linux. I used Linux for logging and SSTV for
sometime.

Geez, and I remember when we used to give these away to new hams and club libraries, along with scores of old CQ and QST magazines dating back into the 1930's..

Now you gotta pay for outdated literature. Is nothing sacred anymore?

WHo says you need to burn it to a CD? I've installed Linux many many times from a hard drive. It's entirely possible, and much cheaper than purchasing stuff that's easily downloaded. Sometimes it takes a couple days to download (especially on a 56K modem), but I felt, five years ago, it was worth the wait, and I was right.

As for the printed materials, I never needed them. The online documentation was sufficient.

Good for you.

Some people want the original stuff.

And most of it has been sold

Yeah, and ain't it a cryin' shame that the hobby has degenerated to the degree that moneyminded opportunists are profiting off the the sheep by asking over two times the value that these outdated publications are actually worth. Just my two cents worth..

Yeah, I know. Money is what makes the world go around. Well driver, stop right here, cuz I want to get off before we get to the end of the line..

I have for sale a Heathkit IM-2420 frequency counter. This frequency counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as follows:
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I am asking $120.00 shipped ground UPS CONUS

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount with a UHF connector and 16.5 ft. of coax with a PL-259.
The mount is in excellent condition. I had to grind some of the plastic base away at the back of the mount so that it would clear the rear

window molding when opening and closing the trunk. I was careful to be neat about it and does not affect the performance. furthermore you cannot see where it was altered because it faces the rear window on the car. I am the original owner and have the plastic container and instructions. I am asking $40.00 shipped ground UPS CONUS.

Looking for a Dow Key or similar TR relay with external contacts for receive muting. Prefer 110VAC coil but would take others if necessary. Must be in good working condition. Please reply with make, model, condition, and asking price.

Thanks!

RADIOHF - FOR SALE: ICOM IC-737 HF STATION
This is an Icom IC-737 transceiver covering 160 - 10 meters. Built-In Antenna Tuner. No Mic is included with Rig I'm using a GOLDLINE mic and use it with my other rigs, I Do have Copy Of Owners Manual. Works perfectly in all modes and on all bands. General coverage mod. has been done. This is a 12 volt DC rig, and would require a 12 volt DC / 20 amp power supply for base operation. I do have the wiring harness for the rig. As with all electronics, I must sell as-is. Payment is Cashier's Check, Postal Money Order, or Paypal! Rig will be send out after funds are received the NEXT business day. I try to personally check out each item I list for sell/trade, and to describe each item completely & carefully. However, since most of these items are used electronic pieces all items are sold "as is". Please contact me for any further information. Pictures can be email as requested.

Best REASONABLE OFFER + Shipping

I have for sale a Heathkit IM-2420 frequency counter. This frequency
counter is in mint condition. I have the original assembly manual with
schematics. This is a bench type counter. The counters features are as
follows:
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I am asking $130.00 shipped ground UPS CONUS

I have for sale an unused Drake TV-1000LP low pass filter. The filter case is copper and shines like a new penny. This filter is new an most likely early 1970's vintage. The filter is rated at 1000 watts maximum below 30 MHz and can be used at reduced ratings up to 50 MHz. I have the original box and paperwork. This could be nice nice collectors item for Drake owners. I am asking $57.00 shipped ground UPS CONUS.

I have for sale an as new mint MFJ-1118 high current DC powe strip with
volt meter.  This power strip lets you power six or more accessories
from your transceivers main 12 VDC supply.  There are also two pairs of
super heavy duty 30 amp 5-way binding posts to connect your
tranceivers.  Each pair is fused and RF bypassed.  This also has an
independent on/off switch with an "on" LED indicator.  There ia also a
built in 0-25 VDC volt meter.  I am the original owner and have the box
and paperwork.  I am asking $60.00 shipped ground UPS CONUS.

Hi all,

I'd like to go to some hamfests as they are a good way to pick up
equipment and supplies for my workshop. Is there a newsgroup or website
where they are announced?

Thanks.

Sure, go to "http://www.arrl.org" and click on the link to "Hamfests".
You can do a search by state. I see 4 in Washington, 2 in Oregon, and
1 in BC. I go to every hamfest that I can.

Obviously noone wants it at this price. Maybe you should lower the price if you're going to keep posting it.

Thank you for being so helpful and pointing out the obvious and what I
should do.  Now I will do the same.  Buy a copy of Melody Beatties
CoDependant No More.  It is a book for people who just can't help but
to butt into others peoples business.  Kinda sounds like you.  Hope
you enrich your life to a point where you actually have one of your
own.  Lotsa luck news group policeman.

This is a 5 watt HT with a metal case and lots of features including cross band repeat, wide recieve
including cell, and lots more. Comes with ac charger. Radio has one flaw. The #3 key poped out .
I have the key, you need to put it in in a way it will stay. Evereything else works. Comes with
manueal and a list of special hidden features that this radio came with.

Because of the #3 key issue I am asking $125.00

Bob J.

I guess I was a bit over the top. Sorry about that. Just seems I get lots of advie from forsale
groups. Would like to actually sell some things, and buy some things. I did that lots in Austin
forsale when I Lived there.   Anyway I did lower the price and of course people can always make
offers!

Thanks for the polite reply, When I look back at what I wrote You could have taken more offense than
you did.

```

I have for sale a Comet HF mobile antenna system. This is the Comet QE system. The package includes the QE28 which includes the UHF type stinger adapter and a 10 meter loaded element. I am also including in the package the optional OP14 20 meter loaded element. The elements are interchangeable via the included stinger adapter which screws onto your UHF mobile mount which is not included. Other loaded elements such as a 40 and 15 meter can be purchased from radio stores that carry Comet antennas. I am the original owner and have the packing sleeves and paperwork. These antennas are as new and were used very little. These work well with any HF rig that is put in the mobile. I am asking $65.00 shipped ground UPS CONUS for both.

I have for sale a Heathkit IM-2420 frequency counter. This frequency counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as follows:
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I am asking $125.00 shipped ground UPS CONUS

I have for sale an unused Drake TV-1000LP low pass filter. The filter case is copper and shines like a new penny. This filter is new an most likely early 1970's vintage. The filter is rated at 1000 watts maximum below 30 MHz and can be used at reduced ratings up to 50 MHz. I have the original box and paperwork. This could be nice nice collectors item for Drake owners. I am asking $50.00 shipped ground UPS CONUS.

I have for sale an as new mint MFJ-1118 high current DC powe strip with volt meter. This power strip lets you power six or more accessories from your transceivers main 12 VDC supply. There are also two pairs of super heavy duty 30 amp 5-way binding posts to connect your tranceivers. Each pair is fused and RF bypassed. This also has an independent on/off switch with an "on" LED indicator. There ia also a built in 0-25 VDC volt meter. I am the original owner and have the box and paperwork. I am asking $60.00 shipped ground UPS CONUS.

I have for sale a mint Yaesu VX-5R triband HT.  I am the original non
smoking owner.  This ht is less than 1 year old and has had only a few
hours of actual use, most of which was monitoring.  This ht never left
the inside of my house and is as new.  The ht is super wide band receive
from .5-999MHz cellular blocked.  It transmits 5W on 6M, 5W on 2M and
4.5W on 70cm.  I have the boxes and all paperwork including the warranty
card.  The following accessories are included in the price:
Yaesu MH-35 hand/speaker mic.
Yaesu CN3 antenna adapter for use with BNC connector
Yaesu CD-15 rapid charger
Yaesu FNB-58LI lithium ion extra battery
Yaesu SU-1 Barometric pressure/altitude board
Yaesu CSC-73 soft case
Yaesu E-DC-5B DC cable with voltage regulator and cigarette lighter plug
Comet MH-10 6m/2m/70cm triband HT high performance wide band receive ant

The radio has all of the factory included accessories.
I am asking $410.00 shipped ground UPS CONUS

I have a website for the product I have developed and am now offering
in the Amateur community. Please drop by and look around.
This antenna is made especially for AO-40.
It's about time. Hu? It is NOT a BBQ grill trying to be something
else. This is the real thing. Please leave me a comment and tell me
what you think if you like.

http://www.n3iyr.com

Thanks!

I have for sale a new Icom AG-35 mast mounted preamp. This is a 432 MHz
preamp that is used with several Icom 432 MHz tranceivers. This preamp
can also be used in the shack rather than outside on the antenna mast.

I am the original owner and never needed to use this. It is in the box
with the paperwork and mounting harware. I am asking $150.00 shipped
ground UPS CONUS.

I have for sale a Kenwood TS-870 S. The rig is in excellent condition, I have the original shipping boxes and hand mic. I have the manual some where around, but I haven't found it as of yet. but I will go to the Kenwood website download and print the manual if worst comes to worst.

Price $1100 plus shipping

If you would like to include the Kenwood PS-52 Power supply which is also in excellent condition.

add $150 plus shipping. I will not sell the power supply until rig is sold.

Kenwood VS-2 Voice unit $65 shipped

Kenwood DRU-3A Digital Recording Unit $75 shipped

Kenwood SP-31 Speaker   2 @ $75 each plus shipping

Sell as a package for $1500 shipped.

If interested, please e-mail me direct.

K4FFA@home.com

Hi Bob,

No problem. I also could have not added my own 2 cents. ;-) I didn't take offense (too much) to your reply because life is too short to sweat the small stuff. And it's all small stuff. :-)

Good luck on the radio.

BTW, what is an "HT". I recently got into CB and a handheld would be useful at times if this operates on the same bands. Do you have an URL for the unit that I can read more about it?

I might be interested depending on the unit itself.

Thanks,

Mark

All:

Yep, the screen is broken on my Toshiba 110CS Satellite Laptop and I would like to replace it instead of chunking the whole thing in the trash.

If you have a 110CS that is broken and has a usable screen, please contact me by email.

Thanks,

Al

Sorry if this is too off topic...but I have a nice NEC laptop which makes a good shack PC, logging computer, rig control, etc., which I'd be willing to trade for ham gear of similar value.

Here's the info: NEC VERSA 4080H laptop with accessories. Pentium 120MHZ, 40MB RAM, sound, 800x600 TFT color LCD and 1GB hard drive running Windows 95. Laptop works fine and is cosmetically like-new. Laptop includes swappable CD-ROM drive and 3.25" floppy, Touchpad mouse, onboard stereo sound, infrared port. Also includes XIRCOM PCMCIA Ethernet network card with 10-base-T adaptor. Includes two working batteries. Also includes two (2) AC adaptors, NEC external battery charger, and separate NEC thumb Trackball device. Includes battery pack adaptor so you can swap the second battery for the floppy/CDROM and operate TWO batteries at once for extended power. Includes leather TARGUS case, and separate leather case for storage of floppy, CD-ROM, or spare battery pack. Laptop is fully intact with all accessory panel doors. Keyboard is clean and operates without sticky keys or other problems.

$275 + freight.

Tnx & 73

Dan

I have for sale a mint Diamond CR627B mobile antenna. This is a UHF connector style antenna. The antenna covers 6M/2M/70CM. This antenna works very well with an Icom 706 or a Yaesu FT-100. This antenna was only use a few times. I have the plastic packing sleeve and instructions. I am asking $80.00 shipped ground UPS CONUS.

FOR SALE:

AKAI model M8 REEL-TO-REEL, Stereo tape deck in excellent condition.

This is a classic commercial quality unit with seperate
left and right amplifiers, metering and electronics.

The case, including the cover, is in great shape as are the
mechanical and electronics. The gray tolex/vinyl covering is in
beautiful condition and the deck works fine, other than the rewind
does not run.

Pictures available on request.

Will sell for $75.00 plus shipping

I just biught a brand new RC3 from HRO for $350.00. AES also sells
for that. Why not return it? I also have the vx5r, great radio and
your price is good on that one. Good luck.

Bob j.

Thanks For Reading My Posting. Information please reply via EMAIL ONLY !!
ngwd@ngwd.com

For Sale: Icom IC-737 transceiver covering 160 - 10 meters. Built-In Antenna Tuner. Non-Smoking Environment. Radio is in good working condition, (never been mobile), and power cable. No Mic, Do have Copy Of Owners Manual. Works perfectly in all modes and on all bands. General coverage mod. has been done. This is a 12 volt DC rig, and would require a 12 volt DC / 20 amp power supply for base operation.

Price $585.00 + $20.00 Shipping CONUS

I have for sale an absolutely mint Kenwood TS-850SAT. I am the original non smoking owner. I have both shipping boxes, hand mic, owners manuals and unopened accessory bag. The radio is a 10 out of a 10 functionally and cosmetically. The radio includes the SO-2 TCXO unit which is a $180.00 option. This is one of the last 850's manufactured. The serial number is 80200024. This is most likely one of the finest 850's you will find. I am asking $950.00 shipped ground UPS CONUS.

I have for sale an Icom IC-471H all mode 432MHz rig. This radio is in
excellent condition and has had the cap replacement mod. I have the
original box, original owners manual, a copy of the owners manual, sales
brochure, hand mic and power cord. This is the high power version. The
radio comes from a non smoking environment.
I am asking $475.00 shipped ground UPS CONUS.

I have for sale a mint Diamond CR627B mobile antenna. This is a UHF connector style antenna. The antenna covers 6M/2M/70CM. This antenna works very well with an Icom 706 or a Yaesu FT-100. This antenna was only use a few times. I have the plastic packing sleeve and instructions. I am asking $80.00 shipped ground UPS CONUS.

I have for sale a Comet HF mobile antenna system. This is the Comet QE system. The package includes the QE28 which includes the UHF type stinger adapter and a 10 meter loaded element. I am also including in the package the optional OP14 20 meter loaded element. The elements are interchangeable via the included stinger adapter which screws onto your UHF mobile mount which is not included. Other loaded elements such as a 40 and 15 meter can be purchased from radio stores that carry Comet antennas. I am the original owner and have the packing sleeves and paperwork. These antennas are as new and were used very little. These work well with any HF rig that is put in the mobile. I am asking $75.00 shipped ground UPS CONUS for both.

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount with a UHF connector.

The mount is in excellent condition. I had to grind some of the plastic base away at the back of the mount so that it would clear the rear window molding when opening and closing the trunk. I was careful to be neat about it and does not affect the performance. furthermore you cannot see where it was altered because it faces the rear window on the car. I am the original owner and have the plastic container and instructions. I am asking $40.00 shipped ground UPS CONUS.

OS-262(P)/U OSCILLOSCOPE, Ops and Service: $25

SHIPPING:

The above manuals are all in electronic form, deliverable via email (FREE SHIPPING), or, on a CD ROM disk (includes CD case). Some of the larger ones may not be practical to send via email. The manuals are in Adobe Acrobat 5.0 (PDF file) format. The Adobe Acrobat Reader 5.0 is INCLUDED on the CD. It is also freely-downloadble, for use with emailed manuals, from www.adobe.com.

The free Adobe Acrobat Reader 5.0 software can be used to read, print, search, enlarge/magnify, copy and paste from, etc, the manuals, making them superior, in many ways, to paper versions of manuals. They are also extensively hyper-linked, enabling the user to jump directly to figures and tables, etc, from wherever they are referenced in the text, and to jump directly to any section, figure, page, etc, from the Table of Contents.

Shipping costs for CDs: Within the continental USA, cost for shipping a CD, with CD case, is $2 for 1st Class Mail, or $5 for Priority Mail (2 days). Other locations: email for cost.

PAYMENT:

I accept Visa and MasterCard, but only through the secure PayPal website, at https://www.paypal.com. My paypal ID is tomg@fullnet.com. I also accept checks, money orders, etc. Payee info:

Thomas P. Gootee, 1795 West Schuetter Road, Jasper, IN 47546, USA

QUESTIONS? Email me, at: tomg@fullnet.com.

I am continuously adding more manuals, and good used test equipment, at:

http://www.fullnet.com/u/tomg

Thanks,

Tom

I have an Alinco DJ-S41T 440 mhz mini handheld for sale. This is the
300 milliwatt cigarette pack sized rig (not the flimsy credit card sized

one). It works 100%. I regularly use it on a repeater some 5 or 6
miles from here and can hit that repeater solid from up to 20 miles.
This is a great radio for simplex use at hamfests or doing work on your
towers and antennas. The case is worn from many hours in my pocket, but

nothing wrong with it that affects operation in any way. No
accessories, just the radio. For more info on this model, check out:
 http://world.std.com/~wdr/alinco.html

Asking $50 plus shipping (s/b about $4.00).

Wayne L. Faris, KE�BZ

Another shack cleaning special!

I have way too many 2M radios and so the Yeasu FT-270RH must go! The radio is about an 8.5 cosmetically. The radio has given flawless service. The LCD is clear. It has the DTMF mic and does ctcss tones. It comes with the radio, mic, power cord, and the mobile mount with quick release.

A few specs for those interested. 2 meter FM mobile radio, 45 watts output. 10 memories, and scan. It does not have the optional tone board.

I would like $95 plus shipping for the radio. If you need a picture, I can take one and upload it to my webspace for your viewing.

I have a 2 meter amp for sale. It is new-in-box as I never got around to
using it. It was made for Radio Shack and by all accounts was a good amp
and did a superior job of rejecting intermod due to its good receive
filter (that's why I bought it). It has all the mounting hardware, etc.

Specs are 1-5 watts in 30 watts out, has receive preamp.

Here's a picture: http://www.eskimo.com/~ghopper/2Mamp.jpg

I'd like $40.00 plus shipping but will consider offers.

This is a 5 watt HT with a metal case and lots of features including cross band repeat, wide recieve

including cell, and lots more. Comes with ac charger. Radio has one flaw. The
#3 key poped out .
I have the key, you need to put it in in a way it will stay. Evereything else
works. Comes with
manueal and a list of special hidden features that this radio came with.

Because of the #3 key issue I am asking $150.00

Bob J.

Hi all. I have a Collins 51S-1 Receiver with matching Collins speaker
up for auction. Check out the photos, it's in really nice condition:

http://cgi.ebay.com/aw-cgi/eBayISAPI.dll?ViewItem&item=1296610771

This auction ends Sunday, November 18.

Thanks for reading;
Neil, K1VY

For sale: This is the general coverage version of another ham band only receiver. This radio covers broadcast band through 33.5 Mhz in 4 bands. It has a main tuning dial and a band spread dial. The radio is electrically very good, and all functions work. It has 7 tubes. Physically there are no dents, but there are scratches on the top of the case and on the bottom lip of the case below the knobs (in the light gray areas). The front of the radio (dark gray area) has no scratches, and the dial glass is in excellent condition with no cracks. You will note in the picture below a close up of a 3/8 inch hole that has been drilled in the rear left corner of the top of the case. Why is the hole there? There is an adjustment screw below the hole on top of the chassis.
$75 plus Exact Shipping.

FOR SALE: Hallicrafters model S-38B.  A playing radio with original
nobs.  There are a few scratches, and hairline cracks in the dial
glass.  This radio plays on all bands with the following problems:  BFO
is on constantly;  Weak sensitivity; Back cover missing.
Make OFFER plus exact shipping.

I have the following pristine HF equipment for sale. They cover the
 80, 40, 20,15, and 10 meters, ham bands. The price is $300.00 US plus
shipping costs. They come with their manuals.

I also have a Heath kit HR-1680 receiver for sale. The price is $100.00
US
plus shipping costs.
I am Peter Christensen and my email address is
peter.christensen@home.com
Thank you. Peter.

I have for sale an absolutely mint Kenwood TS-850SAT. I am the original non smoking owner. I have both shipping boxes, hand microphone, owners manuals and unopened accessory bag. The radio is a 10 out of a 10 functionally and cosmetically. The radio includes the SO-2 TCXO unit which is a $180.00 Kenwood option. This is one of the last 850's manufactured. The serial number is 80200024. This is most likely the finest 850 you will find. I am asking $950.00 shipped ground UPS CONUS. This radio is as new.

I have for sale an Icom IC-471H all mode 432MHz rig.  This radio is in
excellent condition and has had the cap replacement mod.  I have the
original box, original owners manual, a copy of the owners manual, sales
brochure, hand mic and power cord.  This is the high power version.  The
radio comes from a non smoking environment.
I am asking $450.00 shipped ground UPS CONUS.

I have for sale a Comet HF mobile antenna system. This is the Comet QE system. The package includes the QE28 which includes the UHF type stinger adapter and a 10 meter loaded element. I am also including in the package the optional OP14 20 meter loaded element. The elements are interchangeable via the included stinger adapter which screws onto your UHF mobile mount which is not included. Other loaded elements such as a 40 and 15 meter can be purchased from radio stores that carry Comet antennas. I am the original owner and have the packing sleeves and paperwork. These antennas are as new and were used very little. These work well with any HF rig that is put in the mobile. I am asking $65.00 shipped ground UPS CONUS for both.

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount with a UHF connector.
The mount is in excellent condition. I had to grind some of the plastic

base away at the back of the mount so that it would clear the rear window molding when opening and closing the trunk. I was careful to be neat about it and does not affect the performance. furthermore you cannot see where it was altered because it faces the rear window on the car. I am the original owner and have the plastic container and instructions. I am asking $35.00 shipped ground UPS CONUS.

I have for sale a Heathkit IM-2420 frequency counter. This frequency counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as

follows:
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I have for sale an unused Drake TV-1000LP low pass filter. The filter
case is copper and shines like a new penny. This filter is new an most
likely early 1970's vintage. The filter is rated at 1000 watts maximum
below 30 MHz and can be used at reduced ratings up to 50 MHz. I have
the original box and paperwork. This could be nice nice collectors item
for Drake owners. I am asking $57.00 shipped ground UPS CONUS.

Hello,

I'm looking for a Realistic DX-394 Shortwave and willing to pay the following price:

DX-394-B with Mod's $150.00

DX-394 without Mod's $120.00

My intent is not to resell the thing on Ebay, I'm just been in the market for a good quality receiver. Thanks in advance for any help!

-Michael Marfell (mmarfell@pacbell.net)

This is an Icom IC-737 transceiver covering 160 - 10 meters. Built-In Antenna Tuner. No Mic is included with Rig I'm using a GOLDLINE mic and use it with my other rigs, I Do have Copy Of Owners Manual. Works perfectly in all modes and on all bands. General coverage mod. has been done. This is a 12 volt DC rig, and would require a 12 volt DC / 20 amp power supply for base operation. I do have the wiring harness for the rig. I used the rig weekly and is in excellent working condition, as with all electronics, I must sell as-is. Payment is Cashier's Check, Postal Money Order, or Paypal! Rig will be send out after funds are received the NEXT business day. I try to personally check out each item I list for auction, and to describe each item completely & carefully. However, since most of these items are used electronic pieces all items are sold "as is". Please contact me for any further information.

$550.00 + Shipping

Model number, please?   Also, in most of these, the rewind is a
separate motor, and it would be good to know if the motor has bitten
the dust.

I have for sale an as new mint MFJ-1118 high current DC powe strip with volt meter. This power strip lets you power six or more accessories from your transceivers main 12 VDC supply. There are also two pairs of super heavy duty 30 amp 5-way binding posts to connect your tranceivers. Each pair is fused and RF bypassed. This also has an independent on/off switch with an "on" LED indicator. There ia also a built in 0-25 VDC volt meter. I am the original owner and have the box and paperwork. I am asking $60.00 shipped ground UPS CONUS.

I have a older dot matrix Apple printer. Model # A9M0303

With 2 new ribbons and 2 db25- Apple mini Din connector cables. The DB25 is the wrong sex for the printer so a gender changer is required. This printer is untested. I was setting up a Apple at one time when I was supporting them. I don't support Apple/MAC any more at work.

Will sell for $18.00

2) Raytheon TF15X02YY with 120V Primary.
Secondary is 1100V CT at 180 mA continuous.
Dimensions: 3" X 5.25" X 6.5" tall.
Potted, encased case with four mounting studs.
Will sell for $38.00 plus shipping

3) ADC Co. (AVCO-Crosley) model TF4SX03KA
Has 120V AC primary and two secondaries.
Sec A: 1050 V CT at 75 mA continuous
Sec B: 5V at 20 A continuous.
Will sell for $27.00 plus shipping

4) Also have a great filament transformer for that BIG final amplifier:
115V / 230V primary.
Secondary is 7.5V CT at 51 Amps.
Brand new. Will sell for $95.00 plus shipping

I have for sale a Comet HF mobile antenna system. This is the Comet QE system. The package includes the QE28 which includes the UHF type stinger adapter and a 10 meter loaded element. I am also including in the package the optional OP14 20 meter loaded element. The elements are interchangeable via the included stinger adapter which screws onto your UHF mobile mount which is not included. Other loaded elements such as a 40 and 15 meter can be purchased from radio stores that carry Comet antennas. I am the original owner and have the packing sleeves and paperwork. These antennas are as new and were used very little. These work well with any HF rig that is put in the mobile. I am asking $65.00 shipped ground UPS CONUS for both.

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount with a UHF connector.
The mount is in excellent condition. I had to grind some of the plastic base away at the back of the mount so that it would clear the rear window molding when opening and closing the trunk. I was careful to be neat about it and does not affect the performance. furthermore you cannot see where it was altered because it faces the rear window on the car. I am the original owner and have the plastic container and instructions. I am asking $35.00 shipped ground UPS CONUS.

I have for sale a Heathkit IM-2420 frequency counter. This frequency

counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as follows:
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I am asking $130.00 shipped ground UPS CONUS

I have for sale an unused Drake TV-1000LP low pass filter. The filter case is copper and shines like a new penny. This filter is new an most likely early 1970's vintage. The filter is rated at 1000 watts maximum below 30 MHz and can be used at reduced ratings up to 50 MHz. I have the original box and paperwork. This could be nice nice collectors item for Drake owners. I am asking $57.00 shipped ground UPS CONUS.

I have for sale an as new mint MFJ-1118 high current DC powe strip with volt meter. This power strip lets you power six or more accessories from your transceivers main 12 VDC supply. There are also two pairs of super heavy duty 30 amp 5-way binding posts to connect your tranceivers. Each pair is fused and RF bypassed. This also has an independent on/off switch with an "on" LED indicator. There ia also a built in 0-25 VDC volt meter. I am the original owner and have the box and paperwork. I am asking $60.00 shipped ground UPS CONUS.

I have a non working Pro 2025 scanner. My friend in the fire dept messed with the power plug and now it will not work. I am no longer in the fire dept. So I have no need for it.

I am missing the mounting bracket also

The unit covers 29-54,136-174, 406-512 mhz..

$25 shipped free in the CONUS

WTB: PacComm Packet TNC adapter for Pactor TNC!
I have a PacComm Pactor Controller (SCS PTC-1 design, made by PacComm) which appears to be pre-wired for an upgrade kit to allow regular Packet Radio to be used by pushing a front panel switch. The front panel has holes for additional LEDs and the button is already installed. Inside there appears to be a long header strip of pins where this �upgrade kit� could be plugged in.
Anyone have this unit available?
Please drop me a line if you have any info!
Thanks and 73,
Mike VE3EQP.....>

I have for sale an absolutely mint Kenwood TS-850SAT. I am the original non smoking owner. I have both shipping boxes, hand mic, owners manuals and unopened accessory bag. The radio is a 10 out of a 10 functionally and cosmetically. The radio includes the SO-2 TCXO unit which is a $180.00 option. This is one of the last 850's manufactured. The serial number is 80200024. This is most likely one of the finest 850's you will find. I am asking $950.00 shipped ground UPS CONUS.

I have for sale an Icom IC-471H all mode 432MHz rig. This radio is in excellent condition and has had the cap replacement mod. I have the original box, original owners manual, a copy of the owners manual, sales brochure, hand mic and power cord. This is the high power version. The radio comes from a non smoking environment.

I am asking $475.00 shipped ground UPS CONUS.

I have for sale a Comet HF mobile antenna system. This is the Comet QE system. The package includes the QE28 which includes the UHF type stinger adapter and a 10 meter loaded element. I am also including in the package the optional OP14 20 meter loaded element. The elements are interchangeable via the included stinger adapter which screws onto your UHF mobile mount which is not included. Other loaded elements such as a 40 and 15 meter can be purchased from radio stores that carry Comet antennas. I am the original owner and have the packing sleeves and paperwork. These antennas are as new and were used very little. These work well with any HF rig that is put in the mobile. I am asking $75.00 shipped ground UPS CONUS for both.

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount with a UHF connector.
The mount is in excellent condition. I had to grind some of the plastic base away at the back of the mount so that it would clear the rear window molding when opening and closing the trunk. I was careful to be neat about it and does not affect the performance. furthermore you cannot see where it was altered because it faces the rear window on the car. I am the original owner and have the plastic container and instructions. I am asking $35.00 shipped ground UPS CONUS.

I have a Knight VFO for sale. It covers the 80, 40, 20,15 and 10 meter
band. It is in good condition and it comes with a manual.
The cost is $50.00 US plus shipping costs.
I am Peter Christensen and my email address is
peter.christensen@shaw.ca
Thank you. Peter. VE6LP.

Hi all. I have a Collins 51S-1 Receiver with matching Collins speaker
up for auction. Check out the photos, it's in really nice condition:

http://cgi.ebay.com/aw-cgi/eBayISAPI.dll?ViewItem&item=1296610771

This auction ends today, Sunday, November 18.

Thanks for reading;
Neil, K1VY

I have for sale a Heathkit IM-2420 frequency counter. This frequency

counter is in mint condition. I have the original assembly manual with
schematics. This is a bench type counter. The counters features are as
follows:
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I am asking $150.00 shipped ground UPS CONUS

I have the following item for trade
(not particularly interested in cash:

AEA PK-232MBX TNC

Diamond X-500 Dual Band Collinear Vertical
(2meter/70centimeter)

Radio shack HTX-10 10meter AM/FM/SSB rig
(like new)

Icom IC-28A 2meter transceiver with mounting bracket
(136-174 MHz)

Motherboard with 350MHz Pentium II and 32 MB RAM
(never used)

Heathkit HM-102 2KW wattmeter and SWR bridge

Autek QF-1 Audio Filter

DownEast Microwave 50MHz Receiving Converter
(28MHz IF)

Radio Shack 21-543 DSP unit.

Logitech QuickCam USB
(for Win95/98/Me not for Win2000)

All equipment is in excellent condition
(non-smoking environment)

I am specifically looking for the following
(but all offers considered):

40 ft of Rohn 25 tower

Six meter halo antenna

MFJ Antenna Analyzer

Dave

I have for sale an absolutely mint Kenwood TS-850SAT. I am the original non smoking owner. I have both shipping boxes, hand microphone, owners manuals and unopened accessory bag. The radio is a 10 out of a 10 functionally and cosmetically. The radio includes the SO-2 TCXO unit which is a $180.00 Kenwood option. This is one of the last 850's manufactured. The serial number is 80200024. This is most likely the finest 850 you will find. I am asking $950.00 shipped ground UPS CONUS.
This radio is as new.

I have for sale an Icom IC-471H all mode 432MHz rig. This radio is in excellent condition and has had the cap replacement mod. I have the original box, original owners manual, a copy of the owners manual, sales brochure, hand mic and power cord. This is the high power version. The radio comes from a non smoking environment.
I am asking $450.00 shipped ground UPS CONUS.

I have for sale a Comet HF mobile antenna system. This is the Comet QE system. The package includes the QE28 which includes the UHF type stinger adapter and a 10 meter loaded element. I am also including in the package the optional OP14 20 meter loaded element. The elements are interchangeable via the included stinger adapter which screws onto your UHF mobile mount which is not included. Other loaded elements such as a 40 and 15 meter can be purchased from radio stores that carry Comet antennas. I am the original owner and have the packing sleeves and paperwork. These antennas are as new and were used very little. These work well with any HF rig that is put in the mobile. I am asking $65.00 shipped ground UPS CONUS for both.

I have for sale a Diamond K600M mobile mount. This is a trunk lip mount with a UHF connector.

The mount is in excellent condition. I had to grind some of the plastic base away at the back of the mount so that it would clear the rear window molding when opening and closing the trunk. I was careful to be neat about it and does not affect the performance. furthermore you cannot see where it was altered because it faces the rear window on the car. I am the original owner and have the plastic container and instructions. I am asking $35.00 shipped ground UPS CONUS.

I have for sale a Heathkit IM-2420 frequency counter. This frequency counter is in mint condition. I have the original assembly manual with schematics. This is a bench type counter. The counters features are as

follows:
Measures frequency, period and frequency radio
Wide range from 5Hz to 512MHz
25 mV gauranteed and 4 to 15 mV typical
Stability is less than .2 ppm/yr.
adjustable trigger level
Standby/on power switch
External time base input
Over-voltage protection
RF shielding
8 digit readout
Swing down stand

I am asking $150.00 shipped ground UPS CONUS

This is a 5 watt HT with a metal case and lots of features including cross band repeat, wide recieve
including cell, and lots more. Comes with ac charger. Radio has one flaw. The

#3 key poped out .
I have the key, you need to put it in in a way it will stay. Evereything else works. Comes with
manueal and a list of special hidden features that this radio came with.

Because of the #3 key issue I am asking $150.00

Bob J.

I have looked all over for a ysk-8500. If you have one that you would like to unload, I am interested. This is the separation kit for a Yaesu FT-8500. If all you have is the piece that goes between the radio and the faceplate, that is ok too. They rest is easily obtainable.

Please email me at kc5gwa@hotmail.com

FS: Kenwood R-5000 receiver. Has VC-20 VHF converter installed, plus
International Radio AM 6kHz, Internataional Radio SSB 2.1kHz filters,
DCK-2 DC operation kit, the Instruction and Service manuals, and a
dust cover. The radio is extremely good condition in the original
boxes. I'm selling it to purchase new equipment. $625 plus shipping.

Interested in your wish to go for the older IC970......I have one (970H) and had wondered whether there was at last a worthy replacement available. It appears you think not. I was somewhat put off by the rather like-warm review in RadComm. Any comments?

I have for sale an absolutely mint Icom IC-746. This radio is as new
and includes the optional UT-102 voice board. The radio is all mode and
covers HF, 2M and 6M. The radio has a built in antenna tuner. I am the
original non smoking owner. I have the original box, owners manual,
hand mic, unopened accessory bag and sales brochure.
I am asking $1,000 shipped ground UPS CONUS.

I have for sale an Icom IC-471H all mode 432MHz rig. This radio is in
excellent condition and has had the cap replacement mod. I have the
original box, original owners manual, a copy of the owners manual, sales
brochure, hand mic and power cord. This is the high power version. The
radio comes from a non smoking environment.
I am asking $500.00 plus shipping from 48026

I am in need of dial scales for 8620 sweep generator...specifically I
need ones to go with the 86240A, 2.0-8.4 GHz (scales would be
full-band 2.0-8.4, 1.8-4.2, 4-6 and 6-8.4 GHz).
```

If you have spare scales for almost any band I could use them in a
pinch and make overlays.

Thanks in advance.

John, N6AX

this is 6 or 7 of the insides of these units and covers, but only 1
or 2 of the perforated covers/ most all else there.. Some have regular
coax fittings, some bnc. The lot for $15 plus shpg. pic available.

The crime at Sodom was attempted gang rape of male angels.
The conflation of rape with consensual sex is dishonest and

propagandistic.

Therefore, if you an _alleged_ heterosexual, call gay men "sodomites",
they are entitled to cal you "rapist."

https://www.paypal.com

(Paypal signup is free, fast and easy. And there's a $5 signup bonus. Need to sign up? Email me for the signup/referral link, so maybe I can get a $5 referral bonus.)

I will also accept payment using any paper financial instrument that is acceptable for deposit into my bank account. Email me for payee name and address: tomg@fullnet.com

NOTE!! For great used test equipment, check my website, at:

http://www.fullnet.com/u/tomg

MANUALS' DESCRIPTIONS:

----

1. TV-7 Tube Tester Ops, Service, and Tube Data, 5-MANUAL SET: ($29.99)

You are bidding on FIVE different operator's, service/maintenance, and tube data chart MANUALS for the entire TV-7 series of Tube Testers. This is apparently the LATEST VERSION OF THE COMPLETE SET OF TV-7 MANUALS.

Manual #1: 100 pages, (17jan62), 6730kB, TEST DATA FOR ELECTRON TUBE TEST SETS TV-7/U, TV-7A/U, TV-7B/U, AND TV-7D/U.

Manual #2: 64 pages, (14jun60), 1867kB, OPERATOR'S AND ORGANIZATIONAL MAINTENANCE MANUAL, TEST SETS, ELECTRON TUBE, TV-7/U, TV-7A/U, TV-7B/U AND TV-7D/U.

Manual #3: 38 pages, (16jul79), 675kB, ORGANIZATIONAL, DIRECT SUPPORT, AND GENERAL SUPPORT MAINTENANCE REPAIR PARTS AND SPECIAL TOOLS LISTS (INCLUDING DEPOT MAINTENANCE REPAIR PARTS AND SPECIAL TOOLS) FOR TEST SETS, ELECTRON TUBE TV-7A/U (NSN 6625-00-376-4939), TV-7B/U (NSN 6625-00-376-4939), AND TV-7D/U (NSN 6625-00-820-0064).

Manual #4: 78 pages, (13jun60), 1761kB, FIELD AND DEPOT MAINTENANCE MANUAL, TEST SETS, ELECTRON TUBE, TV-7/U, TV-7A/U, TV-7B/U, AND TV-7D/U.

Manual #5: 4 pages, (26jul62), 85kB, Requisition and Installation of Tube Socket Savers for Electron Tube Test Sets.

These manuals are all in electronic form, in Adobe Acrobat format PDF files. The files can be read, searched, enlarged, printed, etc, using the Adobe Acrobat Reader 5.0 software, which is also INCLUDED on the CD. I also include a text file with the manual files' descriptions and any usage notes, etc. This is a wonderful format in which to have the manuals, since the Adobe Acrobat reader allows you to do things like MAGNIFY the material to be as large as you want, and includes things such as hyperlinks, which allow you to jump directly to any part of the document, and much, much more.

----

2. Tektronix 475 Operator's and Service Manual: ($39.99)

Operator's and Service Manual for the Tektronix 475 Oscilloscope. The manual consists of 222 pages, and is in electronic form, on a CD. The manual is in Adobe Acrobat (PDF file) format. The Adobe Acrobat Reader 5.0 is included on the CD, and can be used to read, search, enlarge, print, etc, the Tek 475 ops and service manual. The PDF file's size is 14,286 kB. A CD case is included.
This manual includes sections covering: General Information, Specifications, Operating Information, Circuit Description, Calibration, Maintenance, Electrical Parts List, Diagrams and Circuit Board Illustrations, Mechanical Parts List and Illustrations, and more.
Questions? Email me at tomg@fullnet.com.

3. HP 8660B Signal Generator Ops and Service Manual ($49.99)

Operator's and Service Manual for the Hewlett Packard 8660B Signal Generator. The manual consists of 431 pages, and is in electronic form, on a CD. The manual is in Adobe Acrobat (PDF file) format. The Adobe Acrobat Reader 5.0 is included on the CD, and can be used to read, search, enlarge, print, etc, the 8660B manual. The PDF file's size is 67,512 kB.

----

4. Tektronix 7A22 Plug-In Ops and Service Manual ($29.99)

Operator's and Service Manual for the Tektronix 7A22 Vertical Amplifier Plug-in. The manual consists of 122 pages, and is in electronic form, on a CD. The manual is in Adobe Acrobat (PDF file) format. The Adobe Acrobat Reader 5.0 is included on the CD, and can be used to read, search, enlarge, print, etc, the 7A22 ops and service manual. The PDF file's size is 8,594 kB.

----

5. Tektronix FG501A Plug-In Ops and Service Manual ($29.99)

Operator's and Service Manual for the Tektronix FG501A 2 MHz Function Generator TM500-series plug-in. The manual consists of 88 pages, and is in electronic form, on a CD. The manual is in Adobe Acrobat (PDF file) format. The Adobe Acrobat Reader 5.0 is included on the CD, and can be used to read, search, enlarge, print, etc, the FG501A ops and service manual. The PDF file's size is 1,524 kB.
This manual includes sections covering: General Information, Specifications, Operating Instructions, Theory of Operation, Calibration, Maintenance, Options, Replaceable Electrical Parts, Diagrams and Circuit Board Illustrations, Replaceable Mechanical Parts, Manual Change Information, and more.

----

6. Tektronix 7B92A Plug-In Ops Manual and Service Manual, Set of Two ($34.99)

Two separate manuals: Operator's and Service Manuals for the Tektronix 7B92A vertical amplifier plug-in. The service manual consists of 167 pages, in 3,552 kB. The operator's manual is 35 pages, in 834 kB. They are both in electronic form, on a CD. The manual is in Adobe Acrobat (PDF file) format. The Adobe Acrobat Reader 5.0 is included on the CD, and can be used to read, search, enlarge, print, etc, the 7B92A ops and service manuals.

http://cgi.ebay.com/aw-cgi/eBayISAPI.dll?ViewItem&item=1290008519

If you're not familiar with the SA-2500, it was the last in a line of 2KW HF Antenna Tuners, and the first (and only) Heath Automatic tuner - - - using a motorized inductor and motor-driven capacitors which are controlled by an electronics package that senses minimum SWR

Tunes all bands 160-10 meters. Handles up to 2KW. Offers dual wattmeter and SWR that reads 0-200 or 0-2000 forward and 0-50 or 0-500 reflected. Digital readout turns counter. Audible warning when a user-selected SWR is exceeded. Manual tuning & touch-up available using three spring-loaded lever switches.

18 user-defined Preset positions to speed tuning. On the rear panel are two SO-239s for coax-fed antennas, one SO-239 as a bypass to a dummy load or resonant antenna, and a very large feed-through insulator for single-wire, end-fed antennas. Also at the rear panel is a connector to supply 12 VDC power, and even provision for remote control (choosing amongst the 18 Presets) if your transmitter or transceiver provides a switch closure to ground...

I'm looking for a Icom 970A/ H. I have a IC 910H with the 1.2 gig module installed. (1.2 gig module sold for $ 550.00)

Icom 910H 144/ 430/ 1.2 gig multi mode sat. radio   100 watts on 144-148mhz   75 watts on 430-450 mhz
10 watts on 1.2 gig band

I payed over $ 2000.00 for this unit in July of this year. (4 months)

I'm looking for a fairly inexpensive HF rig.

I am trying to get on the air for CW sweepstakes
this weekend so no time for shipping and I really
like face to face transactions anyway.

Let me know what you got.

tia

michael N6CHV

HP Omnibook 800.

These are the nice small HP units, pentium processors, 133 and 166 mmx available. 800 x 600 SVGA TFT displays, pop out mouse (real mouse, not pad or stick). They have 2 Gb. HD for mmx version and 1.4 Gb for 133s. 32 Mbyte RAM, 3.5 lbs. 11" x 7" x 2", available with docking stations, external floppies and CD ROMs. Mmx versions have Windows 95 and full initial loads including manuals, etc. Can provide drivers for 133 versions, but don't have the product recovery disks for them. Run digipan or other PSK/digital software, or rig control and logging.

Let me know what you have for trade. Looking for Icom W21 hand held, or most any other gear including boat anchors.
Thanks,
Barry KD5VC

I have for sale an absolutely mint Kenwood TS-850SAT. I am the original non smoking owner. I have both shipping boxes, hand mic, owners manuals and unopened accessory bag. The radio is a 10 out of a 10 functionally and cosmetically. The radio includes the SO-2 TCXO unit which is a $180.00 option. This is one of the last 850's manufactured. The serial number is 80200024. This is most likely one of the finest 850's you will find. I am asking $950.00 shipped ground UPS CONUS.

I Have the following VHF gear for sale.
2 ICOM IC-02AT's 2 meter hand helds in excellent condition with IC-BP7 heavy duty battery packs. 2 Icom CM-16U battery chargers, 1 leather case,
 1 ICOM lapel speaker mike. 4 Bp-4 battery holders, and an operators and service manual.
1 Kenwood TM-221A 2 meter mobile transceiver with the operator's manual and the service manual.
The TM-221A works well but it decreases power from time to time.
I am asking $150.00 US for the package plus shipping costs.
I am Peter Christensen and my email is

```
peter.christensen@home.com
Thank you. Peter.

I am trying to urgently locate an Applied Ocean Research ADF 320
Direction Finder, do you have any suggested sites/companies etc. who
may be able to help me please.

I am located in UK but will consider all options!

Thanks. Lin G6HZI

For sale:

Yaesu FT-101EX HF transceiver. 260 watts p.e.p. SSB, 200 watts CW,
40 watts AM on 160 through 10m plus WWV, AUX, NB, VOX, CAL etc.
Radio comes with the AC power cord, manual, microphone all ready to
plug and play.

I made several QSOs on the rig today and it works fine. The function
switch needs a squirt of cleaner, but everything else is solid.
Will sell for $265.00 plus shipping

Also have a parts rig FT-101E (includes additional speech processor
and 12V power supply built-in) - case is a bit rusty, but rig is
complete and would make a great restoration project or spare parts rig
for the FT-101EX above.
Will sell for $100.00 plus shipping

For Sale:

Set of three plug in coils.

1) This is a BUD 4 pin "ribbed" coil form, brown, 1" diameter 2.25"
tall.
It currently has about 90 turns of close spaced cotton covered wire

with a center tap.

2) Stout 4 pin ceramic coil form 1.5" diameter, 2.5" tall. Has about 50 turns of cotton covered wire with a 3 taps. One is also connected to the base.

3) The last one is from Vintage radio Kit Company, and is designed for their CPCW5 transmitter, as the final tank used with a 6AQ5 on 80 meters. It is an octal base
and stands 3.75" tall. When you could still get them, these sold for $8.00

I will sell all three for $18.00 plus shipping

I have a Ic 910H I'm looking to trade or sell in the next month or so.

I'm looking to trade toward a IC 970a/h or ic 821H. plus cash

My 910H is less than 4 months old and I need a better rig because of vision problems.

The IC 910 H   is a Multi-mode 144/440/1.2 satelitte rig. The 1.2 gig
module has been installed. I payed over $ 2000.00 in July

Greetings.. I just picked up a Kenwood TH-G71A today at Pacificon,
however my stupidity, didn't ask enough questions. I'm looking for a
radio that recieves in the 480's and 800's, as I understand the older
W32a's do. I already mod'ed my G71A but it doesn't include anything
above 469.999.

As this is literally a brand new radio, I know I'm probably asking for
much, but I'd like a excellent condition W32, with (am I pushing my
luck?) a high cap battery and a drop in charger.

Any willing traders out there?

reply to evan at espphotography dot com.

Thanks.

Evan

*** Homebrew Radio things ***

Many hams build things with a large investment in time & parts that are worth far less... later. Here are some items from the estate stuff I've been selling that fit that description -- priced accordingly.

Unless noted, most of the items below are built on PCB material and most of the enclosures are made by soldering pieces of PCB material into a box -- not all sides may be present! Batteries not included! A few of these devices come with schematics, mostly not. The wiring is all open enough that you can generally see what is going on.

Battery drainer -- LM317K (TO-3) plus a pot wired as a current sink to drain batteries -- 4" x 3" x 1.5" -- $2

PL Tone generator -- Wein Bridge Oscillator powered by two 9 volt batteries. - $3

Touch Tone Encoder -- Western Electric Touch Tone Dial mounted in a 4"x4"x2" metal enclosure with power switch. Has a 4 pin DIN connector plus matching cable terminated in a 1/8" mini plug. $4

Two Tone generator -- Two Wein Bridge Oscillators powered by two 9 volt batteries on perf board. - $4

Some kind of test oscillator with a 556, two pots with anodized gold (colored) knobs, pwr. sw.. LED,. & Banana jack outputs -- $4

60dB Sampling Tap -- HN female connectors for the main line and a BNC for the tap. 1KW in the line puts 1mW to the tap. -- $10

435 MHz power splitter with (3) N connectors. This is made out of brass sheet stock and is about 15" long by 1" square. $10

Varactor multiplier (unfinished) -- looks like it's designed for 144 to 432. Built in a 3.5" x 2" x 7/8" extruded aluminum case -- top plate missing. Silver plated coils, Johnson 189-6-4 caps. It think it is complete execpt for the input and output leads. $10

Some kind of VHF thing just started. Pomona 4"x2.5"x1.5" cast box with a couple 160-104 capacitors, BNC connectors, a miniature 50K bourns pot., 6 capacitors mounted to gold plated terminals with a very pretty gold flashed internal shield structure. Nothing is soldered -- this was just started. $10

Antenna Noise bridge? -- Pot & Cap plus 4 transistor circuit mounted in a 5" x 4" x 2" enclosure. BNC connectors marked ANT & RX. Pwr SW. & Led Powered by a single 9 volt battery. - $10

Two Meter to 24-28 MHz converter (I think!) -- 5" x 4" x 1.75" -- $10

A VHF thing -- Two trombone lines adjustable between 4-6" with a transistor connected between them plus a Phasotron 50 ua 2" round meter on a BNC cable with a small loop w/a diode. -- $10

NTSC Frequency reference -- I think this was a QST project in the early 1980's. PCB in 4"x5"x8" metal case (top missing) w/feet, AC line powered. -- $15

144-148 MHz to 24-28 MHz Transverter -- 5" x4" x 4" overall -- 2N3866 Output transistor, probably runs about a watt on transmit. Barrier strip for power (12V?) and an 8 pin Japanese style Mike connector for ?. Transmit & receive sections are each 5" x4" x 2" and only interconnected with a few wires -- $20

All of the above plus shipping, if necessary, naturally.

*** Test Equipment -- all functional!! ***

Data I/O Unipack 2, PROM progamming fixture for 29A/B programmers. $40

DataPulse (Systron Donner) Model 101, 10 MHz Pulse Generator, 10 Hz TO 10 MHz in 6 Ranges, 8.5" x 4" x 11" deep $40

General Radio 758-A 55-400 MHz Wavemeter. Dial in need of severe polishing but, insides are clean. $25

Heathkit / Zenith ET-3100 Electronic Design Experimenter. Small protoboard plus 200Hz-20KHz Sine & Squarewave generator, individually variable +/- 15 V supplies, 30VCT AC source, 1K & 100K undedicated potentiometers. AC Line powered. $75

Heathkit GD-1B Grid Dip Meter with coils in original box plus manual. $30

Heathkit IM-4180 FM Deviation meter. $150

Heathkit QM-1 Q-Meter w/ operation manual. $125

Hewlett Packard 141T Spectrum Analyzer system including mainframe, 8552B IF section,
8553B, and 8555A RF sections plus 8443A Tracking generator.
All original knobs, terminators,etc. clean and working fine.
With manuals (or copies thereof...) for all units. $2200

Hewlett Packard 427A (transistorized) volt-ohmmeter with nice 4" mirrored scale. Reads as low as 10 mV full scale on AC and up to 1000V AC or DC. Including a spare battery and an original HP manual -- $75

Harrison (later HP) 865B 40V .5A Max. Constant Voltage-Constant Current Laboratory Power Supplies $25 ea $45 pair

Hewlett Packard 4260A Universal Bridge -- measures resistors, capacitors and inductors. Also checks inductor Q and capacitor D using either internal 1KC source or external oscillator.   Has "semi-auto" nulling feature in L&C modes. 6" hi x 8" wide x 12" deep overall -- 115/230 VAC powered. Cosmetically very good. $250

Kepco Dual PCX 15-1.5 MAT 15 volt 1.5 amp max lab power supply in Kepco PC-4 cabinet. Individual voltage & current meters (4 total). Ten turn voltage adjust -- $70

Kepco Dual PCX 40-0.5 MAT 40 volt .5 amp max lab power supply in Kepco
PC-4 cabinet. Individual voltage & current meters (4 total). Ten turn voltage

adjust -- $70

Polarad 1207A Microwave Signal Generator 3.7-8.4 GHz. $80

Pomona #2399 cast Aluminum Boxes (2�" x 1-1/8" x 7/8" o.d.) w/ gold plated SMA

female connector on each end. New (in factory sealed plastic bag) -- $10 ea

Sierra Electronics model 164B Bi-Directional Power / SWR meter (looks just
like a URM-120) with 181-A-1000 element -- covers 200-1000 MHz with four
power ranges: 10W, 50W, 100W & 500W full scale. Case is in good condition
finished in "Howard Hughes" (light) green -- leather carrying strap is in
very good condition. N connectors (M&F) -- $100

Teaberry model TB 6503 HF SWR / Power meter. 100W / 10W ranges FWD & REF
power plus SWR. UHF connectors. $7

Tektronix P6006 10X Scope Probe (used) $7

TEI model 28-200 relative power / SWR / Field strength meter -- screw in whip
antenna is missing. UHF connectors. $10

All of the above plus shipping, if necessary, naturally.

I have for sale an absolutely mint Kenwood TS-850SAT. I am the original non smoking owner. I have both shipping boxes, hand mic, owners manuals and unopened accessory bag. The radio is a 10 out of a 10 functionally and cosmetically. The radio includes the SO-2 TCXO unit which is a $180.00 option. This is one of the last 850's manufactured. The serial number is 80200024. This is most likely one of the finest 850's you will find. I am asking $950.00 plus shipping from 48026.

I have for sale an absolutely mint Icom IC-746. This radio is as new and includes the optional UT-102 voice board. The radio is all mode and covers HF, 2M and 6M. The radio has a built in antenna tuner. I am the original non smoking owner. I have the original box, owners manual, hand mic, unopened accessory bag and sales brochure.
I am asking $1,000 plus shipping from 48026.

I have for sale an Icom IC-471H all mode 432MHz rig. This radio is in
excellent condition and has had the cap replacement mod. I have the
original box, original owners manual, a copy of the owners manual, sales
brochure, hand mic and power cord. This is the high power version. The
radio comes from a non smoking environment.
I am asking $500.00 plus shipping from 48026

I have for sale a mint Icom IC-R100 Communications Receiver. This radio
has never been mobile and I am a non smoker. I have the box, owners
manual, sales brochure and all standard included accessories. The R100
covers 0.1-800Mhz and 900-1856Mhz in the AM, FM and wide FM modes.
I am asking $400.00 plus shipping from 48026.

I might be interested. If you still have it let me know. I will go down the
local radio store and take fast look at the 910.
My 970H has been kept very well. I only is 2 meter and 70 cm. It does not
have any of the optional band mods. It does have decode.
I also sent email.

***** Used Coax Connectors ****

These are mostly used, fairly clean, (at least 80%) Amphenol parts.
There are anywhere from about 4 to 25 of each type available.

UHF female - UHF female barrel connectors -- $1 ea

UHF male - BNC female adapters -- $2 ea
UHF female - BNC male adapters -- $2 ea
UHF F-M-F Tees -- $2 ea

Andrews Heliax UHF connectors 1/2" 44AP male -- $10 (last one)

UG-57B/U N Male-Male connector -- $4 ea
UG-635/U C Female - BNC Male adapter -- $5 ea
UG-636A/U BNC Female - C Male adapter -- $5 ea
UG-259A/U 91836 -- HN female to LC female bulkhead adapter -- $30

SMA Female-Female Bulkhead connector -- $1 ea

***** New Coax Connectors *****

UG-1213/U HN Male Cable connector NOS -- $10

Kings KH-39-11 HN Female Cable connector NOS -- $10

Below are all new crimp on connectors, with all hardware, in individual

plastic bags; early-mid 1990's date codes.
I believe that they are all for RG-59 size cable.

Kings Electronics
KC-59-642-M06 BNC Cable Male -- $1 ea
KA-59-385-M06 TNC Cable Male -- $1 ea
KA-19-43 TNC Bulkhead Female -- $1 ea

*** Coax Antenna Relay ****

Dow-Key DK-60 style 110 VAC coil -- $30 (last one)

(3) UHF connectors. Somewhat old looking on the outside but, I popped the inspection port and all the contacts are all happy -- goes "clunk" upon application of the appropriate voltage.

All of the above plus shipping, if necessary, naturally.

****** VACUUM CAPACITORS & other Vacuum things ***********

Jennings Vacuum Variables -- all used (or at least aged)

UCS-300-15S	300pF	15KV	$200	with standard puller, later manufacture (blue)

UCSL-750	750pF	3KV	$125	with standard puller
UCSL-1000	1000pF	3KV	$125	with standard puller

---Fixed vacuum caps--

Jennings VC-12	12pF	20KV	$20	
Jennings	50pF	86KV	$86	
Western Elec	100pF	5KV	$30	(This one hi-pot checked @ 14KV)

--- Vacuum Relays --

Old "T" style vacuum relays, the coil slips over one leg
of the glass enclosed contact assembly -- One of the contacts has a Penta
Labs
part number: 420 53 3875. The coils are 28V. $10 ea

Struthers Dunn Type 78CCA109 "Keying Relay" which consists of a vacuum
relay mounted on top of a small (2"x3"x4") metal enclosure. There is a
15 pin Jones connector on the side of the box. I believe that there are
some auxiliary contacts in the box in addition to the vacuum relay.
28VDC. $15

------ Vacuum switch -----------

R1G SPST 20KV 20Amp Vacuum Switch $80

All of the above plus shipping, if necessary, naturally.

```

I'm back to report that today I received a money order from Mr Caruso's wife Nicole. True to her word, she mailed it out right away after my second phone call to their home phone.

Just for the record, Mr Caruso claimed FedEx lost the package. He provided me with a copy of his office shipping book, but that does nothing to prove FedEx ever picked it up. FedEx claims no record of any shipment that day from his Office. IMO the receipt is not truely accurate or made on the date claimed.

This deal stretched out over two months...

I tried numerous times by Email and phone calls to contact Mr Caruso about the status of our Ebay deal. His first replies came very few and late to my repeated requests for contact. Then his replies stopped near the 60 day Ebay limit. I did file my claim on the last day allowed by Ebay. His Ebay account is no longer active.

After no followup replies were received for some time, I pulled some strings to obtain his/their home phone number. My call came as quite a surprise to his wife and he when I informed her of the matter and status of our deal. After no reply initial replies from Vince to that first home contact call, I contacted the Clifton, NJ Police. My second call to Ms Caruso brought action... she straight away purchased a money order and sent it out US Certified Mail, it arrived today.

I received two other reports about Mr Caruso from people reading these posts. He failed to send money after making a deal to purchase equipment. If one checks his Ebay feed back, you see him doing the same actions there.

I'm very happy to have my money back. I'm happy to say Ms Caruso was very prompt to act when she learned of the problem. For that I am greatful.

"let the buyer beware..."

cheers
skipp@pilotNOSPAMPLEASE.ucdavis.edu

```

******* MICROWAVE *******

Hughes M-band balanced mixer assemblies which have WR-75 flanges on the RF & Oscillator inputs and wire terminals on the IF outputs. $25 ea

Avantek SD7-0738N GaAs Fet Preamp. 3.7-4.2 Ghz WR-229 input flange. N output connector. 4 pin AN type power connector -- pin assignments noted on label. $50

Rantec FU-301 Filter? or Delay Line?? at some GHz ...I don't know. N connectors -- 7 3/4" x 3 3/4" x 1" overall. $10

Display (or paperweight) Traveling Wave Tube. The tube was cut in half and encased in clear resin. 15" x 4" x 1.5" thick. There are some scratches on the resin surface which I think could be buffed out. $50

And a similar display piece of just the cathode assembly from a larger Traveling Wave Tube. 3.5" x3.5" x 1.25" thick $25

```
IMPATT Diodes -- NOS individually packaged with test data
     NEC ND8P15-5H-C  1W @ 14.8 GHz   $30 ea
     NEC ND8V12TU  2.5W @ 12.6 GHz     $50 (one only)
     Loral GC-5831E  300mw  @ 12.5 Ghz $20 ea

Microwave Mixer Diodes (I think!) -- NOS in original capsule packaging
     Sylvania D5163     4 pcs         $20 all
```

All of the above plus shipping, if necessary, naturally.

*** SWITCHES ***

Radio Switch 86 series 6PDT (3 DPDT wafers) RF style switch used good -- $30

General Electric WW2 vintage (has that BC-375 look) 6 position RF style
switch.
Very solid detents! Used, excellent. $10

Switchcraft lever switches -- all have black round knobs unless noted
8PDT (#60024L) NIB -- $5
4PDT (#160012L) NIB -- $3
DPDT (#3006L) used -- $2 ea
DPDT plus 2 form A contacts (41000 series) barely used (a single pair of
contacts) - $2

Three pos. 2 form B momentary (#3035) NOS -- $2
Three pos., 2 form F momentary (3000 series) used -- $2ea
Three pos., 3 form A momentary each side (3000 series) NOS, white rect.
knob -- $3

Three pos., 2 form C momentary (#130312) NOS -- $2ea
Three pos., 2 form C (#130312L) NOS -- $3
Three pos., 3 form A momentary each side (13000 series) NOS, red rect.
knob -- $3
Three pos., 2 fom C (DPDT) each side (#160312) NOS -- $3

Mossmann 3PDT lever switch (4803Z1P2) NOS -- $2

C&K 8121 SPST miniature pushbutton switch -- 1A 120VAC silver contacts NOS
$2 ea

Dialight 570-31 3PDT miniature toggle switch with 5/8" long handle -- 5A 125
VAC NOS $5 ea

Grayhill 46YY2159 Sealed Pushbutton switches, RFE -- These were SPDT but, the
NC lead has been cut off flush with housing. The NO & COM terminals are cut
short like they were removed from a PCB. Nice metal shaft has about .2"

travel. No button nor hardware, 1/4" mounting thread. And there are a bunch of them -- 4/$1

All of the above plus shipping, if necessary, naturally.

**** SEMICONDUCTORS ****

GE 1N2155 rectifiers, 25A, 100PIV, Used. Four for $5.

GE 1N3289 rectifiers, 100A, 200PIV, DO-8 large stud package. These look like
NOS --
(It doesn't appear that the anode leads have ever been bolted to anything.)
4 pieces -- $20 all

GE 4JA61C rectifiers, 50A, 300PIV, large stud package. A pair for $5.

GE 4JA63C rectifiers, 50A, 300PIV, large stud package. Four for $10.

GE A70B, 100A, 200PIV, DO-8 large stud package. Used. Four for $15.

GE C156D, 110A, 400V Inverter SCR's, used. $10ea.

Lambda FBH-24 Hybrid Regulators NOS -- $10 ea

Motorola NOS rectifiers, 50A, 100PIV, plate mounted. 2ea MR1201FL & MR1201FLR
(a bridge worth)-- NOS $10 all

Motorola NOS TIP34A 10A 60V TO-218 PNP Power Transistors. 4/$1

Sarkes-Tarzian Model 78D center-tapped Selenium Rectifiers. NOS! $5ea

Westinghouse 6-1-1B/1N1188 3 Phase 600V 35 Amp rectifier assembly
with heatsink. Unused but, tarnished from long storage $10.

Westinghouse NOS, 80A, 1000V house-numbered SCR's $15ea.

Westinghouse NOS, 20A, 1000V house-numbered Rectifiers $4ea.

All of the above plus shipping, if necessary, naturally.

***** Neon Lamps ****

NE-2	About 100	NOS
NE-2D	8	
NE-15	1	
NE-16	15	
NE-17	3	
NE-20	2	
NE-32	6	Big
NE-42	3	Real Big
NE-45	12	
NE-48	5	
NE-51	22	
NE-79	1	
CM-81A	3	

& an OSRAM N32 marked 380V
plus a couple other screw-in types on which I can't read the numbers

These are a mix of new and used, mostly made by GE, though I saw a few
Westinghouse and RCA -- they probably average 40 years old and most of the
bases are somewhat tarnished from age.   I lit up a couple of the larger ones
and they seem to
 work ok.

If anyone would like the whole bunch, I'll take $60 for them all.

All of the above plus shipping, if necessary, naturally.

*** MISCELLANEOUS ***

NOS coily cable for a Yaesu MH-27 mike (may fit others). Later version with the RJ connector at the radio end. $10.

Filter Cap Assemblies: Eight CDE 80 uF/450V axial electrolytics mounted to a 5"x8" fiberglass PCB -- these are currently wired sort of series-parallel but, could be reconfigured by cutting & jumping a couple PC traces. $20 ea. (2 available)

Large (uncased) display unit. 256, T-1 3/4, LED's arranged in a 16 x 16 pattern that is about 5" square. There is a 6" x 6" mother board plus 16 daughter boards holding the LED's. The LED's are driven by latches so any/all of them can be lit. There is a 14 pin DIP interface connector -- pin out provided. $75.

DPDT Crystal Can relays with 600ohm 28V coils and 2A 28V contacts made by Leach, Datron and other manufacturers. They have small solder hook pins for connection and a pair of ears on the sides to mount the relay. These are old but, as they are hermetically sealed, they should be like new inside! NOS $3 ea (a dozen or so available)

Late '70's vintage likely Military, probably airborne, VHF power amplifier assembly. It consists of 7 almost identical amplifier assemblies clustered around a central housing that has splitter combiner networks which are plugged onto each end with a bunch of SMB connectors. There are TNC's for the main in's & outs. I think it was originally configured as one amp, driving two, driving four boards. The complete assembly measures 7.5" x 5" x 3.5" overall -- the individual RF amp boards are 4.5" by 2". The outer covers are mostly missing. Each amplifier is a push pull design -- they appear to be 50 ohm in & out impedance with either PT6747 or PT6702 TRW transistors. I would guess this unit operates on 28VDC. I don't know what frequency range it covers nor the power level though, just guessing, it probably puts out at least 100W. And there is no manufacturer name -- probably went with the outer cover. Six of the stages are marked OK and one, the input stage I think, is marked NO Good. The individual amps have integral heat sink plates so, they could be removed from the assembly and used separately. Think of it as 7 amplifier boards @ $10 ea --

Bare PCB's would cost as much! -- $70

Carter Radio 500K ohm rheostat with 2" diameter skirted knob, calibrated 0-100 over 270 degrees -- $15

Motorola 4-pin Microphone connectors 28-16730 or Amphenol 01-MC4M -- NIB $5ea

Motorola 0180700T14, 4-wire coily cord mike cable assembly with a mike connector as above on one end and a spring strain relief on the other. There are some flat pins on the free wire ends -- NIB $15

Motorola TLN6824A Vibrasender -- Freq. 1B, 107.2 Hz $2

Motorola TLN1361A Timeout Timer $4

National Type A Velvet Vernier dials-style 2 (marked 0-100 over 180 degrees) 3-3/8" or 4" diameter -- $25 ea

Tunable CTCSS unit -- Part no. 1100-1609-000 -- 1" x 2" PCB with wires to an 8 pin SIP connector -- Includes double sticky mounting tape. NIB $10

200W (or so -- 10" long) 1500 ohm 10 tap (every 150 ohms) power resistors -- used good, $10 ea (2 available)

Ohmite 3K, 225 Watt power resistors used w/mounting clips -- $7 ea (8 available)

Ohmite 2K, 225 Watt power resistors used w/mounting clips -- $7 ea (10 available)

Four 37.5K 78W power resistors used w/mounting clips -- $15 all.

Parasitic Supressors, large pair -- 2 Turns of 3/8" wide silver plated strap wound over Globar 25 ohm, 3" x 5/8" bulk ceramic resistors (rated 20-25 watts?). The strap extends 1.5" from one end and 2.5" from the other. The silver is heavily tarnished but should clean up with Tarn-X or similar. $20 for the pair

Powerstat Type 10 120V 1.25 A variable transformer (variac) used, no knob nor dial -- $15

Type 10B 120V 1.75 A variable transformer (variac) used, with dial, no knob -- $20

Later 10B 120V 2.25 A variable transformer (variac) used, with dial, no knob -- $25

Later 10B 120V 2.25 A variable transformer (variac) NOS, with dial & knob -- $30

A couple old RF chokes:

#22 enameled wire space wound 24 TPI for 2.75 on a 1" diameter grooved fiberglass form 5" overall -- $7

#27 (green enameled) wire wound 40 TPI for 4.3" on a 3/4" diameter ceramic form which steps to a 1.3" diameter base tapped for two 6-32 screws, 5.5" long overall. Looks like winding has been cleanly spliced, twice -- $10

Pomona #2399 cast Aluminum Boxes (2�" x 1-1/8" x 7/8" o.d.) w/ gold plated SMA

female connector on each end.   New (in factory sealed plastic bag) -- $15 ea

Thordarson 20A01 Input Transformer NIB! -- Single or double button microphone or line to single grid. Turns ratio 1:20 Includes original data sheet -- $25

Vibrafork 4 channel resonant reed relay. A real relic. NOS! $10

All of the above plus shipping, if necessary, naturally.

***** Power Supplies, Inverter, UPS *****

Open (L-shaped) frame linear power supplies 6" x 3" x 2" with attached 2 wire polarized line cord, 120V 60 Hz AC input; internal 1A line fuse. There is a relay that switches the 3 voltage outputs. They have a six-pin SIL output connector and come with a matching cable to pigtails. The wires are: GND, +5V switched, -5V switched, relay (gnd to operate), +12 switched, and +12 constant (for the relay). Just guessing from the 780X series regulators, I would think that the +12 and +5 outputs are good for about an amp. and the -5, which regulator is unheatsinked, perhaps a couple hundred mA.
$15 ea. (5 units available)

Lambda LM B0-60 -- 0-60V, .45A Linear Power supply with remote sense terminals, screwdriver voltage adjust, 5"x3"x7" -- used $25

Power General
Model 1035-2 -- 12V, 3A, Switching Power supply, uncased PCB 5"x3"x2" -- NOS $15

Model 3050-1 -- 5V@6A , 12V@1A & -12V@1A, Switching Power supply, uncased PCB 5"x4"x2" -- NOS -- $25 ea (4 available)

Model 3056-6 -- 5V@6A & 12V@3A, Switching Power supply, uncased PCB 5"x4"x1.5" -- NOS $25

Sierracin 5C12A -- 12V (5 Amp?) Switching Power supply with remote sense terminals -- open frame 5"x8.5" x2" -- used $15 ea (2 available)

NPC Model 12-115. 12VDC - 115 VAC 200W Square Wave inverter. Black case w/ gold anodized front panel measures 7"x7"x5" high. 10 lbs. shipping wgt. $25

International Instrumentation Model PUP-200. 200W computer style UPS. Off white case measures 15"x8"x6" high. Requires 24V worth of lead acid batteries, not included. 18 lbs. shipping wgt. $30

SAFT Model SPS400-117. 400W computer style UPS. Light tan case measures 11"x12"x6" high. Requires 24V worth of lead acid batteries, not included. 20 lbs. shipping wgt. $50

All of the above plus shipping, if necessary, naturally.

sci.electronics.components:12574

Trav-A-Dial bidirectional electronic counter -- I think this was originally for use with a mill or lathe in conjunction with a 200 count/rev quadrature encoder (which I DON'T have but are available from many sources) to read displacement in .0005" increments up to 200 inches. These use Hewlett Packard dot matrix decimal readouts for a very pretty display. Switches for direction control and reset. Nice cast metal case, requires 5 volts power, 6 pin female Jones connector interface w/ pinout provided. $75

Prototype or reject circuit boards from the above -- the readouts are either all good or one bad one per board -- which is probably why they were removed from service. $15 ea

Pulled and tested HP 5082-7300 RHDP decimal readouts -- $5 ea
Pulled and tested HP 5082-7304 +/-1 decimal readouts -- $3 ea

NOS 5082-7302 LHDP decimal readouts, still in HP packaging, $10 ea.

All of the above plus shipping, if necessary, naturally.

NOS fan that fits some Japanese radio...marked: 57 10.01 100V
  The wires from the motor are about 4' long and are terminated in a 2 pin JST connector.
  The impeller has 8 blades and is 7 cm in diameter.
  It is mounted to a U shaped metal frame with four mounting holes spaced 5cm by 9cm
  $10

Listed below are all serious squirrel cage type fans:

Redmond Model BL-6 115 VAC .8A 60Hz 3000 RPM 4" round intake, 2.5" square output flange, weighs 6lbs. used -- $20

ILG Electric Ventilation 17-18-022A encased motor with 181-009-EA fan 115/230 VAC 1.6A/.8A 50/60Hz 3000 RPM 4�" round intake, 3�" x 4-3/4" rectangular output flange, weighs 25lbs. used -- $30

Kooltronic Model DF1F016N Dual fan style 230 VAC 1.2A 60Hz 3000 RPM 3�" round intakes, 2.5" x 5" rectangular output flanges, 16" long by about 7" diameter overall, weigh 15lbs.   These look like NOS but, they are a mite dusty from storage -- $40 ea (3 available)

All of the above plus shipping, if necessary, naturally.

I have 6 coils (nos: 100, 102, 103, 104 ,105 & 106) in original boxes for the McMurdo Silver model 903 Wavemeter.

I also have the empty box from coil #101 and the instruction sheet for the Wavemeter.... and no, I don't have the meter itself.

Asking $30 for all plus shipping if necessary.

************ Old Radio Knobs **************

These are all used, most have set screws, with nothing worse than minor scuffs and smudges and fit 1/4" shafts, unless noted.

Dakaware
    1-1/16" Knurled Knob -- $3
     1-1/16" Knurled Knob w/ 1.5" skirt w/ white indicator line -- $5ea
     1-1/16" Knurled Knob w/ 2" skirt marked 0-10 -- $8
     1-5/8" Knurled Knob w/ 2-1/16" skirt & unfilled indicator line -- $8
     2-3/8" Knurled Knob w/ white vinyl pointer at skirt level -- $12 ea
     2-3/8" Knurled Knob w/ 3" skirt & unfilled indicator line -- $12
     2-1/16" skirt only -- $2

   Short (1-3/16")pointer knob w/ white indicator line $1 ea
   Long (2") pointer knob w/ white indicator line $1.50

Harry Davies
   #1206 1-3/8" knobs -- $4 ea
   Short (1-3/16")pointer knob unfilled indicator line -- Not sure if this is Davies... There are a box of these -- 50 cents ea

Hewlett Packard (70's vintage)1-5/8" spinner knob w/ 3/8" bushing -- $10

Kenwood 5CM diameter knobs that look like they are from a Kenwood TS-830 (main tuning knob) or similar
   "Stock" knob -- $7
    One that's been backfilled with shot to give it some heft -- $7
    The plastic spinner version -- $15

Kurz-Kasch
   #308 1-1/8" knob -- $4
   #308 1-1/8" knob w/ 1-3/4" brite metal skirt with 100 graduations and tens indicated in black -- $8
   #309 1-5/8" knob w/ metal spinner and 2-1/4" black metal skirt with 100 graduations and tens indicated in white -- $12
   #309? (may not be KK) 1-5/8" knob w/ plastic spinner and 2-1/4" metal skirt with 100 graduations and tens indicated -- $12

#310 2-3/8" knob -- hub drilled out to 3/8" -- $8
#310 2-3/8" knob w/metal spinner shaft -- $12 ea
#311 2-1/16" skirted knob (some of the white lines are need refilling on these) -- $8ea
#380 1.5" skirted knob -- $5

These look like what was on some '60's Hammarlund, Eico & Knight Kit stuff
#642 1.5" skirted knob -- $5
#S-645 .75" skirted knob w/indicator line -- $5
#647 1"   skirted knob w/indicator line -- $5 ea
#653 1.5" skirted knob w/indicator line -- $5 ea

Millen? (has a logo that looks like a "M" with an "I" superimposed at the center) #309 3-1/2" Handwheel style knobs as seen on the SX-28, if I recall correctly.
These are all in need of minor plastic surgery -- two have chips out the skirt where the set screw goes and one has had it's center drilled through... perhaps, to make a concentric assembly??
$10 ea.

National HRT 2-1/16" diameter
Black, trim rings somewhat tarnished -- $5 ea
Gray, trim ring shiny like new -- $10

National Type A Velvet Vernier dials-style 2 (marked 0-100 over 180 degrees)
3-3/8" or 4" diameter -- good condtion, $25 ea

There are also many knobs from 1960's Tektronix and Hewlett Packard oscilloscopes, if anyone has any need, please inquire.

All of the above plus shipping, if necessary, naturally.

********** Old Radio Books & Catalogs **********

Radio Amateur Callbook V62 #1 -- US & DX listings 1984. Just a bit of wear at the corners. $10 (2 books)

Handbook of Electronic Communication by Gary Miller, Prentice Hall 1979. Hardbound, very good condition, owners name written on frontleaf, 339 pages. $7

101 Ways to Use your VOM & VTVM by Middleton -- Howard W Sams. Good condition 144 pages. $5

Radio Amateur Callbook V41 #2 -- DX listings only 1963 Front cover a bit torn up and it looks like something heavy was resting on it for 20 years. Insides OK. $4

RCA HB-3 Tube Handbook

Loose leaf 6 ring binder style data sheets starting in the late '40's with additions and updates through October 1966. Sepatate sections cover Transmitting Tubes,

Receiving Tubes (Part 1 & 2),
Industrial receiving tubes, Photosensitive devices, Thyratons & such, CRT's & Picture tubes,
Miscellaneous types, & semiconductors. The updates appear to have been made in all
these sections except Picture Tubes which is somewhat disorganized. It also appears that the
obsolete data sheets were kept for reference. The whole collection is about 30" wide on a shelf.
Shipping weight will be 20 lbs. Excellent condition; mostly never read! One gotcha - No binders. $150

RCA Transistor Manual SC-13, 1967. Good condition 540 pages. $10

Having Fun with Transistors by Buckwalter -- Howard W Sams. Good condition 127 pages. $5

Amateur Single Sideband by Collins Radio. 1962 Hardbound. Excellent condition except owners name in ink on p.106. 143 pages. $50

Allied Electronics Data Handbook. Lots of formulas. Water damage on cover and about 1/2" into edges, no pages stuck. 1962. $2

Understanding Transistors by Allied Radio. 1962 First Edition, first printing. Good condition 96 pages. $10

Heathkit Catalogs
1954, 55, 56, 57, 58, 59 &
Fall-Winter '62-63,
Xmas '89 + Winter, Spring, Summer '90 $100 all

Handbook of PREFERED CIRCUITS
Navy Aeronautical Electronic Equipment
vols. 1&2 (1955 tubes & 1962 transistors)
very good condtion $25

40 Uses for Germanium Diodes by Sylvania Electric Products. First edition, first printing, 1951. Cover separated, some writing on cover & frontspiece, otherwise good condition. 47 pages. $7

Electronic Shortcuts for Hobbyists by Sylvania Electric Products. Second edition, first printing, 1951. Cover separated, otherwise good condition. 35 pages. $7

Electrical Fundamentals (AC) TM11-681 US ARMY Technical manual. December 1951. Good Condition except for water damage on front edge; no pages stuck nor ink bleed. 231 pages. $7

A Course in Radio Fundamentals by George Grammer, ARRL. Third edition, 1948. Good condition except cover taped at spine, owner's name written on front. 300 pages. $5

Surplus Radio Conversion Manual Vol. 2 1948 Good condition, 125 pages. $15

Radar Electronic Fundamentals T.O.16-1-195 US Navy Technical manual. June 1, 1944. Good Condition except for water damage on front edge; no pages stuck nor ink bleed. 474 pages. $15

Reference Data for Radio Engineers by Federal Telephone & Radio Corp. Lots of realllly useful info about tubes & formulas in this small format hardbound book -- Good condition small part of frontspiece, probably where owner's was stamped, missing. 200 pages. $25

Tuned Circuits by J.M. Quinn, 1943. Small hardcover book 52 pages. Very Good condition, one page is punched with Los Angeles Public Library ID. $7

Most Often Needed 1926-1938 Radio Diagrams, originally published by Supreme Publications 1941. This is a REPRINT, by Vintage Radio.
240 pages, solid schematics! Like new, $15

Radio Television Supply Company catalog #15 (1940?) (they used to be in downtown Los Angeles). Small tear at the top of the spine, otherwise in very good condition.
256 pages. $15

RCA RC-14 Receiving Tube Manual 1940. Front cover rough and half of spine cover missing. Insides good. 255 pages, $15

RCA TT-3 Air-Cooled Transmitting Tubes 1938 copyright
overall good condition w/slight damage at top & bottom of
spine & first 20 pages of lower right corner. 192 pages -- $20

Radio Supply Company catalog #10 1938? (they used to be in downtown Los Angeles) Front cover loose, back cover missing. 160 pages $10

Radio Television Supply Company catalog (1937?) (they used to be in downtown Los Angeles). A couple of spots on the cover otherwise in very good condition.
172 pages. $15

Advanced Laboratory Practice in Electricity and Magnetism by Earle Terry, McGraw Hill, Third edition, 1936. Hardbound, 318 pages. $7

Radio Supply Company catalog 1934 (they used to be in downtown Los Angeles)
-- a little smudging on the back cover and two middle pages torn on the edge but, otherwise in fine condition. There is a sticker from the (original?)
owner on the first inside page. 85 pages, the last 10 or so of which are receiving and transmitter tube data from the era. $15

5 Meter Radiotelephony by Frank Jones -- This is a REPRINT of a 1934 booklet
Excellent condition 20 pages or so $4

Elin company overview book 1932
very good condition except cover is almost loose
Text is in GERMAN. Lots of photographs of electrical equipment,

tools, machinery, and construction projects.
128 pages $4

Radio Amateur's Handbook Ninth Edition by the ARRL, 1931. Has a typewritten note glued to the frontspiece stating that it belongs in the radio room of the USS Maryland (which was moored just inshore of the USS Oklahoma on the first Pearl Harbor Day). Cover somewhat rough, torn at spine, index and first two chapters missing up to page 24, otherwise good, no writing nor torn pages. Softbound, about 200 pages left. $500

Radio Doings Call Book Spring 1931 edition
cover taped at spine, otherwise very good
50 pages $7

Radio Amateur's Handbook Sixth Edition by the ARRL, November 1929. Cover a little worn at edges and on spine otherwise excellent, no writing nor torn pages. Softbound 225 pages. $125

Radio Doings Vol 15, #1 June 1929 edition
cover, first two & last two sheets missing otherwise o.k.
pages 5-62 remain $4

Official Radio Service Manual 1930, originally published by Gernsback Publications. This is a REPRINT by Vestal Press, 1984. Schematics & some service info. 352 pages, like new $15

All of the above plus shipping, if necessary, naturally.

*** Test Equipment -- all functional!! ***

Data I/O Unipack 2, PROM progamming fixture for 29A/B programmers. $40

DataPulse (Systron Donner) Model 101, 10 MHz Pulse Generator, 10 Hz TO 10 MHz in 6 Ranges, 8.5" x 4" x 11" deep $40

General Radio 758-A 55-400 MHz Wavemeter. Dial in need of severe polishing but, insides are clean. $25

Heathkit / Zenith ET-3100 Electronic Design Experimenter. Small protoboard plus 200Hz-20KHz Sine & Squarewave generator, individually variable +/- 15 V supplies, 30VCT AC source, 1K & 100K undedicated potentiometers. AC Line powered. $75

Heathkit GD-1B Grid Dip Meter with coils in original box plus manual. $30

Heathkit IM-4180 FM Deviation meter. $150

Heathkit QM-1 Q-Meter w/ operation manual. $125

Hewlett Packard 141T Spectrum Analyzer system including mainframe, 8552B IF section, 8553B, and 8555A RF sections plus 8443A Tracking generator.

All original knobs, terminators,etc. clean and working fine.
With manuals (or copies thereof...) for all units. $2200

Hewlett Packard 427A (transistorized) volt-ohmmeter with nice 4" mirrored scale. Reads as low as 10 mV full scale on AC and up to 1000V AC or DC. Including a spare battery and an original HP manual -- $75

Harrison (later HP) 865B 40V .5A Max. Constant Voltage-Constant Current Laboratory Power Supplies $25 ea $45 pair

Hewlett Packard 4260A Universal Bridge -- measures resistors, capacitors and inductors. Also checks inductor Q and capacitor D using either internal 1KC source or external oscillator. Has "semi-auto" nulling feature in L&C modes. 6" hi x 8" wide x 12" deep overall -- 115/230 VAC powered. Cosmetically very good. $250

Kepco Dual PCX 15-1.5 MAT 15 volt 1.5 amp max lab power supply in Kepco PC-4 cabinet. Individual voltage & current meters (4 total). Ten turn voltage

adjust -- $70

Kepco Dual PCX 40-0.5 MAT 40 volt .5 amp max lab power supply in Kepco PC-4 cabinet. Individual voltage & current meters (4 total). Ten turn voltage

adjust -- $70

Polarad 1207A Microwave Signal Generator 3.7-8.4 GHz. $80

Pomona #2399 cast Aluminum Boxes (2�" x 1-1/8" x 7/8" o.d.) w/ gold plated SMA

female connector on each end. New (in factory sealed plastic bag) -- $10 ea

Sierra Electronics model 164B Bi-Directional Power / SWR meter (looks just like a URM-120) with 181-A-1000 element -- covers 200-1000 MHz with four power ranges: 10W, 50W, 100W & 500W full scale. Case is in good condition finished in "Howard Hughes" (light) green -- leather carrying strap is in very good condition. N connectors (M&F) -- $100

Teaberry model TB 6503 HF SWR / Power meter. 100W / 10W ranges FWD & REF power plus SWR. UHF connectors. $7

Tektronix 2225 Oscilloscope. Dual trace 50 Mhz 'scope in very good condition. No probes nor manual. $225

Tektronix P6006 10X Scope Probe (used) $7

TEI model 28-200 relative power / SWR / Field strength meter -- screw in whip antenna is missing. UHF connectors. $10

All of the above plus shipping, if necessary, naturally.

FOR SALE:

YAESU Model AYC-221 Digital Display Unit.

For Yaesu FT-101 series radios. Displays your exact frequency to FIVE decimal places just like the modern all solid-state rigs.

Great little accessory and it works perfectly. Just plug it into the VFO accessory jack in the back of your FT-101, FT-101B, FT-101E, FT-101EX, FT-101EE, FT-101-F or
FT-101FE (did I leave any out? He he)

This neat little gadget sits on top of your FT-101 series radio and lets you see exactly what frequency you are on. Has adjustable calibration so that you can set it precisely using WWV or a secondary crystal standard such as your rig's calibrator or any other signal source.

Dimensions 4.5" X 6.25" X 1.5"

Comes with the original cable so it will plug and play.

I believe that this might also work with the FT-221 Analog 2m allmode rig.

Will sell for $75.00 plus shipping

I have for sale an absolutely mint Kenwood TS-850SAT. I am the original non smoking owner. I have both shipping boxes, hand mic, owners manuals and unopened accessory bag. The radio is a 10 out of a 10 functionally and cosmetically. The radio includes the SO-2 TCXO unit which is a $180.00 option. This is one of the last 850's manufactured. The serial number is 80200024. This is most likely one of the finest 850's you will find. I am asking $950.00 shipped ground UPS CONUS.

Hi

I have a 1 week old Yaesu VR-500 scanner that id like to trade for a IC-R10, The VR-500 is clean, un-scratched, "great" condition, used not abused including manual, belt clip, hand strap. I'm looking for a R10 in the same condition as my radio, clean, belt clip and the manual, if you have this radio please email me for further info.

Thanks

Evan,
Your best choice for what you describe, would be the Kenwood TH-G71A. It's not a "shirt pocket" radio like the VX-5, has EXCELLENT recieve up in the 800 band (I have one, and did the mod to it. I can listen to a police department 12 miles away, blocked by a hill at full scale). Very easy to program, awesome audio, and quite easy to get apart to mod it. Granted, you need to pull a couple of SMD's to do it, but with just a little skill, it can be done easy. The program software is free, all you need to pay is $29.95 for a cable. You can find all of the info here:

http://www.kenwood.net/products/index.cfm?AMA=open&ama_hheld=open&radio=TH-G71A&selection=Amateur&ID=50

Hope this helps out with your search. Is the VX-5 too small for you? I thought it could transmit up in to the VHF commercial band.
73/Mark/W4KSR

The vx-5 does do commercial. I might get one of the Icoms that can
recieve two bands at once.. I'll have to find the model # again. Or
possibly the vertex, as I have a vx10, I have parts for it already.

Alpha tags would be nice too.. ;)

I have for sale an absolutely mint Kenwood TS-850SAT. I am the original non smoking owner. I have both shipping boxes, hand mic, owners manuals and unopened accessory bag. The radio is a 10 out of a 10 functionally and cosmetically. The radio includes the SO-2 TCXO unit which is a $180.00 option. This is one of the last 850's manufactured. The serial number is 80200024. This is most likely one of the finest 850's you will find. I am asking $950.00 plus shipping from 48026.

I have for sale an Icom IC-471H all mode 432MHz rig. This radio is in excellent condition and has had the cap replacement mod. I have the original box, original owners manual, a copy of the owners manual, sales brochure, hand mic and power cord. This is the high power version. The radio comes from a non smoking environment.
I am asking $500.00 plus shipping from 48026

I have for sale a mint Icom IC-R100 Communications Receiver.  This radio
has never been mobile and I am a non smoker.  I have the box, owners
manual, sales brochure and all standard included accessories.  The R100
covers 0.1-800Mhz and 900-1856Mhz in the AM, FM and wide FM modes.
I am asking $400.00 plus shipping from 48026.

For Sale: HF rig.   TS-440S, built in antenna tuner. I'm the original owner, non-smoking. Rig was never mobile.   9+ appearance, operates 100%.
Includes installed 500 cycle CW filter . Filter is fantastic when operating PSK-31 or other digital modes.
$400.00 plus shipping from Florida 34446
Still have the original shipping box.
Contact: Joe,   K4LL@ARRL.NET,   (352)382-0809

Write me a note and I will e-mail a picture of it to you

P.S. I'm selling the above because I just received my brand-new rig with all the bells and whistles. I don't have room for the TS-440S in my shack, besides.......... I'm spending my retirement money on myself....... rather than letting it go to my kids. They'd just party with the money !

Reduced price:

BC-459A Transmitter - Part of ARC-5 radio system. This unit covers from 7.0 to 9.1 MHz and was built by Western Electric.

Great for glowbug fun on 40m!

Unmodified and in very good condition. Has all parts intact. Missing the bottom cover and the two 1625 finals but all other tubes & parts are there.

All original except for SO-239 antenna connector substituted on front.

Picture available. Will sell for $35.00 plus shipping

I have to sell a few items to fund my visit to Pacificon. As I'm under the gun so to speak, I'm requesting somewhat of a rush, to get payment before Friday, and likewise, I will FedEx your item to you (FedEx / UPS shipping included!) Pictures of any / all items available upon request. All prices negoitable, feel free to give me an offer, no matter what.

For Sale:

TrunkTracker II BC245 scanner. Radio, Antenna, Battery. wall charger.
I think I've used this a total of 30 minutes, if that. Could probably use a new battery as the battery is 2+ years old (date code 9910), but as it's barely been used, it might still be good.
Physically, radio is in great shape. Serial 96X. I don't think I have the box or anything. $125/BO

Yaesu VX-5 tri band ham radio. Radio, aftermarket (ActiveHunter) antenna, drop charger. I guess I kinda tossed the resale value down the tubes when I 'installed' a aftermarket belt clip. It's the belt clip from the old Motorola pagers. It's 'screwed' in and glued on. It ain't pretty but it beats the cruddy stock clip. Radio is full open for transmit and recieve via software mod. Radio hasn't been 'hard' modified.$175 or best offer

Yaesu Vertex VHF VX-10. Radio, battery (aftermarket, brand new), stock CA-15 charger, stock antenna, and after marker BC-601 rapid charger. and brand new leather case with 'swivel' clip attachment. Radio is 99 (or 102? Can't remember) channels, has scramble board. Radio has a few 'problems' :
Missing PTT 'boot'. $2 part from Yaesu amateur (same part as FT-50). I just haven't had chance to order it. Easy install.
Second problem is the receive. Per techs who have looked at it, the radio needs to be opened, the 'keypad' needs to be dusted off, and reinserted. Symptom is no receive audio, even with squelch full. (radio does 'beep' and vertex tech support has confirmed this is a known problem/sulutioon). Shows monor signs of wear, but a nice unit.
$200 / BO

Midland ICOM U-16 look alike. (I'll have the model # later, left radio at work). Radio battery is dated 97, and won't hold a charge, but can be re-celled. It's a high cap battery. Was powered up with a different battery, and worked but exhibited 2 problems: randomly display would flash on and off, and occasionally not power on. Known problem, apparently something with the VCO. Sold as-is. Tech special, $75. Radio, rapid charger, antenna, battery. Cosmetically, radio not bad.

Again, I _NEED_ money for Pacificon, so all prices negotiable. Make me an offer, as long as I get money by Friday. :)

Evan in Sunnyvale, California

(Of course, we can also meet at Pacificon).

e-mail me at evan at espphotography dot com

I'm looking for AM and SSB filters for my IC-706 (not MKII or MKII/G model).
I would like something in a 6-9KC bandpass in an AM filter, and 2.8-3.6 in
an SSB filter. Possibly also a 500Hz CW filter.. depending on cost. E-mail
me directly with any offers. Thanks

73
Brenda Ann

I have quite afew bugs, Vibroplex,Mac,Johnsons,others,keyer paddles,Mercury,straight keys,telegraph pieces,etc that I will consider trading for "older the better" Ham receivers (maybe xmitters) from 1930-50's..Hallicrafters,Hammarlund,National,collins,RME,and others. What are you looking for and what do you have to trade? Eventually I will put these pieces on ebay put figured Id check on trades first....LMK,
Please email directly to:

Steve N6TT@hotmail.com

Beware of Vincent Caruso Jr. in Clifton, NJ. I purchased and paid for two
Ebay listed items from him . After two months, nothing. I have filed
fraud claims against him and have contacted the Clifton, NJ. Police
Department.
I was told that he has a history of this type of activity...

Email me direct if you require additional information, remove the
NOSPAMPLEASE from the reply to address above.

cheers
skipp

And this didn't show up in his eBay feedback?

> Email me direct if you require additional information,

Since you chose to go public with this, I will ask publicly for you to
divulge his eBay name as well.

I have a few more of these rare inductive delights
if any homebrewers can use them:

B & W Miniductors, new in boxes and unused:
B&W 3013 QTY 1
B&W 3010 QTY 2
B&W 3015 QTY 1
B&W 3016 QTY 6
Will sell the coils for $5.00 a piece

James Millen Company Magnetic shield # 60042
New unopened, and unused, in orginal packing bag.
Approximately 7" tall and 2" in diameter with

4 mounting holes on the base and a clamp on the top.
Have only 3 of these left - for sale at $6.00 each.

Shipping additional

How about a few... rad_rep   rad_rep@us.sdione.net   rad_rep@sdione.net
and the best yet. The two item numbers about which I speak.
1265834137 & 1265836294   Notice he is no longer a registered user with
Ebay...

After calling him at home a few times (via my connections with the phone
company to locate the number), I have promises that he is sending
out a refund (after 2 months) via reg US Mail. I'll follow up with the

low down on what actually arrives. I'm not holding my breath...

cheers
skipp

And what's wrong with the term "sodomite" ???
Named after the city "Sodom" (and Gomora)
where this (homosexual) and other abhorant

lifestyles were practiced.

> >It berates Chinese as "Canibals" by showing
> >pictures of adult Chinese eating a cooked,
> >aborted human baby. It calls the European Union

IMHO, any society that places so much more "worth"
on male children, to the point of murdering female
babies because they are only allowed (by their govt)
a certain number of children (total), deserves THIS
kind of label.... !

Most of the other stuff I don't necessarily agree 100%
with, but that's just a personal moral choice.

When it's all said and done, all this will be between God
and Hal - then the condition of his 'heart' will be seen.

nuf sed! :)

Bruce

Is this the unit that has the problem with intermittent volume
control that goes out?

Probably made for cb which means they are a piece of crap and the
best place for them is the land fill.

I hear the same about Harley Davidsons; mostly from folks who've never owned one.

About 20 years ago I "liberated" 2 RF amps from CBrs and made a lot of CW contacts driving them with a kit-built QRP rig. Both amps are as well made as any of the 2-meter bricks I've bought since, and neither made TVI, so I suspect that their rep for harmonic generation & distortion comes from CBrs and Appliance Hams over driving them; altho a good lo-pass filter makes good insurance.

A mod'd CB driving a "linear" followed by a filter may be junk compared to the latest & greatest digital off-the-shelf appliances but just might be more in the spirit of Amateur radio. My 250-watter claims to work on "all amateur bands". It plus a Yaesu FT-817 otta be FB if that were true and who knows? Maybe I'll dig them out, QRP my Kenwood and find out. Isn't that what amateur radio's all about?

Sorry if these items are a little off topic, but I know that a lot of guys into ham radio and electronics may also have an interest in these kind of items:

I have for auction on ebay a B&K TV Tester, that is currently at $1:

http://cgi.ebay.com/aw-cgi/eBayISAPI.dll?ViewItem&item=1013677222

I also have for auction a TV Rejuvenator that can brighten dim picture tubes:

http://cgi.ebay.com/aw-cgi/eBayISAPI.dll?ViewItem&item=1013679879

For more pictures and info on these items, you can also take a look at
my personal web-page:

http://i8mtm2.tripod.com/richardsjunk

Thanks for looking!
~Richard

Hi Everyone,

I am looking for a good solid scanner, 2 or 10 Meter rig and I have tons of
PC and Mac parts to trade or can buy outright. Please email with price,
details
and pic if possible.

Thanks!

I have for sale an absolutely mint Kenwood TS-850SAT. I am the original non smoking owner. I have both shipping boxes, hand mic, owners manuals and unopened accessory bag. The radio is a 10 out of a 10 functionally and cosmetically. The radio includes the SO-2 TCXO unit which is a $180.00 option. This is one of the last 850's manufactured. The serial number is 80200024. This is most likely one of the finest 850's you will find. I am asking $1,000 plus shipping from 48026.

I have about 5 or 6 of the old tube AM and shortwave radio kits just waiting
for when my kid
gets a little older.
I am surprised they are still in business.
Use the website, and send them an email.
They sure should have manuals for the old stuff!!

If anyone has information on this transceiver, I would appreciate hearing from you. I have this unit and am having difficulties getting full powere output, even into a dummy load. It only has about 25 watts output. Any

suggestions? I do not have a manual for it so cannot do any sensible troubleshooting.

Forsale: Uniden Bearcat Scanner
Backlit LCD Display The BC 350A features an easy-to-read 9 digit LCD with backlit display for improved night visibility. Never Used. Paid brand new $130
Asking $85+shipping. For more details please email or call 609-386-9382
Thank you for reding my sale post. Thom_j. de N2RIF
Features:
50 Channel 11 Band Programmable Mobile / Base Scanner
11 Band E-Z Scan Mobile/Base Scannner. Lock-out, band search,
LCD display, memory lock, & Instant Weather.
Monitor Emergency Personal, Military, FBI, Secret Service !!
11 Band Coverage Including Ham Bands, Federal Land, Mobile Bands,
Weather Band, Fire/Emergency, Marine Band,
Frequency Coverage From 29.0 MHz Through 512 MHz And Ham
Frequencies AC or DC Operation
Band Search The BC 350A scans over 22,000 channels and has 11 seperate band search capabilities.
Channel Lockout Lock out unused - busy channels to concentrate on specific channels. Fire & Emergency Scan. Full-Frequency LCD Display. Local Police

Scan. Mobile Mounting Kit. One Touch Instant Weather Automatically scans
all National Weather Service frequencies.
Preprogrammed Service Search - Programmable Scan Delay - VFO Control
Knob - Includes Aircraft Band - Selective Search

Outgoing mail is certified Virus Free.
Checked by AVG anti-virus system (http://www.grisoft.com).

FOR SALE:

Panel meters:
Weston Model 475 with 0-100 mA dimensions 3" square with rounded
corners.
Requires a 2.8"
diameter hole. Excellent condition.
Will sell for $10.00

General Electric Type
CG22130 with 0 - 1.0 RF Amperes dimensions 2.5" diameter, round meter
requires a 2"
diameter hole. Excellent condition.

Will sell for $10.00

Rotary switch, brand new, 4 Pole 13 position with standard 1/4" shaft.
Has nice fiberglass wafers, approx 1.5" diameter -
will sell for $12.00

B & W Miniductors, new in boxes and unused:

B&W 3007 QTY 1
B&W 3010 QTY 4
B&W 3015 QTY 3
B&W 3016 QTY 8

Will sell each for $5.00 a piece

James Millen Company Magnetic shield # 60042
New unopened, and unused, in orginal packing bag.
Approximately 7" tall and 2" in diameter with
4 mounting holes on the base and a clamp on the top.
Have QTY 5 of these for sale at $6.00 each.

Air wound coil 2.5" diameter 3" long 32 turns approx 10 t.p.i.
of about 18 or 20 gauge wire. Will sell for $4.00

PLUG-IN coil unit. Marked 51B260 and 2.5 - 4.3 MC.
Not sure what this is from - has a ceramic bar with
five banana type plugs. Bar is 4-5/8" long. plug spacings:
Far pins about 4.2" apart, inner three are about 9/16" apart.
This is a link-coupled unit with a pair of coils. The inner coil is
2-1/8" diameter, and the outer coil is 2-1/2" diameter.
Good condition. Not broken. Will sell for $5.00

Shipping additional on all items.

Filament and Plate Transformers -

All with 115-120V AC primary

7.5V at 20 Amps - will sell for $35.00

7.5V at 51 Amps - will sell for $95.00

400V at 250 mA and 6.3V at 3A - will sell for $35.00

950V CT at 135 mA will sell for $40.00

1050V CT at 75 mA will sell for $35.00

UPS Shipping additional

The Courier and Thunderbolt amplifiers were made by E.F.Johnson before 11 meters was given to CB. I had a Courier for a while.

They are tube amplifiers intended for Class C (I think, maybe Class B) operation. As I recall, the Courier could run a few hundred Watts input; the Thunderbolt somewhat more, both well within legal limits. They covered 10 through 80 meters.

Today their best use would be to raise the output of a small CW rig to a serious level.

I believe they date to around 1960.

73, Bob K6DDX

While the Thunderbolt could be confused with the Johnson Thunderbolt, I doubt this one is the Johnson one. YOu did not give enough details for it. If is the Johnson one, then look here.

http://bama.sbc.edu/

Johnson also made a Courier modle but it is not a moble unit.

The Courier Mobile sounds like the one made for the business band around
30 mhz and was used by many CB operators. Courier was a big name in the
comercial (well not really that big) and a bigger name in the CB market
in the mid 1960s.
Should putout about 50 to 60 watts when driven by about 4 watts. Think
it has a black front with a light that comes on when it is transmitting
but not sure.

I have a radio for sale, it's a motorola Astro, model is

T99DX+138W_ASTRO with remote control head model 9000, it is
alpha-numeric display, can be programmed through software, works very
well, I have all data cable and mounting brackets for it. It looks brand

new.

Price is negociable, feel free to send in offers.

For any further info, feel free to contact me.

Thanks

Marc

Have two- need room for something else- one has to go.
Drake R8B purchased earlier this year from Universal Radio.
VHF converter  (33-55 mhz and 108-174 mhz) installed.
Just a few hours use.  Like new. Original box, manual.
Today's new price $1,594.   $1,200

FOR SALE:

RF Plate Choke by Barker & Williamson Model 800. I have two of these. Both are new, and one includes the original box. Whoever speaks up first gets the one with a box(!) - they are the familiart units about 6.5" tall and 5/8" diameter with ceramic form and end-mounting hardware.

Will sell for $20.00 each.

Output transformer - new in box. Thordarson 22S46 PRI: 2000-3000 ohms
SEC: 3.2 Ohms Rated 5 watts. Will sell for $6.00

Altec-Lansing / Peerless Input transformer. Type 15095 USA made.
Octal plug in type. 15,000 ohms to either 150 ohms or 600 ohms.
Will sell for $6.00

Pictures available.

Shipping additional on all of the above.

FOR SALE:

AKAI model M8 Stereo reel to reel tape deck in excellent condition.

This is a classic, commercial quality unit with seperate
left and right amplifiers, metering and electronics.

The case, including the cover, is in great shape as are the
mechanical and electronics. The gray tolex/vinyl covering is in
beautiful condition and the deck works fine.

Pictures available on request.

Will sell for $125.00 plus shipping

this rhawk is a self appointed, arrogant,
anal retenative newsgroup police wannabe.
put him in your kill file and ignore the fool.

bud

Greetings.. I'm looking for advice on the choice of a HT. Let me give you some details:
This is by no means a first HT for me. I've been using 2 way radios starting with commercial use from both sides of the mike (dispatching and end user). I typically program my own gear when I had commercial equipment. Size DOESN'T matter. I'd rather have a more sturdy radio that's 2 1/2 feet tall than one that you can throw in your shirt pocket. My favorite radios were the Saber, Bendix King LPU/EPU, Icom U16, etc. Now the specs I'm looking for are:
Dual Band.
Extended recieve (at least to 155 or so, and 485 or so)
800 mhz rx (867.xxx and 856.xxx)
extended tx on VHF (at least CALCORD 156.075).

I think my only option may be the Yaesu FT-50, which doesn't meet the size criteria, but in all other respects it's a hands down winner. Can anyone confirm if it will recieve 856? Would anyone be interested in a trade for a VX5?

Any other radios out there that meet the other criteria?

Any help appreciated.

My e-mail is evan at espphotography period com.

:)

I have a PRO-43 and wondered what it's worth today. The belt clip is
missing and I do not have the user manual, but do have a power supply. The
unit is in very good to excellent cosmetic and 100% working. Yes, it can be
modified, but that's illegal now.

FOR SALE:

Kenwood SP-31 loudspeaker. Will sell for reduced price to move it out.

If anyone is interested, e-mail me for a picture, and we can talk
trade or buy price.

This is in excellent shape, and has the 3 switchable audio filters, and A-B switch etc.

Would work great with any Kenwood rig.

FS: Motorola MICOR VHF Mobile Radio Service Manuals:

1) This particular one covers the versions 132-174 MHz and has the special additional section that covers the Wide-Spaced transmitters (can be used for working simplex and/or repeat frequencies with full power output.) Complete schematics, theory of operation, parts lists, circuit board layouts, accessory info. Covers all transmitters 45/60/90/100 watts output versions. Complete info on parts needed to change any frequency to 2-Meters. The book is complete, in very good condition, in the original plastic Motorola 3-ring binder. This special Wide-split option VHF manual is quite hard to find. $30 plus postage.

I also have a standard VHF MICOR VHF mobile service manual - not optional wide-space transmitter version, but covers 132-174 MHz versions, all transmit power levels as above. Same book as above, other than no wide-space TX info. Complete, in good condition, except that the cover page has separated from the rest of the 3-hole punched book and it has no 3-ring binder (it's factory stapled together.) $20 plus postage.

150 what plus shipping? US dollars?

Have a look at http://www.rswww.com. For �103 (approx US $150) they will
offer you a new power supply with outputs:

+3.3V @ 23A
+5V @ 32A
+12V @ 12A
-12V @ 1A
-5V @ 0.5A
+5VSB @ 0.1A

RS are hardly the cheapest supplier around either...

I have for sale an absolutely mint Kenwood TS-850SAT.  I am the original
non smoking owner.  I have both shipping boxes, hand mic, owners manuals
and unopened accessory bag.  The radio is a 10 out of a 10 functionally
and cosmetically.  The radio includes the SO-2 TCXO unit which is a
$180.00 option.  This is one of the last 850's manufactured.  The serial
number is 80200024.  This is most likely one of the finest 850's you
will find.  I am asking $1,000 plus shipping from 48026.

I have for sale an absolutely mint Icom IC-746.  This radio is as new
and includes the optional UT-102 voice board.  The radio is all mode and
covers HF, 2M and 6M.  The radio has a built in antenna tuner.  I am the
original non smoking owner.  I have the original box, owners manual,
hand mic, unopened accessory bag and sales brochure.
I am asking $1,050 plus shipping from 48026.

Hi Ladies/Gentlemen. There's a couple hours left on my auction for an awesome Icom 820H. Comes with 2, TWO tone boards, vhf/uhf both installed. The CW filter is also installed, and also comes with the mic, which isn't included when you buy the rig. It's in the box, with manual. This would cost you over $1,100 Used at AES. Lots of pics on the ad, so take a LQQK. Thanks for stopping by.

Take Care, Ken.
W7KID

Here we have another spammer. It misleads
in the subject line by saying this item
is FS "OR" For Sale "OR" misleads and
indicates said item is for sale when it
is actually FA = For Auction. The FA is
used by those of us that do not Do Auctions.
We set our spam filters for FA in the subject
line and we do NOT have to see the auction
spam. Do not trust this person.

"If they Lie in the subject line"
They will have no problem misrepresenting
the JUNK they have at the Auction..

If you have received this message it is
because I saw a subject line that interested
me and when I downloaded the message
It was nothing more than your auction SPAM
and was NOT what the subject line said it was.

Some of the Real Sleazy people will make
it look like a reply to another message.

Easiest way to avoid this message?
Do NOT LIE in the subject line..

Just My Opinion..

Bob

For Sale: Realistic PRO-2004 Scanner with External HB232
computer-control interface. Pictures available on request. Detailed
information follows:

The Radio: Radio is in very good condition. It has been through numerous modifications:

1. Full coverage restoration.
2. Increase from 300 to 400 channel capacity.
3. Capability of 36 independent "banks" of 400 channels each, controlled by toggle switches in rear of radio. Only one 400 channel "bank" can be scanned at a given time but it affords for numerous different scanning schemes selected by the switch positions.
4. Pushbutton control on rear of radio to select/deselect keyboard beeps.
5. Removal of 120 volt power transformer to accomodate interface and HB232 makings, radio runs on 12 volts only.
6. Front mounted large signal meter. Mounted to the left of the volume control. As a result the headphone jack is not available.
7. FM discriminator tap on rear of scanner for data decoding.
8. Radio did suffer the infamous PRO-2004 "poor solder" syndrome and has had such problems repaired.
9. Blue keyboard overlay exhibits 40 channel per bank setup.
10. LCD display is in good shape.
11. Radio has always been in an indoor environment; never used in a mobile capacity.

The HB232 Interface: Mounted in 8"W x 6"D x 3"H project box. Connects to radio through short DB25 male cable to DB25 connector mounted vertically on rear of radio. Connects to computer via DB9 Female cable. Original HB232 software burned onto CD will be included, as well as the DEMO version of Redshift, a Windows 95/98/ME software package for the 2004/HB232 combo.

Miscellaneous: PRO-2004 Owner's manual and PRO-2004 service manual. Pictures are available on request and will be e-mailed to you directly. Power supply is NOT included; I run the radio directly from a custom power setup in my shack. There was never a "wall wort" type supply included with this radio and as previously mentioned the 120V transformer was removed to accomodate the DB25 connector and internal makings of the HB232 interface. The power supply is a standard coaxial type and is readily available for cheap $$ at Radio Shack.

Reason for selling: Not seeing much use in my shack these days; I'm gathering money for other radio purchases.

Price: $350 O.B.O., including UPS COD shipping.

Method of payment: Advance payment by POSTAL money order only, or UPS COD with POSTAL money order only.

Please do not reply here, if interested E-Mail me at halligan@mediaone.net

Thanks for reading.

Scott

I have for sale a Radio Shack PRO-2050 TrunkTracker. Radio is in "used" condition. Some scratches on display. Body of radio has hole in each side as radio was mounted in a mobile environment. Operating condition is 100% sound. Trying to sell to gather money for new radio purchases. This radio is currently at work collecting dust in my shack. :). I have the original box and manual.

Asking $100 PLUS UPS ground shipping. Payable in advance or COD with Postal Money Order only. Please contact me at halligan@mediaone.net if interested. Thanks for reading.

I have for sale an Icom IC-2-GAT 2 meter H/T. This radio is approximately ten years old and is in good condition. Some minor blemishes; LCD display is clean. Radio has seen light use over the years and has currently been shelved in favor of a Yaesu VX5R.

Extras include high capacity battery, wall wort charger, and insert to allow radio to be powered from external 12VDC source. With original antenna.

Asking $125 plus UPS ground shipping. Either advance payment with POSTAL money order or UPS COD shipping with POSTAL money order only is fine.

If interested in a portable packet setup I also have a Kantronics KPC-3 with wiring for the IC-2-GAT. $170 takes the package, same payment plan as above.

Please contact me at halligan@mediaone.net if interested. Thanks for reading.

Here we have another spammer. It misleads in the subject line by saying this item is FS "OR" For Sale "OR" misleads and indicates said item is for sale when it is actually FA = For Auction. The FA is used by those of us that do not Do Auctions. We set our spam filters for FA in the subject line and we do NOT have to see the auction spam. Do not trust this person.

"If they Lie in the subject line"
They will have no problem misrepresenting the JUNK they have at the Auction..

If you have received this message it is because I saw a subject line that interested me and when I downloaded the message It was nothing more than your auction SPAM and was NOT what the subject line said it was.

Some of the Real Sleazy people will make
it look like a reply to another message.

Easiest way to avoid this message?
Do NOT LIE in the subject line..

Just My Opinion..

Bob

Here we have someone that doesnt READ the posts. The subject line is not in error, many people have ebay STORES in which they post regularly available or even one time items FOR A FIXED PRICE. I can understand your problem with people posting FA items as FS.. I don't much care for that either.. but this person clearly emphasizes the words PURCHASED and STORE, meaning that the item is not for auction, but for sale.

Don't automatically assume that when you see 'ebay' or an ebay link, that it's always an item for auction. This is no longer the case. I have bought things off of ebay both ways personally.

I agree Brenda , I think I am going to place this rhawk@megabits.net on my
blocked senders list
so I don't have to read his stupid rubber stamp response every time someone
posts up an auction link

Brenda:

Don't tell us that Hawk is an abusive idiot -- tell his ISP and the service where he cross-posts his junk.

Just write them a polite note explaining that their customer is deliberately and repeatedly abusing multiple newsgroups with his cross-posted, off-topic, factually-incorrect rantings. You might also mention that several attempts have been made to resolve the problem by attempting to educated this abuser but he continues to send the same abusive form letter every time he finds anyone using eBay and posting a message indicating the item is "for sale." You should probably include a brief explanation of the fact that not all items listed through eBay are for auction - many items are fixed price and therefore clearly are "for sale" NOT for auction.

Be sure to include the full headers (it is best to use the show PAGE SOURCE function in your news reader then cut-&-paste the entire message into your complaint, as well as "forwarding" his abusive message. Also be sure that you send the complaint to both his own ISP and the service where he posts the abusive messages.

You are wrong. You can purchase it outright. READ the listing. It's a
plain sale and 15 are available. No auction involved.

NOTHING MORE THEN AN EXCUSE TO PIMP EBAY..

You forgot to mention that the store has a list of EVERYTHING

that person is having AUCTIONED on eBay

Just my opinion..

Bob
